PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 23rd January, 1891 :—

No. 5 OF 1891.

A Bill to amend the Inland Steam-vessels Act, 1884.

WHEREAS it is expedient to amend the Inland Steam-vessels Act, 1884; It is hereby enacted as follows:— VI of 1884.

Substitution of new Chapter for Chapter III, Act VI, 1884.

1. For Chapter III of the said Act the following shall be substituted, namely :—

"CHAPTER III.

"MASTERS AND ENGINEERS OF INLAND STEAM-VESSELS.

Appointment of examiners.

"22. The Local Government may, from time to time, appoint persons for the purpose of examining the qualifications of persons desirous of obtaining certificates of competency as masters or as engineers or engine-drivers of inland steam-vessels.

Grant of masters' certificates of competency.

"23. (*1*) The Local Government shall grant to every person who is reported by the examiners to possess the necessary qualifications a certificate of competency to the effect that he is competent to act as a first-class, second-class or third-class master, as the case may be, of an inland steam-vessel.

"(*2*) Every certificate granted under this section shall be in the prescribed form.

Grant of engineers' and engine-drivers' certificates of competency.

"24. (*1*) The Local Government shall grant to every person who is reported by the examiners to possess the necessary qualifications a certificate of competency to the effect that he is competent to act as an engineer or first-class or second-class engine-driver, as the case may be, of an inland steam-vessel.

"(*2*) Every certificate granted under this section shall be in the prescribed form.

Power for Local Government to require re-examination or further inquiry.

"25. Before granting a certificate under either of the two last foregoing sections, the Local Government may, if it has reason to believe that the report of the examiners regarding any applicant has been unduly made, require a re-examination of the applicant or a further inquiry into his testimonials and character.

Grant of certificates of service.

"25A. (*1*) The Local Government may in its discretion grant without examination to any person who has served as a master, or as an engineer or engine-driver, of an inland steam-vessel before the first day of April, 1890, a certificate of service to the effect that he may act as a first-class, second-class or third-class master, or as an engineer or first or second class engine-driver, as the case may be, of an inland steam-vessel.

"(*2*) A certificate of service so granted shall have the same effect as a certificate of competency granted under this Act after examination.

Certificates to be made in duplicate.

"26. Every certificate of competency or service granted under this Act shall be made in duplicate, and one copy shall be delivered to the person entitled to the certificate, and the other shall be kept and recorded in the prescribed manner.

"27. Whenever a master or an engineer or an engine-driver proves, to the satisfaction of the Local Government which granted his certificate, that he has, without fault on his part, lost or been deprived of it, a copy of the certificate to which, by the record kept as provided by law, he appears to be entitled shall be granted to him, and shall have all the effect of the original.

Copy of certificate to be granted in certain cases.

"28. (1) An inland steam-vessel having engines of eighty nominal horse-power or upwards shall not proceed on any voyage unless she has—

Nature of certificates necessary in case of different steam-vessels.

(a) as her master a person possessing a first-class master's certificate granted under this Act or a master's certificate granted under Act I of 1859 (*for the amendment of the law relating to Merchant Seamen*) or the Merchant Shipping Acts, 1854 to 1889, or to which the provisions of any such Act have been made applicable under the Merchant Shipping (Colonial) Act, 1869, and

17 & 18 Vict., c. 104, &c.

32 & 33 Vict., c. 11.

(b) as her engineer a person possessing an engineer's certificate granted under this Act or the Indian Steam-ships Act, 1884, or the Merchant Shipping Acts, 1854 to 1889, or to which the provisions of any such Act have been made applicable under the Merchant Shipping (Colonial) Act, 1869.

VII of 1884.

"(2) An inland steam-vessel having engines of thirty nominal horse-power or upwards but of less than eighty nominal horse-power shall not proceed on any voyage unless she has—

(a) as her master a person possessing a second-class master's certificate granted under this Act or a certificate of the higher grade of the nature referred to in clause (a) of sub-section (1), and

(b) as her engineer a person possessing a first-class engine-driver's certificate granted under this Act or an engine-driver's certificate granted under the Indian Steam-ships Act, 1884, or a certificate of the higher grade of the nature referred to in clause (b) of sub-section (1) or sub-section (2):

Provided that a steam-vessel shall be deemed to have complied with this sub-section if she has as her master and engineer a person possessing both a second-class master's certificate and a first class engine-driver's certificate granted under this Act.

"(3) An inland steam-vessel having engines of less than thirty nominal horse-power shall not proceed on any voyage unless she has—

(a) as her master a person possessing a third-class master's certificate granted under this Act or a certificate of the higher grade of the nature referred to in clause (a) of sub-section (1) or sub-section (2), and

(b) as her engineer a person possessing a second-class engine-driver's certificate granted under this Act or an engine-driver's certificate granted under the Indian Steam-ships Act, 1884, or a certificate of the higher grade of the nature referred to in clause (b) of sub-section (1) or sub-section (2):

Provided that a steam-vessel shall be deemed to have complied with this sub-section if she has as her master and engineer a person possessing both a third-class master's certificate and a second-class engine-driver's certificate granted under this Act.

"(4) Notwithstanding anything in sub-section (1), sub-section (2) or sub-section (3), the Local Government may, by general or special order, direct that a person possessing a master's certificate granted under Act I of 1859 (*for the amendment of the law relating to Merchant Seamen*) or the Merchant Shipping Acts, 1854 to 1889, or to which the provisions of any such Act have been made applicable under the Merchant Shipping (Colonial) Act, 1869, or possessing an engineer's certificate granted under the Indian Steam-ships Act, 1884, or the Merchant Shipping Acts, 1854 to 1889, or to which the provisions of any such Act have been made applicable under the Merchant Shipping (Colonial) Act, 1869, shall not act as master or engineer, as the case may be, of an inland steam-vessel unless he also possesses, in the case of a master, such a master's certificate granted under this Act as qualifies him under this section to act as master of the vessel, or, in the case of an engineer, such an engineer's or engine-driver's certificate granted under this Act as qualifies him under this section to act as engineer of the vessel:

17 & 18 Vic c. 104, &c.

32 & 33 Vic c. 11.

VII of 1884

"Provided that, for the purposes of this sub-section, the Local Government may, in its discretion, grant without examination a master's, engineer's or engine-driver's certificate of competency under this Act, and that a certificate of competency so granted without examination shall have the same effect as a certificate of competency granted under this Act after examination.

Power for Local Government to make rules as to grant of certificates of competency and certificates of service.

"29. (1) The Local Government may make rules to regulate the granting of certificates of competency under this Act, and may by such rules—

(a) provide for the conduct of the examination of persons desirous of obtaining certificates of competency as masters, engineers or engine-drivers under this Act;

(b) prescribe the qualifications to be respectively required of persons desirous of obtaining first-class masters' certificates, second-class masters' certificates, third-class masters' certificates, engineers' certificates, first-class engine-drivers' certificates and second-class engine-drivers' certificates, respectively;

(c) fix the fees to be paid by all applicants for examination; and

(d) prescribe the form in which certificates are to be framed, and the manner in which the copy of the certificate which is kept by the Local Government is to be recorded.

"(2) The Local Government may also make rules with respect to the grant of certificates of service under this Act, and may by such rules—

(a) fix the fees to be paid for such certificates, and

(*b*) prescribe the form in which such certificates are to be framed and the manner in which the copy of the certificate which is kept by the Local Government is to be recorded."

Substitution of new clause for clause (*c*), section 43, Act VI, 1884

2. For clause (*c*) of section 43 of the said Act the following shall be substituted, namely:—

"(*c*) if, in the case of a second-class or third-class master or an engine-driver, the master or engine-driver is, or has become, in the opinion of the Local Government, unfit to act as a second-class or third-class master or an engine-driver, as the case may be."

Repeal of sections 9, 10 and 11, Act III, 1850.

3. Sections 9, 10 and 11 of Act III of 1890 (*an Act to amend Acts VI and VII of 1884*) are hereby repealed.

STATEMENT OF OBJECTS AND REASONS.

THE objects of this Bill are two—

(*1*) to authorise a third class of masters and a second class of engine-drivers, and

(*2*) to enable Local Governments to assure themselves that holders of Board of Trade, Colonial and local certificates for sea-going ships are qualified to act as masters or engineers, as the case may be, of inland steam-vessels.

As regards the first object, it is obviously in the interest of the owners of inland steam-vessels that there should be a third class of masters and a second class of engine-drivers for the working of small steam-vessels. For the navigation of such vessels persons with qualifications inferior to those which must be required from masters and engineers of steam-vessels having engines up to seventy-nine horse-power may, it is considered, be permitted to act as masters and engineers.

As regards the second object of the Bill, experience has shown that a competent navigator of a sea-going ship is not necessarily a competent navigator of an inland steam-vessel in waters where some local and special knowledge may be absolutely essential for the safe conduct of the vessel.

The 21st January, 1891.

D. BARBOUR.

S HARVEY JAMES,
Secretary to the Government of India.

Bombay Castle, 20th January 1891.

Telegram from the Government of India, Home Department, dated 19th January 1891:—

"Number 26, Sanitary. Your telegram 8th. Governor-General in Council sanctions issue of rules similar to those issued by Bombay Government on 20th September 1890 under Section 1, Act I of 1870, against arrivals from Point-de-Galle at the Port of Aden. Please wire date of issue of rules as their republication in *Gazette of India* under section 2 of Act is necessary. Orders on general question of quarantine at Aden will shortly be issued.

RESOLUTION.—A notification should be published in a *Bombay Gazette Extraordinary* bringing the B Quarantine Rules into operation at Aden, Perim, and the Somali Coast against arrivals from Point-de-Galle.

2. Copies of the notification should be forwarded to the Political Resident, Aden, and the other officers and departments concerned, for information, in continuation of Government Resolution No. 67, dated 7th instant. Copies should also be forwarded to the Governments of India, Bengal, Madras and Ceylon, and the Chief Commissioner of Burma.

J. DEC. ATKINS,
Acting Under-Secy. to Government.

NOTIFICATION.

GENERAL DEPARTMENT.

Bombay Castle, 28th January 1891.

No. 257.—In exercise of the power conferred by Act I of 1870, the following rules for quarantine against cholera have been made by the Government of Bombay, with the previous sanction of the Governor-General in Council: they have effect from the 20th instant in the ports of Aden, Perim, and the Somali coast as a temporary measure:—

I.—The commander of every vessel, including buggalows or other native craft, arriving from Point de Galle shall, before entering the harbour, indicate by signal the port from which such vessel has come.

II.—Such commander shall not, except as hereinafter provided, allow any communication, either with the pilot boat, except orally, or with the shore, or with any other vessel or boat in the harbour.

III.—Immediately on arrival the commander shall cause the letter R of the Commercial Signal Code to be hoisted, and shall keep the said flag flying during his stay in port or until authorised by the Health Officer to haul it down. If communication with the shore is not desired, the vessel shall anchor at such place as may be pointed out by the Port authorities, having regard to the season of the year. If communication with the shore is desired, the Health Officer shall go alongside the vessel, and, after all necessary enquiries, shall direct the commander to take the vessel to the quarantine anchorage duly appointed and notified in that behalf by the Resident, there to remain for a period of seven days from the date of arrival, or for the shorter period prescribed in rule IV, and undergo disinfection, which should apply as well to crew, passengers, effects, and suspectible goods.

IV.—If the Health Officer of the Port has sufficient evidence that no cases of a suspicious nature have taken place on board during the voyage, and if the vessel is besides in good hygienic condition, the duration of the quarantine will be diminished according to the following scale:—

After	eight days of voyage	...	...	Six days of quarantine.	
Do.	nine	ditto	...	...	Five	ditto.
Do.	ten	ditto	...	...	Four	ditto.
Do.	eleven	ditto	...	...	Three	ditto.
Do.	twelve	ditto	...	...	Two	ditto.
Do.	thirteen	ditto	and upwards	...	Twenty-four hours of quarantine.	

V.—If during the period a vessel is at the quarantine anchorage aforesaid, any case or cases of cholera should occur on board, the said vessel shall remain in quarantine for a period of seven days from the date of the last case occurring, and be subject to all the prohibitions provided for in rule III.

VI.—When any vessel has been placed in quarantine as aforesaid, the Health Officer may direct the removal of so many of the passengers and crew as may not be suffering from illness, and whose services may not be required on board the vessel, to such particular spots as may from time to time be selected by the Resident as places of quarantine, there to remain for a period of seven days. If a case of cholera occurs among such passengers and crew during any such period, they shall remain in a place of quarantine for a period of fifteen days from the date of the occurrence of the last case of such illness.

VII.—Any mails or cargo which may be brought by any vessel so arriving shall be landed under such precautions as the Health Officer may deem necessary to prevent the spread of the disease.

VIII.—It will be the duty of the Port Officer to facilitate the conveyance to all vessels in quarantine of such supplies of provisions, stores, and other articles as may be required by those on board. Such supplies will be placed on the boats of the vessels in quarantine, to be subsequently removed by members of their crews.

IX.—All vessels arriving at Aden, Perim, and the Somali coast, which may have communicated with vessels coming from Point de Galle, shall be subjected to the same quarantine as vessels arriving at Aden, Perim, and the Somali coast from Point de Galle.

X.—All vessels which have undergone quarantine in the manner above prescribed should have the fact clearly stated on their bills of health.

By order of His Excellency the Right Honourable the Governor in Council,

G. W. VIDAL,
Acting Chief Secretary to Government.

* Means of 6 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last ten years. The *hum dity* of the atmosphere is expressed as percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past fortnight in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

for the week ending Saturday, the 24th of January 1891.

CALCUTTA, *the 27th January* 1891.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING SATURDAY, THE 24TH OF JANUARY 1891.

THE meteorology of the conclusion of the present week has been decidedly more important than that of any period since the setting in of the present north-east monsoon for, owing to the influence of a barometric depression which has drifted over Bengal from Northern India, general, and in many cases heavy, rain has been received in all districts except East Bengal and Orissa. For the first five days of the week the meteorological changes which took place in Bengal were of comparatively little importance, pressure rose by moderate amounts for the first two days and then fell slowly for the two following days, while on Thursday the 22nd the changes were small only, and on this day, while pressure was about three-hundredths of an inch below the normal in South-West Bengal, it was slightly above it elsewhere. Temperature also rose for the first two days of the week, but on the 20th a rapid fall set in at the western stations, which extended generally over the province on the 21st, and to a certain extent on the 22nd also. On the 19th the mean temperature was as much as from 2° to 8° in excess of the normal, but by the 22nd, though temperature was 3° in excess in the southern districts, it was from 1° to 3° in defect at the northern and western stations. Though the changes in Bengal were, therefore, comparatively unimportant up to the 23rd a rapid fall of pressure had commenced on the 21st over North-Western India which continued on the 22nd, on which day a feeble depression existed over part of the Punjab. The effects of this were felt very slightly at first in the plains, though a gale of wind and a heavy snowstorm were reported from the hill stations. The depression continued to deepen on the 23rd, on which day it covered the east of the Punjab, North-West Provinces, and Central Provinces, the centre being near Sutna. Winds in connection with the depression were cyclonic in character, and even in Bengal on this day the winds changed from their normal north-westerly and northerly character and became easterly and south-easterly at almost all stations, while at the same time a few rain showers fell in parts of South Behar. The pressures also recorded in Bengal on the 23rd showed the advance of the depression towards the province, for a rapid fall of pressure took place in South Behar, while it rose elsewhere. The depression continued its easterly or south-easterly advance on the 24th, but at the same time it commenced to disperse, and on this day the wind directions only showed very irregular cyclonic circulation. With the advance of the depression over Lower Bengal, the barometer fell rapidly, temperature on the other hand rose rapidly, and heavy general rain was reported in all districts except East Bengal, Orissa, and the southern parts of South-West Bengal The depression had, however, on the 24th almost ceased to exist as a definite storm, though it was still giving snow in the hills and probably rather strong winds, and it was also giving rather heavily clouded skies over the greater part of Bengal.

Pressure—The mean pressure for the week has been generally from about one to two-hundredths of an inch in excess of the normal. At some of the stations in South Bengal, however, pressure appears to have been comparatively low, and such stations as Dacca, Chittagong, Jessore, Calcutta, Midnapore, and Bankoora, show either pressures of about normal amount or even slightly below it.

Temperature—Has again been high almost throughout the week, and the mean temperature for the whole province has been about 2° in excess of the normal, while in South-West Bengal the excess has been 2·5° and in Chutia Nagpur 3·5°

The distribution of temperature during the week and its variation from the normal are best seen in the table below, where the average maximum, minimum, and mean temperatures at nine typical stations in different districts of the province are compared with the normal values for the same periods:—

Rainfall—Was fairly general, except in East Bengal and Orissa, at the close of the week, and at some stations it was decidedly heavy; thus Mohania, in the Shahabad district,

reported the large fall of 4·5 inches. Falls of over two inches were received at Arrah, Patna, Behar, and Gogri (Monghyr district), while the majority of stations in Behar and several in Chutia Nagpur received about an inch of rain. The average falls in South Behar have indeed equalled 1·29 inches, and in North Behar 1·03 inches, while in Chutia Nagpur the falls averaged four-fifths of an inch. The falls were much smaller, equalling 0·22 inch, in North Bengal, but the majority of stations received rain. The average fall in South-West Bengal was also 0·22 inch, but here the whole of the southern part of the division was rainless, and the rainfall was confined to the Burdwan, Bankoora, Beerbhoom, Nuddea, and Moorshedabad districts. Orissa and Eastern Bengal, as above stated, were quite rainless.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 24th of January 1891 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

Weekly review of births and deaths in twenty-seven of the principal towns of Bengal for the week ending with Saturday, the 10th January 1891.

BIRTHS.

THE total births registered during the week ending with Saturday, the 10th January 1891, in twenty-seven principal towns of Bengal, correspond to an annual rate of 23·7 per 1,000 of the aggregate population of those towns, which is 1,061,574. This rate is equal to the average rate of the corresponding week of the past five years, and is higher than the rate of the corresponding week of any of the past five years except 1886 and 1889, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90	1891.

It will be seen that last week the highest birth-rate was returned from Comillah (57·8) and the lowest from Chittagong (4·7).

DEATHS.

The total deaths registered during the week under review correspond to an annual rate of 25·2 per 1,000 of the population. The rate of the week is ·5 higher than the average rate of the corresponding week of the past five years, and is lower than the rate of the corresponding week of any of the past five years except 1888 and 1889, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90.	1891.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 30th January, 1891, and is hereby promulgated for general information :—

ACT NO. 1 OF 1891.

An Act to amend the Cattle-trespass Act, 1871, and incorporate therein Act XVIII of 1883.

WHEREAS it is expedient to amend the Cattle-trespass Act, 1871, and incorporate therein Act XVIII of 1883 (*to amend the Cattle-trespass Act, 1871*) ; It is hereby enacted as follows :—

I of 1871.

Substitution of new section for section 1, Act I, 1871.

I of 1871.

1. For section 1 of the Cattle-trespass Act, 1871, the following shall be substituted, namely :—

"1. (*1*) This Act may be called the Cattle-trespass Act, 1871 ; and

Title and extent.

(*2*) It extends to the whole of British India except the Presidency-towns and such local areas as the Local Government, by notification in the official Gazette, may from time to time exclude from its operation.

(*3*) The Local Government may at any time, by notification in the official Gazette, cancel or vary a notification under sub-section (*2*)."

Additions to section 3, Act I, 1871.

2. To section 3 of the said Act the following shall be added, namely :—

", and

"'Local authority' means any body of persons for the time being invested by law with the control and administration of any matters within a specified local area, and

"'Local fund' means any fund under the control or management of a local authority."

Amendment of section 10, Act I, 1871.

3. In section 10 of the said Act, for the words "take them or cause them to be taken without unnecessary delay" the words "send them or cause them to be sent within twenty-four hours" shall be substituted.

Amendment of section 11, Act I, 1871.

4. In section 11 of the said Act, for the words "take them without unnecessary delay" the words "send them or cause them to be sent within twenty-four hours" shall be substituted.

Additions to section 12, Act I, 1871

5. (*1*) To the first paragraph of section 12 of the said Act, prescribing the scale according to which the pound-keeper is to levy a fine for every head of cattle impounded, the following proviso shall be added, namely :—

"Provided that, when it appears to the Local Government from the report of a Magistrate of a District, or on the representation of a local authority, that, in any local area subject to the jurisdiction or control of such Magistrate or authority, cattle are habitually allowed to trespass on land and damage crops or other produce thereon, the Local Government may, by notification in the official Gazette, direct that, for every head of cattle of any kind specified therein which may be seized within such local area and impounded as aforesaid, the pound-keeper shall levy such fine, not exceeding double the fine mentioned in the foregoing scale, as may be prescribed in the notification."

(*2*) After the third paragraph of the same section the following shall be added, namely :—

"The Local Government may at any time, by notification in the official Gazette, cancel or vary a notification under the proviso to the first paragraph of this section."

Substitution of new Chapter for Chapter V, Act I, 1871.

6. For Chapter V of the said Act the following shall be substituted, namely:—

"CHAPTER V.

"COMPLAINTS OF ILLEGAL SEIZURE OR DETENTION.

Power to make complaints.

"20. Any person whose cattle have been seized under this Act, or, having been so seized, have been detained in contravention of this Act, may, at any time within ten days from the date of the seizure, make a complaint to the Magistrate of the District or any Magistrate authorized to receive and try charges without reference by the Magistrate of the District.

Procedure on complaint.

"21. The complaint shall be made by the complainant in person, or by an agent personally acquainted with the circumstances. It may be either in writing or verbal. If it be verbal, the substance of it shall be taken down in writing by the Magistrate.

"If the Magistrate, on examining the complainant or his agent, sees reason to believe the complaint to be well founded, he shall summon the person complained against, and make an enquiry into the case.

Compensation for illegal seizure or detention.

"22. If the seizure or detention be adjudged illegal, the Magistrate shall award to the complainant, for the loss caused by the seizure or detention, reasonable compensation, not exceeding one hundred rupees, to be paid by the person who made the seizure or detained the cattle, together with all fines paid and expenses incurred by the complainant in procuring the release of the cattle;

Release of cattle.

and, if the cattle have not been released, the Magistrate shall, besides awarding such compensation, order their release and direct that the fines and expenses leviable under this Act shall be paid by the person who made the seizure or detained the cattle.

Recovery of compensation.

"23. The compensation, fines and expenses mentioned in section twenty-two may be recovered as if they were fines imposed by the Magistrate."

Amendment of section 25, Act I, 1871.

7. In section 25 of the said Act the words "under the next following section or" shall be inserted between the words "Any fine imposed" and the words "for the offence of mischief".

Addition to section 26, Act I, 1871.

8. To section 26 of the said Act the following shall be added, namely:—

"The Local Government, by notification in the official Gazette, may from time to time, with respect to any local area specified in the notification, direct that the foregoing portion of this section shall be read as if it had reference to cattle generally, or to cattle of a kind described in the notification, instead of to pigs only, or as if the words 'fifty rupees' were substituted for the words 'ten rupees' or as if there were both such reference and such substitution.

"The Local Government may at any time, by notification in the official Gazette, cancel or vary a notification under this section."

Addition of new Chapter after Chapter VII, Act I, 1871.

9. After Chapter VII the following shall be added, namely:—

"CHAPTER VIII.

"SUPPLEMENTAL.

Power for Local Government to transfer certain functions to local authority and direct credit of surplus receipts to local fund.

"31. The Local Government may, from time to time, by notification in the official Gazette—

(*a*) transfer to any local authority, within any part of the territories under its administration in which this Act is in operation, all or any of the functions of the Local Government or the Magistrate of the District under this Act, within the local area subject to the jurisdiction of the local authority, or

(*b*) direct that the whole or any part of the surplus accruing in any district under section eighteen of this Act shall be placed to the credit of such local fund or funds as may be formed for any local area or local areas comprised in that district,

and may, from time to time, by notification in the official Gazette, cancel or vary any notification under this section."

Repeal of Act XVIII, 1883.

10. Act XVIII of 1883 (*to amend the Cattle-trespass Act, 1871*) is hereby repealed: I of 1871.

Provided that orders which have been made and notified under that Act by the Local Government and are in force immediately before the commencement of this Act shall be deemed to have been made under the Cattle-trespass Act, 1871, as amended by this Act. I of 1871.

Amendment of section 6 (3), Act XIII 1889

11. In section 6, sub-section (3), of the Cantonments Act, 1889, for the words and figures "Act XVIII of 1883 (*to amend the Cattle-trespass Act, 1871,*)" the words and figures "the Cattle-trespass Act, 1871," shall be substituted. XIII of 1889 I of 1871.

Saving of references.

12. Any enactment or document referring to the Cattle-trespass Act, 1871, or to Act XVIII of 1883 (*to amend the Cattle-trespass Act, 1871*), shall be construed to refer to the Cattle-trespass Act, 1871, as amended by this Act. I of 1871.

Commencement.

13. This Act shall come into force on the day of April, 1891.

NOTICE TO MARINERS—(No. 20.)

CEYLON—CHINA—JAPAN.

The following Notice to Mariners, dated 30th December 1890, issued by the Colonial Government of Ceylon, is republished for general information.

CEYLON.

Kalkuda Bay.

Beacon on Vandeloos point.

It is hereby notified that a beacon has been erected at the extreme end of Vandeloos point. It is visible from a ship's deck at a distance of 12 miles. It is dome-shaped, with a large ball at the top, the *whole being painted white.*

To clear the 8-foot patch of rock, which bears S. ¾ E., distance 1 mile from the beacon, two leading posts have been erected (each 40 ft. high), with tripods built at the top. These two marks brought in one bearing W. by N. clear the above named danger, the post nearest to the beach being painted *white* and the inner one *red.*

Anchorage.—Two leading posts have been erected to the N. W. corner of the bay and about a ¼ mile to the eastward of the rest-house. These two posts brought in one bearing will lead to the anchorage, where a red buoy is moored about ½ mile from the shore. These posts are 40 ft. high and visible 12 miles. There is a tripod erected at the top of each of these, the nearest one to the beach being painted *white* and the further one *red.*

CHINA.

Gap Rock and surrounding dangers.

All bearings magnetic. Scale, 1 cable or 200 yards.

The dangers in the vicinity of the Gap Rock consist of three submerged reefs marked on plan* *A*, *B*, and *C*: of these, *A* is the only one likely to prove dangerous to shipping.

A is situated due west from the flagstaff on the highest point of the island, distant ¾ of a cable, and ½ a cable from the nearest point of the shore. It consists of three heads, and has 9 ft. least water upon it.

B is situated N 18 W. from the flagstaff, $\frac{7}{10}$ of a cable distant, and about 30 yards from the nearest point of the island; it has 3 ft. of water upon it.

C is situated N. E. by N. ½ N. from the flagstaff, distant $\frac{8}{10}$ of a cable, and about 50 yards from the shore. It consists of two heads, the inner being awash and the outer having 7 ft. upon it. These appear to be all the dangers in the neighbourhood.

Note.—These positions, though sufficiently correct for all practical purposes, are not, strictly speaking, accurate, as the state of the weather prevented any instruments being landed. The shape of the island is taken partly from observation and partly from a sketch by the Engineer in charge of the works.

JAPAN.

Yojibei and Manaita beacons, Shimonoseki Straits.

Notice is hereby given that Yojibei and Manaita beacons in Shimonoseki straits have been converted into lighted beacons, and that the lights will be exhibited on and after the 15th instant.

The beacons are built of stone, circular, in horizontal section and surmounted by small lanterns.

Manaita beacon is painted in black and white horizontal bands, and will show a fixed white light visible through an arc of 270° between the bearings of N. 88° 35′ E. and N. 1° 25′ W.

Yojibei beacon is painted red, and will show a fixed red light visible through an arc of 270° between the bearings of S. 20° 58′ E. and N. 69° 2′ E.

The bearings are true, and as observed from the beacons.

The elevations of the lights above the level of high water spring tides will be 19 ft. and in clear weather they will be seen from a distance of 3 nautical miles.

NOTE.—The lights will be kept burning day and night by self-feeding arrangement without the attendance of a keeper. Should the lights go out by accident, there may be some delay in re-lighting them.

No. 23Mne., dated Calcutta, the 2nd February 1891.

THE following report of the 15th quarterly inspection of the Dock Works at Kidderpore, which are being carried out by the Commissioners of the Port of Calcutta, is published for general information.

By order of the Lieutenant-Governor of Bengal,

J. M. McNEILE, *Col.*, R.E.,
Secretary to the Govt. of Bengal, P. W. Dept.

QUARTERLY INSPECTION OF KIDDERPORE DOCK WORKS.

Dated the 30th January 1891.

From—MAJOR A D McARTHUR, R.E., and W. CONNAN, Esq.,
To—The Secretary to the Government of Bengal, Public Works Department.

IN accordance with the Government order communicated with the Under-Secretary's letter No. 145M., of the 12th instant, we have the honour to report that the 15th quarterly inspection of the Kidderpore Dock Works was made on the 23rd instant.

The usual tabular statement and the index plan showing the work done during the quarter ending 31st December 1890 and the total amount of work executed from the commencement which has been prepared by the Superintendent of the Dock Works are already with Government. The present state of the various works under construction is reported in the following paragraphs:—

Sixty-feet Lock.—This work is practically completed, 13·7 per cent. of excavation and 1·9 per cent. of masonry only remaining to be done.

Eighty-feet entrance.—This is also practically completed, and only 21·0 per cent. of excavation still remains to be executed.

Double entrance to Dock No. I.—This work is finished and no remarks are called for. Swing bridge is now open to traffic.

Tidal Basin.—The quay walls are completed with the exception of coping and joining on the last portions done with the adjoining work. The excavation to the level of —6·00 is drawing to a close.

Graving Docks.—Masonry works completed for both graving docks and the caissons and pumping engines are being erected.

Dock No. I.—The quay walls are completed with the exception of the additional work rendered necessary by the slips reported on the last occasion.

Boat Canal.—As reported in the last quarter, the lift lock is finished and the main pumping station is practically completed. Of the estimated quantity of work, 17·6 per cent. of excavation and 4·8 per cent. of masonry still remain to be done. The Chetla lock walls are approaching completion and four-fifths of the work done.

Subsidiary Works.—The hydraulic engine-house is completed. The four jetty heads to the entrances are about three-fourths done and the foundations of the cargo-sheds nearly finished.

Expenditure.—The total expenditure up to the end of the quarter under review is reported to be Rs. 2,07,01,134, of which Rs. 1,81,42,585 represent outlay on works and Rs. 25,58,549 on account of land.

Sanitary.—The health of the work-people was not so good as during the previous quarter. The daily average number of coolies at work was 4,590, among whom there were 11 deaths, thus showing a death-rate of 28·57 per mille per annum.

General remarks.—We are of opinion that fair progress was made with the work up to the end of the quarter. The quality of work, as far as we have been able to judge, is satisfactory.

* Means of 6 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last The *humidity* of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are [illegible] numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fall.

for the week ending Saturday, the 31st of January 1891.

Explanation.—..... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 3rd February* 1891.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING SATURDAY, THE 31ST OF JANUARY 1891.

On the last day of the previous week the meteorological conditions in Bengal had been distinctly disturbed, owing to the existence of a diffused barometric depression which had advanced over Bengal from North-Western India. This depression was evidently filling up and dispersing on the 24th, but in its advance it had given moderate to heavy rain in all districts except East Bengal, Orissa, and the southern parts of South-West Bengal. On the 25th the depression had quite moved away from Bengal, and there had been a general rise of pressure varying from two to eight-hundredths of an inch, while the barometer had fallen moderately in Assam, pointing to the fact that the disturbed conditions were continuing to travel in a south-easterly direction. A rapid fall of temperature took place in Central Bengal and parts of South Bengal varying up to about 5°, but still temperature was from 3° to 5° above the normal over parts of South and South-East Bengal, though it was below it elsewhere. Wind directions became practically normal on this day, and a few showers of rain fell in Orissa, South-West Bengal, and North Bengal, but the falls were in no case heavy, nor were they very general. The air, however, over Bengal on the 25th was very damp, and at 8 A.M. at many stations the atmosphere was almost, if not quite, saturated with moisture. After the 25th weather conditions began to improve, pressure again rose on the 26th, while temperature fell rather rapidly, and the atmosphere became decidedly drier, and there was practically no rainfall. On the 27th a fall of pressure commenced which continued on the 28th and 29th, the total fall at many stations exceeding a tenth of an inch, and pressure, which had been rather largely in excess of the normal, became in defect. On the 30th and 31st, however, the changes of pressure were quite unimportant, temperature continued to fall on the 27th, but on the 28th and 29th there was a slight rise which was continued on the 30th, when it became about 2° to 3° above the normal; but on the 31st there had been a moderate fall of temperature which made the general temperature almost normal. Wind directions during the whole of this period have been almost normal in character, and they have been steadily north-westerly and northerly from the commencement of the week. The weather also rapidly became more settled and the sky cleared from about the 26th, and for the last five or six days of the week, indeed, weather had again been almost typical of the north-east monsoon season.

Pressure.—The mean pressure for the week has been generally in slight excess of the normal, except over parts of Behar and North and East Bengal, where some stations show defects. At the majority of stations, however, the variations from the normal are not larger than about a hundredth of an inch.

Temperature.—The mean temperature for the week has been about 3° above the normal in North Bengal, and about one degree above it in East Bengal. In the other districts it has been in defect, the variation, however, being less than a degree in Orissa, South-West Bengal, and Behar, but temperature has been about three degrees in defect in Chutia Nagpur.

The distribution of temperature during the week and its variation from the normal are clearly seen in the table below, where the average maximum, minimum, and mean temperatures at nine typical stations in different districts of the province are compared with the normal values for the same period. It will be seen that the principal variations have been in the day or maximum temperatures, which are almost uniformly in considerable defect, while, on the other hand, the minimum or night temperatures have been in slight excess of the normal:—

Rainfall.—The only district in which the average rainfall for the week has been at all important is North Bengal, which has received 0·13 inch; in Orissa, South-West and East Bengal, and South Behar the amounts only average from four to one-hundredth of an inch, and are therefore quite unimportant; while North Behar and Chutia Nagpur have been rainless.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 31st of January 1891 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

Weekly review of births and deaths in twenty-seven of the principal towns of Bengal for the week ending with Saturday, the 17th January 1891.

Births.

The total births registered during the week ending with Saturday, the 17th January 1891, in twenty-seven principal towns of Bengal, correspond to an annual rate of 20·6 per 1,000 of the aggregate population of those towns, which is 1,061,574. This rate is 2·7 below the average rate of the corresponding week of the past five years, and is also below the rate of the corresponding week of any of the past five years with which comparison is instituted, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90.	1891.
Ratio of births per 1,000 of the population per annum	24·4	21·5	22·5	24·0	23·1	23·3	20·6

The births registered in each of the last four weeks in each of the twenty-seven principal towns correspond to the following rates per 1,000 of the population :—

Towns.	Weeks ending— 27th Dec. 1890.	3rd Jan. 1891.	10th Jan. 1891.	17th Jan. 1891.	Towns.	Weeks ending— 27th Dec. 1890.	3rd Jan. 1891.	10th Jan. 1891.	17th Jan. 1891.

It will be seen that last week the highest birth-rate was returned from Comillah (50·1) and the lowest from Ranaghat (6·).

Deaths.

The total deaths registered during the week under review correspond to an annual rate of 23·7 per 1,000 of the population. The rate of the week is 1·8 higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years except 1886, *vide* the figures below :—

IRRIGATION.

The 9th February 1891.

No. 41.—*Notification.*—Notice is hereby given that the Eastern Main Series of the Sone Canals will be closed from the 6th April 1891 to the 30th of May 1891.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

REVISED WATER-RATE RULES FOR THE SONE CANALS.

Notification No. 42, *dated the* 10*th February* 1891.

In exercise of the powers conferred on him by sections 99 and 78 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor is pleased to pass the following rules and to fix the undermentioned rates to be charged for water supplied from the Sone Canals. These rules and rates supersede those now in force, subject to rights conferred by permits, issued, under existing rules, prior to the dates mentioned in rule 71.

J. M. MCNEILE, *Col.*, R.E.,
Secretary to the Government of Bengal.

GENERAL CONDITIONS.

1. The Collector, before awarding compensation under section 16 or 76(*c*), or making a reference under section 17 of the Act, shall obtain the written opinion of the Superintending Canal Officer, which shall form part of the record of proceedings.

2. Except as provided in the Act and these rules, no appeal shall lie from any order passed by a Canal Officer, but the Sub-divisional Canal Officer shall modify any order passed by

him in accordance with the orders of the Divisional Canal Officer, and the Sub-divisional and Divisional Canal Officer shall modify any orders passed by them in accordance with the orders of the Superintending Canal Officer, who shall exercise a general control over the proceedings of all Canal Officers.

3. It will be the duty of the Superintending Canal Officer to issue orders on the following points:—

I.—The limits within which water will be available during the kharif season—(*a*) for annual leases; (*b*) for leases for a term of three or seven years.

II.—The distributaries from which water will be supplied during the hot season.

III.—The distributaries from which water will be supplied during the *rabi* season at a lower rate than that ordinarily charged.

IV.—On sufficient cause being shown, to prohibit the issue of permits for the irrigation of land in specified localities generally or during the *kharif* season only.

Such public notice as is practicable will be given of the instructions under this rule as long as is possible before they are enforced.

4. Appeals to the Collector under section 91 of the Act, other than those specially provided for in Rule 37, will ordinarily be from an order passed by the Divisional Canal Officer. The Collector may, when the order passed involves (I) the alignment of a village channel, (II) the refusal of the Divisional Canal Officer to accept a block as suitable for the issue of a permit for *kharif* irrigation, require the Superintending Canal Officer to state his opinion in writing, which shall form part of the record of proceedings in the case.

ON VILLAGE CHANNELS.

5. The Canal Officer shall prepare a list of channels which, previous to the 1st of April 1891, have been ordinarily used as village channels, and enter them in a register prepared in the manner prescribed in Part V of the Act.

6 No village channel not entered in the register made in compliance with the rule immediately preceding as existing on the 1st of April 1891 shall be added thereto except at the written request of the owners thereof. But water shall not be supplied for irrigation through any channel other than a channel which has been entered in the register.

7. Village channels which may be constructed in future shall not as a rule exceed one mile in length; the length being measured in a straight line from the outlet to the boundary of the part of the village which the channel is intended to irrigate.

8. The sum fixed by the Canal Officer as rent under section 68 of the Act shall not be less than half an anna and shall not exceed four annas per bigah assessed with water-rate.

ON LAMBARDARS.

9. In every permit issued under section 75 of the Act other than those issued under Rules 18 or 19 following, the name of one or more persons shall be entered as *Lambardar*, who will be responsible for discharging the duties mentioned below—

I.—Obtaining signatures to applications and certifying to the correctness of the same.

II.—Attending and giving assistance in measuring land irrigated or proposed to be irrigated.

III.—Giving timely information to the Canal Officer or subordinate of any insufficiency in the supply of water and promptly reporting when the irrigation of the leased area on any channel is complete.

IV.—Supervising the distribution of the water supplied through an outlet amongst the persons entitled thereto and reporting any misuse of the same.

V.—Being present when complaints are investigated by a Canal Officer or subordinate and giving information required in connection with the same.

VI.—Receiving *parchas* from the Canal Officer and distributing the same amongst the persons named therein.

VII.—Reporting before the 20th of October all cases in which crops have been injured by deficiency or irregularity of supply in the *kharif* season, so that these cases may be investigated before water-rates are demanded.

VIII.—Reporting to the Collector or to such officer as he may appoint mutations in holdings in the case of three or seven year leases.

IX.—Assisting the Collector by pointing out the residences of the persons assessed and identifying them and giving such general information as may be necessary regarding the persons assessed.

10. In the case of leases for the season the remuneration for performing the duties mentioned in clauses I to VII of the rule immediately preceding shall be two per cent. on the assessments which shall be paid by the Canal Officer, and for performing the duty mentioned in clause IX one per cent. on the collections, which shall be paid by the Collector.

11. In the case of leases for three or seven years, other than those entered into jointly with contractors, the remuneration to be paid to the *lambardar* for performing the duties mentioned in clauses I to VII of Rule 9 shall be 2 per cent. yearly on the assessments of the year, which shall be paid by the Canal Officer, and 2 per cent. yearly on the realizations for performing those mentioned in clauses VIII and IX, which shall be paid by the Collector.

12. The *lambardar* will be appointed by the Sub-divisional Officer in consultation with the applicants for the lease and must be a substantial person having a beneficial interest in part of the land to be irrigated. There is no objection to different *lambardars* being appointed to represent sections of the applicants, or to a number of persons being jointly appointed as *lambardars* on behalf of the whole of the applicants. In case the Sub-divisional Canal Officer cannot agree with the applicants in the appointment of *lambardar*, he shall nominate a *lambardar* for approval by the Divisional Canal Officer.

In those cases where an application is made by a contractor and cultivators jointly for a lease for three or seven years the *lambardar* shall be nominated by the contractor.

13. The Divisional Canal Officer may, for reasons which appear to him to be sufficient and which must be recorded, remove a *lambardar* from his appointment, and in that case a new *lambardar* shall be appointed in the manner prescribed in the rule immediately preceding.

14. The Divisional Canal Officer may, with the consent of the *lambardar*, by a written order, of which the *lambardar* shall be furnished with a copy, transfer to him the duty of controlling the supply of water through an outlet, and may at any time, by a written order, recall such order. *Lambardars* to whom such control is transferred shall exercise such power, subject to such general written orders as they may receive from the Sub-divisional Canal Officer, and shall receive three per cent. on the assessment in place of two per cent. prescribed in Rules 10 and 11.

15. The fees sanctioned to be paid to *lambardars* will only be disbursed if the duties specified have been satisfactorily performed. The Divisional Canal Officer or the Collector may retrench the whole or any part of the fees payable by them respectively in the event of this condition not being complied with. In calculating the fees payable fractions of an anna will be excluded.

ON APPLICATIONS.

16. Applications under section 74 of the Act for permits for irrigation upon leases for a term of years (Appendix I), or upon *kharif* season leases (Appendix III), shall be subject to the following conditions:—

I.—The application must be for a block of land having well-defined boundaries and so situated that adjoining lands will not ordinarily or probably be irrigated by water supplied for the land included in the application.

II.—The application must be in the form annexed to these rules, which states that water-rates will be paid on all lands contained in the block for which an application is presented, whether or no water is required.

III.—The applications may be for a term of three or seven years, or for the season only—

(*a*)—In the case of applications for the season only the issue of the permit will not necessarily be delayed until the lands have been measured. The boundaries of the block must be stated in the application which must be signed by or by authority of the cultivators of all the land included in the boundaries mentioned, and the approximate area in the occupation of each on the block must be specified. Water-rates will be charged on the areas in the block as found by actual measurement.

(*b*)—In the case of applications for a term of three or seven years a permit will not be issued until the land has been measured and an application complete in every respect for all the land included in the block has been signed. If water is required to be supplied before the application is completely signed in the manner specified above, an application for water for the season must be made, which will be cancelled on a permit for three or seven years being issued.

(*c*)—Notice that a permit for three or seven years is required must be given by the 1st of April, and no permit will be issued unless the application is completely signed by the 30th of November, or, with the special sanction of the Superintending Canal Officer, by the 1st of March following. An application for a permit for the season must be filed by the 1st of September.

IV.—With the special sanction of the Superintending Canal Officer—

(*a*) Existing five-year leases may be cancelled and included in an application for a seven or three year lease under the preceding rules.

(*b*) An application may be made for an addition to a seven or three year lease, which, if granted, shall be considered as part of the original lease and terminate therewith.

17. Applications for irrigation in the *rabi* season, 25th October to the 25th March, and the hot-weather season, 25th March to the 25th June (Appendix IV), will be subject to the following conditions—

I.—The approximate areas of land for which water is required must be stated in the application, which must be signed by or by authority of the occupiers thereof. It must be stated in the application that the water-rates will be paid on the area actually irrigated.

18. Applications for the sale of water by volume for purposes of irrigation will only be entertained on condition that half the amount chargeable is paid to the Sub-divisional Canal Officer when the application is filed, and that a bond is executed in the form attached to these rules as Appendix V signed by substantial persons pledging themselves to pay such sums as will in the aggregate make up the remainder. The bond will not have reference to the area to be irrigated, but will be in consideration of a particular outlet being kept open for a specified time, and the sums mentioned therein will be recoverable on the certificate of the Canal subordinate that this condition has been fulfilled. Water will be supplied under this rule from the 1st of September to the 31st of October only.

19. Applications for the sale of water by volume for filling *aharas* will be in the form attached to these rules as Appendix VI. The entire charge will be payable in advance. Water will be supplied under this rule from the 1st of November to the 25th of March only.

ON PERMITS.

20. All permits for the use of water issued under section 75 of the Act shall be subject to the following conditions:—

I.—That the water is supplied for the sole purpose of irrigating the land mentioned in the application. The term 'irrigating' includes the right to drain (*nigar*) the land at the proper season of the year.

II.—That water will be supplied at the level at which it is ordinarily maintained in the distributary from which water is taken off and that no earthen bunds or other works will be constructed to raise the level of the water in the distributary. No right to flow irrigation is conferred unless existing appliances admit of it.

III.—That a *lambardar* shall be appointed in the manner specified in Rule 12 to represent the interests of the cultivators and to perform the duties mentioned in Rule 9.

IV.—That the village channel from which water is supplied is kept in a proper state of repair, so that water shall not be wasted.

V.—That water-rates are paid when due.

VI.—That water supplied for the irrigation of a specified block of land shall not, under colour of the permit, be utilized for the irrigation of land beyond the boundaries specified in the application.

NOTE.—Where these conditions are infringed appropriate penalties or disabilities to the extent specified in the Act or these rules will be enforced.

21. A permit shall not be issued where, in the opinion of the Canal Officer, waste is likely to occur. In the order refusing a permit on this ground, the manner in which it is apprehended that waste will occur shall be stated.

22. Permits for irrigation upon leases for a term of years (Appendix VIII) or upon *kharif* season leases (Appendix IX) shall be issued under the following conditions:—

I.—The land to be irrigated must form a compact block defined by well-marked boundaries of such a nature as clearly to distinguish leased from the adjoining unleased lands, and also be so situated that unleased lands will not be ordinarily or probably irrigated by water supplied for the land included in the block. The boundaries must be mentioned in the application for a permit for the season, and in the notice referred to in Rule 16(*c*) when a permit for a three or seven year lease is applied for.

II.—The Canal Officer may exclude lands included in the block not irrigable by flow or for which canal water is ordinarily not required. In the case of permits for three or seven years the block must be not less than 50 bigahs in area. In cases where the Divisional Canal Officer considers it advisable to grant a permit to a block of less area than that mentioned above, the previous sanction of the Superintending Canal Officer must be obtained. No permit for seven years shall be issued unless the owners of the village channel from which water is to be obtained have been registered and the channel itself is in a good state of repair such as to fit it for the conveyance of water without wastage occurring. Such leases will not be issued unless it is known from the experience of previous years' irrigation that a sufficient supply of water is always available and that the quantity required is not excessive.

III.—Permits for three years will be issued on the same conditions as those for seven, except that, as the term for which Government is bound is shorter somewhat less favourable conditions as to situation, soil, and the quantity of

water required will be accepted, and it will not be necessary that the owner of the channel shall be registered within three years of the issue of the first permit, though the channel itself must be entered on the register.

IV.—A permit for a three or seven years' lease may be cancelled by the Superintending Canal Officer with effect from a date to be specified in the order for good cause on the application of all the signatories thereto.

V.—Permits for the season will be issued on the same conditions as those for three years, the essential difference being in the duration of the lease and the later period up to which applications are received.

VI.—Water-rates will be levied on the areas specified in the permits and measurement of the areas actually irrigated will not be necessary.

23. Permits for irrigation in the *rabi* and hot-weather seasons, 25th October to 25th June (Appendix X), will be issued on the following conditions:—

I.—The applicants will undertake to give the *lambardar* notice to close the outlet so soon as the area requiring irrigation has received a sufficient supply of water.

II.—The applicants will undertake to, as far as is practicable, prevent water supplied being wasted or applied to the irrigation of fields not included in the application.

III.—Water-rates will be levied on the areas actually irrigated, and not on those specified on the application.

ON DISABILITIES AND PENALTIES.

24. At the request of the Collector, the Superintending Canal Officer may direct the Divisional Canal Officer to—

I.—Cease to issue permits for the irrigation of land in villages where there have been constant difficulties in realizing water-rates until all the arrears of water-rates due are paid up, and also, if specially required, unless half the amount due for the ensuing year under future applications are paid up in advance. An order under this rule shall be in force for the time stated therein, which shall not exceed three years.

II.—Cancel any three or seven years' lease if on the 1st of June of any year water-rates are in arrears by more than half a year's demand.

25. The Divisional Canal Officer may, with the concurrence of the Collector and the sanction of the Superintending Canal Officer, cancel a three or seven years' lease if water is habitually misused or wasted. Such an order shall have effect from the 25th June next ensuing, and two months' notice at least must be given to the *lambardars* for the information of the cultivators.

ON THE SUPPLY OF WATER.

26. I.—Any Canal Officer may, in the case of pressing emergency, stop the supply of water to any canal or distributary. If such order is passed by an officer below the rank of a Divisional Canal Officer, it shall forthwith be reported to the Divisional Canal Officer, and if the stoppage exceeds five days in duration to the Superintending Canal Officer.

II.—The Sub-divisional Canal Officer may, by written order under section 76*a*, stop the supply to any village channel when he is satisfied, after inspection by himself or by one of his subordinates, that it is not maintained in proper repair; such order shall be recorded in the sub-divisional office.

III.—No person shall be entitled to be supplied with water until the village channel has been put in a proper state of repair in accordance with directions given by the Sub-divisional Canal Officer.

IV.—The Canal Officer or any of his subordinates may temporarily close an outlet supplying a village channel from which unauthorized irrigation is at the time the outlet is closed being carried on.

27. The Divisional Canal Officer may close the outlets in rotation as he may consider necessary. Such closure shall not, in the *kharif* season, exceed five days after ten days of consecutive supply and shall be notified to *lambardars*.

28. No water shall be supplied nor shall any person be entitled to a supply of water until a permit signed by a Canal Officer authorized to sign a permit has been signed and issued.

29. The Canal Officer will be responsible that the supply through the outlet is in the *kharif* season maintained in accordance with the entries on the permits, and in the *rabi* season in accordance with the requirements of the crops. In both seasons it will be the duty of the *lambardar* to inform the Canal Officer or Subordinate when the area under lease has been fully irrigated, so that the outlet may be closed, or if he has under rule 14 been given charge of the outlet to close it himself.

ON DEMAND STATEMENTS.

30. The statements of the amounts demandable for water-rates leviable under the rules in force shall be prepared, under the supervision and signature of the Divisional Canal Officer, in such form as shall from time to time be sanctioned by the Lieutenant-Governor.

31. The demand statements for water-rates due under three or seven years' leases shall be prepared at the same time as the application, and a copy thereof shall be given to the *lambardar* as well as a *parcha* for each signatory to the lease with the permit. No further notice of demand shall be given during the currency of the lease.

32. The demand statement for water-rates due under a lease in the *kharif* season shall be prepared either before the permit is issued or as soon as conveniently may be after its issue, and shall, without reference to the land having been actually irrigated up to that time or not, show the water-rates due by each person whose land is included in the application. Demand statements (*parchas*) showing the sums due from each applicant shall be sent to the *lambardar* for distribution, and no further notice of demand shall be given.

33. For irrigation during the hot-weather or rabi season the following procedure shall be followed :—

I.—The area irrigated in any village shall be measured by an amin appointed for the purpose. The *khasrah* shall be signed by both the amin and the *lambardar* who shall be present at the measurements. If the *lambardar* is not present, the *amin* shall arrange that at least two respectable cultivators shall be present and enter their names in the *khasrah* prepared by him. The *lambardar* shall be permitted to take a copy of the *khasrah*.

II.—When the measurement is completed, the *khasrah* shall be forwarded to the Sub-divisional Canal Officer, who shall prepare the demand statement (*khatiani*) with all possible despatch. Copies of extracts of the demand statement affecting each separate cultivator (*parchas*), signed and sealed by the *silladar*, shall, as soon as prepared, be forwarded to the *lambardar* for distribution amongst the persons charged. The *lambardar* shall grant a receipt for the *parchas* forwarded.

III.—If the *lambardar* is not present or declines to grant a receipt for the same in the prescribed form, the Sub-divisional Canal Officer shall make other efficient arrangements for serving each person assessed with a *parcha* showing the amount due from him. *Parchas* may be sent by post.

34. Objections to the demand statements prepared in accordance with the preceding Rules 31, 32 and 33 may be presented, either personally or through the *lambardar*, to the Sub-divisional or Divisional Canal Officer, who shall thereupon, after such enquiry as he may consider to be necessary, pass orders on the same. A copy of the order passed (which may be sent by post) shall be served on the person making the objection. Objections to the demand addressed to the Collector shall be referred for the orders of the Divisional Canal Officer.

35. Objections to the demand statements must be presented within thirty days of the date on which the *parcha* was received by the *lambardar*, but this period shall be extended where reasonable cause for delay can be established.

36. The objections may be in a form, which will be sold for half an anna at all canal offices, giving instructions as to the particulars required to admit of the objection being readily investigated; but any form will be accepted provided it clearly states the name or names of the persons objecting, the crop, and the year for which the charge is made and the demand from each cultivator to which objection is taken.

37. Any person not satisfied with the order passed by the Canal Officer under Rule 34 may file an application of appeal to the Collector under section 91 of the Act. Such application must be accompanied by a copy of the order appealed against. The Collector shall thereupon, after considering the records of the case, pass such order as he may think fit and shall meanwhile have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

38. When the order appealed against to the Collector is that of a Sub-divisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record thereon any remarks he may think fit. The papers shall not be detained for the purpose of enabling the Divisional Canal Officer to make further enquiries, which, however, may be directed by the Collector on the suggestion of the Divisional Canal Officer or on his own motion.

39. Applications for mutations of names in leases for three or seven years shall be made to the Collector; if addressed to the Canal Officer they shall be referred to the Collector for disposal.

ON WATER-RATES.

40. Water-rates imposed under section 78 of the Act shall be at the rates shown in the schedule following or such lower rate as the Divisional Canal Officer may fix :—

	Flow or lift.	
	Rate per bigah.	Rate per tenth of a bigah.
	Rs. A. P.	Rs. A. P.
For water used in an unauthorised manner	5 0 0	0 8 0

Provided that in the *kharif* season, 25th June to the 25th October, no water-rates under this section shall be levied where the unauthorized irrigation is effected with water taken from land included in a lease, but irrigation effected by cutting a village channel or committing a criminal offence, the perpetrator of which cannot be discovered, may be assessed with the previous sanction of the Collector, which must be obtained before any detailed measurement of the land irrigated without authority is made. *Subject to the provisos regarding irrigation in the kharif season mentioned above, persons using water without a permit shall, unless exempted by section 74 of the Act, be charged water-rates at the rate imposed by this rule.*

41. Charges for waste of water imposed under section 80 of the Act shall be at the rates fixed in the rule immediately preceding and be subject in the *kharif* season to the same condition as regards sanction by the Collector as is required by that rule; where a tank or *ahara* has been filled, a charge of Rs. 5 per thousand cubic yards may be made in lieu of an acreage charge.

42. Water-rates assessed under section 78, 79, or 80 of the Act shall be due and payable on the dates mentioned below:—

Seven-year leases ..	First moiety	15th December.
Three-year leases ...	Second moiety	1st March.
Season or annual leases—		
Bhadoi and crops classed as *bhadoi*		1st November.
Rice and sugarcane waterings, from the 25th June to the 25th October		15th December.
Rabi and crops classed as *rabi*, including sugarcane waterings, from the 25th October to the 25th March ...		1st April.
Hot-weather rate		1st July.
Sugarcane { First moiety		15th December.
Sugarcane { Second moiety		15th February.
Assessments under section 79 of the Act or under Rule 40		On receipt of the demand statement by the Collector.
Assessments under section 80 of the Act		
Water supplied by volume between the 1st of September and 31st of October		One moiety before the outlet is opened; the other moiety 15th December.
Water supplied by volume to fill *aharas*		The whole amount before the outlet is opened.

The Divisional Canal Officer will endeavour to forward as many of the demand statements as possible to the Collector fifteen days before the dates fixed for payment, but accuracy in the individual charges shall be regarded as of more importance than a rigid adherence to dates.

43. Where lands are held on a *bhaoli* tenure, the entire water-rates assessed under section 78 of the Act shall be demandable from the occupiers of the land assessable; but at the written request of the *bhaoli* owner, in the form, Appendix VII, which may be presented to the Divisional Canal Officer or to the Collector, the water-rates shall be recovered from the cultivators and the person or persons in receipt of the *bhaoli* rents in the same proportion as the produce is divisible amongst them. The demand statement shall be made out by the Divisional Canal Officer in the name of the cultivators, any necessary modification therein owing to a request made by a *bhaoli* owner under this rule being carried out by the Collector. But on lands under Government management half the rates should be paid by the landlord, and in other cases any influence which the Collector may possess should be used to make the zemindar consent to this equitable arrangement.

44. In the case of lands held under a *bhaoli* tenure being assessed under section 79 of the Act, the whole of the persons deriving benefit therefrom shall be assessed in the same proportion as the produce is divisible amongst them.

ON REMISSIONS.

45. The water-gauges on distributaries or other channels shall be held to give authoritative data for all calculations of discharge required to verify claims for remission of water-rate on account of failure of supply.

46. Claims to remission of water-rates under section 76*b* shall only be admitted on proof of actual loss caused by failure of supply. On proof of such loss, the Divisional Canal Officer may remit the whole or any part of the rates. All applications for remission of water-rates shall be made in the manner provided in Rule 34 and twenty days before the crop is cut.

47. Before awarding compensation under section 76*c*, the Collector shall obtain the written opinion of the Divisional Canal Officer, and such opinion shall form part of the record of the proceedings.

48. Notwithstanding anything contained in these rules, the Superintending Canal Officer may, should he consider the circumstances of the case require it, under such general instructions as he may from time to time receive from Government, remit, under the head extraordinary, so much of the water-rates as are in excess of ten annas a bigah. But no such remissions shall be claimable as a right, nor shall any person be entitled to receive an order on an application for remissions under this head, which will ordinarily only be made on the representations of Divisional Canal Officers.

49. A remission statement signed by the Superintending or Divisional Canal Officer shall be sufficient authority for a refund by the Collector.

INTERMEDIARY AGENCY.

50. Leases in the kharif season for three or seven years will be entered into with associations of cultivators as specified in these rules; and also on the joint application of the cultivators and of some person hereinafter called the contractor, who shall collect and pay to Government under section 82 of Act III (B.C) of 1876, all sums due under the agreement on account of water-rates. The joint agreement shall be in the form given as Appendix II to these rules. The contractor must have a beneficial interest in some part of the land included in the application extending for the full term of the lease.

51. Contractors shall be entitled to collect water-rates from the cultivators who have signed the application and from their successors in interest in the land included in the block at the rates fixed by the Lieutenant-Governor under section 78 of the Act. Every due from a cultivator to a contractor on account of water-rates shall be deemed to be a sum due to Government under sections 82 and 85 of Act III (B.C.) of 1876.

52. A contractor (or in case there be more than one, each contractor severally and jointly) shall use due diligence in the collection of the water-rates specified in the agreement from the cultivators who have applied for the water supplied. In the case of his failure after due diligence to collect, he shall, within thirty days of the rates becoming due, submit to the Collector a list showing the names of the defaulters with the sums due from each, and the Collector shall thereupon proceed to realize the amount due from the said defaulters according to law.

53. A contractor (or in case there be more than one, each contractor severally and jointly) shall be responsible for all sums payable on the agreement, except such sums as he may satisfy the Collector that he has been unable to collect after using due diligence, and shall be entitled to a deduction of 5 per cent. on all sums collected by himself.

54. The contractor shall as such be responsible for the performance of the duties devolving on the *lambardar* under these rules, but may appoint a *lambardar*, whose name shall be communicated to the Sub-divisional Canal Officer and whose removal, for good cause to be recorded in writing, may be ordered by the Divisional Canal Officer. He shall, whether he appoints a substitute to act as *lambardar* or not, be responsible for reporting all changes in the occupiers of lands included in the lease to the Collector.

55. The contractor as *lambardar* shall be entitled to remuneration at the rate of 5 per cent. on the assessments subject to the provisions contained in Rule 15.

56. The contractor may, if he prefers, in which case it shall be so stated in the application, take the responsibility of collecting the entire sum due under the application, in which case he shall pay the whole amount due less 7½ per cent., making, with 5 per cent. payable under the preceding rule, 12½ per cent. on the assessment.

57. No steps shall be taken to prepare a joint application by cultivators and a contractor until the written assent of the Collector to the proposed contractor has been received. The Collector may, before approving of a contractor under this rule, require him to give security for the due performance of the contract.

58. A contractor may resign his interest in the lease by giving notice to the Divisional Canal Officer three months at least before the 25th June next following, in which case his connection with the lease shall cease from that date, and the Sub-divisional Canal Officer shall proceed to appoint a *lambardar* under Rule 12 and the Collector to realize water-rates due directly from the applicants. The Divisional Canal Officer may, at the instance of the Collector, remove a contractor who fails to use due diligence in making collections. In such cases three months' notice at least before the 25th of June next following shall be given, and the removal shall take effect from that date.

59 With the written approval of the Superintending Canal Officer, a contractor may measure and prepare demand statements for lands irrigated in the hot weather, for which applications in the prescribed form have been filed by him. Such demand statements shall be forwarded to the Sub-divisional Canal Officer, who shall thereupon proceed to deal with them as if they had been prepared by himself.

60. When an agreement has been made for the collections of rates by a contractor, the Divisional Canal Officer shall, under section 82 of the Act, furnish such contractor with a written authority to collect the amounts due by the cultivators, a copy of which shall be sent to the Collector.

ON COLLECTIONS AND ALTERATIONS IN DEMAND STATEMENTS.

61. Collection of all water-rates shall be made by the Collector in accordance with the statement of demands furnished to him by the Divisional Canal Officer except in the case of lands held *bhaoli*, regarding which the provisions contained in Rule 43 shall be followed.

62. The Collector may make any alterations in a demand statement provided the total sum shown to be due is not altered or an error in account only corrected. When such alterations are made in a demand statement appertaining to a lease for three or seven years, a copy of the alteration statement shall be sent to the Divisional Canal Officer.

63. In cases where sums due on account of water-rates cannot be collected owing to the death, bankruptcy or absconding of the defaulter, the amount which is non-realizable may be written off as irrecoverable on the authority of the Collector. A detailed list of all sums so written off shall be sent to the Divisional Canal Officer. In other cases the sanction of the Commissioner of the Division must be obtained to admit of demands being written off under this head.

MISCELLANEOUS.

64. No person shall, without the permission in writing of the Divisional or Sub-divisional Canal Officer, pass, or cause any animal or vehicle to pass, on or across any of the works, banks, or channels of a canal or drainage work after he has been desired to desist therefrom, excepting by means of such bridges, fords and ferries and their approaches, as are provided by the Divisional Canal Officer.

65. No Officer employed on the Canals, unless specially exempted by the Lieutenant-Governor from the operation of this rule, shall have any interest in the distribution of water from any of the canals, or purchase or bid for any Government property sold thereon, either in his own name or in the name of another, or jointly, or in shares with others.

66. Tanks may be filled with canal water without charge, and without reference to the area irrigated in any village, wherever water can be made available without injury to the cultivation dependent on any canal, under the following conditions:—

(*a*)—No tank shall be so filled unless the water is to be exclusively used for domestic purposes or for watering cattle, or both.

(*b*)—No tank shall be so filled from which irrigation is practised.

(*c*)—No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural causes

(*d*)—No tank shall be so filled except on the written order of the Sub-divisional Canal Officer issued on the written application of the parties concerned.

(*e*)—No tank shall be so filled unless the village channel used to fill it shall be shown to the satisfaction of the Sub-divisional Canal Officer to be in a sound condition when the application is made.

(*f*)—The privilege herein accorded may, by written order of the Divisional Canal Officer, subject to revision by the Superintending Canal Officer, whose decision shall be final, be suspended for twelve months for breach of any of the above conditions.

67. The Divisional Canal Officer may supply water for manufacturing or other purpose, charging for the same at the rate of one rupee per each 4,000 cubic feet or part of 4,000 cubic feet supplied. Contracts between the Divisional Canal Officer on the part of Government and private individuals for the use of water as a motive power, or for any purpose whatsoever not specified in this rule or the published schedule of rates, shall, if for any period not exceeding one year, require the previous sanction of the Superintending Engineer, and if proposed for longer than a year, shall be submitted for the sanction of the Lieutenant-Governor

68. Patwaris called on to assist in identifying land or signatures or to give evidence shall receive such remuneration by way of fee as may be fixed by the Superintending Canal Officer or Collector with the approval of Government, but their signature shall not necessarily be required to any document prepared under these rules. The fee shall be disbursed at the time of attendance as far as practicable by the Sub-divisional Canal Officer or Collector, whoever may require the patwari to attend.

69. Any Deputy Collector or Sub-Deputy Collector may, under the general orders and control of the Collector, exercise the powers conferred on the Collector by Rules 9, 10, 11, 24, 39, 43, 52, 53, 54, 57, 58, 59, 61, 62 and 68, provided that all orders passed by such Deputy Collector or Sub-Deputy Collector shall be appealable to the Collector, if a petition of appeal is preferred within thirty days of their being passed.

70. The Collector may, by a special order passed in each case, refer applications under Rules 37, 40, or 41 to any Deputy Collector for report or disposal. An appeal against an order passed by a Deputy Collector under this rule may be preferred by either the applicant or the Divisional Canal Officer.

ON THE RATES TO BE CHARGED FOR WATER SUPPLIED ON APPLICATION FROM THE SONE CANALS.

71. The following are the rates to be charged for water supplied for irrigation from the Sone Canals:—

(*a*)—Schedule I following will be in force in respect to permits issued for the irrigation of land after the 1st of April 1892.

(*b*)—Schedule II following will be in force in respect to permits issued for the irrigation of land after the 1st April 1891.

(*c*)—Schedule III following will be in force in respect to permits issued for the irrigation of land after the 15th October 1891.

(*d*)—Schedule IV following will be in force in respect to permits issued for the irrigation of land after the 25th February 1891.

(*e*)—Schedule V following will be in force in respect to water supplied after the 1st of September 1891.

(*f*)—Schedule VI following will be in force in respect to water supplied after the 1st of November 1891.

(*g*)—For permits issued prior to the dates mentioned above, the rates at present in force enumerated in notification No. 148 of the 20th June 1881, published in the *Calcutta Gazette* of the 22nd June 1881, will be charged.

Schedule No. V.

77. For water supplied by volume in the *kharif* season—

For water supplied between the 1st of September and the 31st of October, four rupees for a calculated discharge of one cubic foot per second for twelve hours. For less than a cubic foot per second or less than twelve hours a proportionate charge shall be made, but a fraction of less than one-sixteenth shall be charged as one-sixteenth.

SCHEDULE No. VI.

78. For water supplied by volume to fill *aharas*—

For water supplied between the 1st of November and the 25th of March, one rupee for a calculated discharge of one cubic foot per second for twelve hours. For less than a cubic foot per second or less than twelve hours a proportionate charge shall be made, but a fraction of less than one-sixteenth shall be charged as one-sixteenth.

79. In the case of leases under Schedules I and II, water will be supplied for rice seed beds only as early in June as the supply in the river admits.

80. In the case of leases under Schedule II, no extra charge will be made for a crop of *kesari*, linseed, or *gram* sown on rice-fields watered with canal water, and water will be supplied until the 15th of November if required.

81. In the case of leases under Schedule III, the Divisional Canal Officer may, in years when the demand for water for *kharif* crops admits of it, supply water for *rabi* on any date after the 7th October.

82. When the original crop sown in a field irrigated by canal water fails, and a fresh crop is sown in the *same season*, as defined in the schedules above, water-rates shall be levied on the second crop only. If no second crop is sown, water-rate shall be levied at the rate of ten annas a bigah.

83. In assessing water-rates under Schedules III and IV the areas to be charged shall be subject to the following rules:—

I.—If only a portion of a field be irrigated, the water-rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated, previous to the admission of the water, by a ridge not less than half a foot high.

II.—When a portion of a field has been irrigated with canal water and a portion with well or reservoir water, the whole field shall be liable for canal water-rate, unless a clearly distinguishable boundary exists between the two portions.

84. Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

85. Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Lieutenant-Governor.

APPENDIX I.

Form of application for a lease for a term of years.

Mouzah , *Pergunnah* , *Distributary*

1. WE, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the 25th June to the 25th March of each year for years for the irrigation of the block formed by our holdings as specified below.

2. The area to be irrigated by each applicant is stated in the schedule following, and each applicant agrees to pay water-rates on the area recorded against his name at the rate of Rs. per bigah. This sum will be payable independently of our requiring water in any particular year or not.

3. The application is made under section 74 of Act III (B.C.) of 1876, and the rules issued under it, more especially Rules 16, 20, 22, 24, 25, 26, 27, 28, 31, 45 and 46.

4. We agree to pay a moiety of the water-rates due on this application on the 15th December and the remaining moiety on the 1st of March.

5. The permit granted may be cancelled by the Divisional Canal Officer under the sanction required by Rule 24—

I.—If on the 1st of June of any year the water-rates due on this application in the aggregate are in arrear by more than half a year's demand.

II.—If water supplied for irrigating the land mentioned in the application is habitually wasted or misused, it being expressly agreed that water is supplied for the sole purpose of irrigating the land mentioned in the application.

SCHEDULE.

Name of cultivator.	Area to be irrigated in bigahs and cottahs.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

N B.—1. Charges will be made by tenths of a bigah, any smaller area being charged as one-tenth.
2. The year is reckoned as commencing from the 25th June.

APPENDIX II.

Form of application for a lease for a term of years jointly with a contractor.

Mouzah , *Pergunnah* , *Distributary*

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the 25th June to the 25th March of each year for years for the irrigation of the block formed by our holdings as specified below.

2. The area to be irrigated by each applicant is stated in the schedule following, and each applicant agrees to pay water-rates on the area recorded against his name at the rate of Rs per bigah This sum will be payable independently of our requiring water in any particular year or not.

3. The application is made under section 74 of Act III (B.C.) of 1876, and the rules issued under it, more especially Rules 16, 20, 22, 24, 25, 26, 27, 28, 31, 45, and 46.

4. We agree to pay a moiety of the water-rates due on the 15th December and the remaining moiety on the 1st of March.

5. The permit granted may be cancelled by the Divisional Canal Officer under the sanction required by Rule 24—

I.—If on the 1st of June of any year the water-rates due on this application in the aggregate are in arrear by more than half a year's demand.

II.—If water supplied for irrigating the land mentioned in the application is habitually wasted or misused, it being expressly agreed that water is supplied for the sole purpose of irrigating the land mentioned in the application.

6. We desire under Rule 50 that_____ shall be appointed contractor, to whom we agree to pay water-rates as they become due so long as he is authorized by proper authority to receive the same. Should the contractor resign or be removed, we engage to pay water-rates to the Collector or to some person authorized by him to receive the same.

SCHEDULE.

Name of cultivator.	Area to be irrigated in bigahs and cottahs.	Signature or mark of cultivator.	Signature of witness to cultivator's signature.

7. I agree to become contractor under Rules 50 to 60 for the collection of all sums payable under this application and to be bound by all the rules passed under Act III (B.C.) of 1876. I will abide by the rules mentioned and all others passed under the Act, and give every assistance in my power to the Collector in any legal proceedings that may be instituted for the recovery of water-rates under this application.

N B.—1. Charges will be made by tenths of a bigah, any smaller area being charged as a tenth.
2. The year is reckoned as commencing from the 25th June.

[*To be added when the contractor takes the responsibility of collecting the entire sum due under Rule* 56.]

8. In consideration of being permitted to deduct 7½ per cent. from the sum due under this application, I undertake to pay the whole amount due to Government on the dates mentioned in clause 4 and to myself take the risk of any default in payment by the applicants.

APPENDIX III.

Form of application for a lease during the kharif season.

Mouzah , *Pergunnah* , *Distributary*

1. We, whose names are attached, apply for water to be supplied from the above-mentioned distributary from the 25th of June to the 25th of October, for the irrigation of the block formed by our holdings as specified below.

2. The approximate area to be irrigated by each applicant is stated in the schedule following, and each of us agrees to pay water-rates on the area in his occupation, as found by actual measurement, at the rate of Rs. 1-14 per bigah. This sum will be payable independently of our requiring water during the season or not.

3. This application is made under the rules passed under Act III (B C) of 1876, more especially Rules 16, 20, 22, 26, 27, 45, and 46. We agree to abide by these and by all the rules passed under the Act.

4. We agree to pay the whole of the water-rates due on the application on the 15th of December.

5. The following are the boundaries of the block :—

Pearl Fishery in Ceylon, 1891.

The following notice is published for general information.

By order of the Lieutenant-Governor of Bengal,

P. NOLAN,
Secretary to the Govt. of Bengal.

PEARL FISHERY OF 1891.

NOTICE is hereby given that a Pearl Fishery will take place at Marichikaddi, in the Island of Ceylon, on or about 25th February 1891. The bank to be fished is the Muttuvarathu Paar, 5 to 7½ fathoms water, lying off Dutch Bay, partly fished in March last, now estimated to contain oysters sufficient to employ 100 boats for 24 days with average loads of 5,000, each boat fully manned with divers, per day.

2. It is therefore necessary that such boat-owners and divers as may wish to be employed at the said fishery should be at Marichikaddi by 20th February next, and it is notified that the first day's fishing will take place on the first favourable day after 25th February 1891.

3. Marichikaddi is on the mainland, eight miles by sea south of Sillavaturai, and supplies of good water and provisions can be obtained there equal to Sillavaturai.

4. The fishery will be conducted on account of Government, and the oysters put up to sale in such lots as may be deemed expedient.

5. The arrangements of the fishery will be the same as have been usual on similar occasions.

6. All payments to be made in ready money in Ceylon currency.

7. Drafts on the Banks in Colombo or bills on the Agents of this Government in India, at ten days' sight, will be taken on letters-of-credit being produced to warrant the drawing of such drafts or bills.

8. For the convenience of purchasers, the Treasurer at Colombo and the different Government Agents of Provinces will be authorized to receive cash deposits from parties intending to become purchasers, and receipts of these officers will be taken in payment of any sums due on account of the fishery.

9. No deposit will be received for a less sum than Rs. 250.

By His Excellency the Governor's command,

E. NOEL WALKER,
Colonial Secretary.

COLONIAL SECRETARY'S OFFICE, COLOMBO, *the 10th January* 1891.

DECLARATION.

The 5th February 1891.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz, extending Rajendra Nath Sen's Lane to Chorebagan 2nd Lane, it is hereby declared that for the above purpose pieces of land, Nos. 13, 12, 11-1 and 11-2, Rajendra Nath Sen's Lane, and a private passage, in the town of Calcutta, district 24-Pergunnahs, measuring, more or less, 2 cottahs and 38 square feet only, are required. The land is bounded on the North partly by Rajendra Nath Sen's Lane and partly by a bustee passage; on the South partly by a private passage and partly by Chorebagan 2nd Lane; on the East partly by portions of Nos. 12 and 13, Rajendra Nath Sen's Lane and partly by a bustee passage; and on the West partly by Nos. 11, 11-1, and 11-2, Rajendra Nath Sen's Lane, and partly by a private passage.

Plan and specifications of the land are filed in the office of the Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern.

H. J. S. COTTON,
Secretary to the Govt of Bengal.

NOTIFICATION.

The 7th February 1891.—It is hereby notified for general information that in supersession of all previous rules issued under section 82 of Act III (B C.) of 1884, the Lieutenant-Governor is pleased to make the following rules under the aforesaid section for keeping the accounts of Municipalities. These rules will come into force on the 1st April 1891.

H. J. S. COTTON,
Secretary to the Govt. of Bengal.

GENERAL.

1. The set of registers and forms prescribed in these rules provides for all classes of transactions usually occurring in Municipalities of ordinary size. But if it is found that the account rules and forms herein prescribed do not conveniently meet the special requirements of a municipality, they may be added to or modified by the Municipal Commissioners in consultation with the Examiner of Local Accounts in Bengal.

2. The cash and account branches of each Municipal Office shall be kept distinct from each other, and under distinct officers, who, for the purposes of these rules, will be termed, respectively, Tax Darogah or Cashier and Accountant

In no case shall the same person compile the Municipal accounts and superintend the collection of the rates and other Municipal income.

3. As the Collector or other officer in charge of a Government Treasury and the Vice-Chairman of a Municipality occupy the respective positions of banker and constituent (Rule 15), no person connected with a Magistrate's or Sub-divisional Officer's establishment shall assist in any way in collecting Municipal revenue or in posting the Municipal books.

4. The Chairman or Vice-Chairman shall at the time of audit cause to be produced all accounts, registers, documents and subsidiary papers which may be called for by the Local Auditor to assist him in his investigation.

5. All accounts and registers shall, as far as possible, be maintained in English. All books of account and registers shall be substantially bound and paged before being brought into use, and no accounts shall be prepared on loose sheets or in loosely bound volumes.

6. All corrections and alterations in accounts shall be neatly made in red ink, and attested by the initials of the Chairman, Vice-Chairman, or Secretary. Similarly, all alterations and corrections in a voucher shall be duly authenticated by the payee. *Erasures shall on no account be permitted in registers, statements, vouchers, or accounts of any description.*

SECURITY.

7. The Secretary, Accountant, Tax Darogah, Cashier, and tax collecting sircars in the employ of a Municipality shall furnish such security as the Commissioners may think proper.

Nothing in this rule, however, shall be understood to prohibit such security as the Commissioners may think advisable being taken from any other officer or servant in the employ of a Municipality.

The form of security bond prescribed for municipal employés by Government Circular No. M $\frac{4\text{-}8}{9}$ 5, dated 5th April 1890, is appended to these rules.

EMBEZZLEMENTS.

8. Every embezzlement or misappropriation of Municipal moneys shall, as soon as the matter has been fully enquired into by the Municipal authorities, be reported by the Chairman of the Municipality concerned to the Examiner of Local Accounts in Bengal.

The report shall contain full details as to the total sum of money misappropriated, the method in which the embezzlement was effected, and the steps taken to recover the money and to punish the offender.

CLASSIFICATION OF TRANSACTIONS.

9. No change shall be made in the prescribed list of major and minor account headings without the consent of Government, and the same headings shall be used in all accounts prepared or issued by a Municipality.

BUDGET ESTIMATE.

10. The regulations regarding the preparation and sanction of the Budget Estimate are contained in sections 72 to 76 of the Act. The estimate shall be prepared in English in appended Form No. I by the Accountant of the Municipality. The receipts shall be estimated in detail, but the totals only of the estimated expenditure shall be entered in the body of the Budget Estimate against the several headings.

11. The budget shall be accompanied by a schedule in Form IA for each major head, in which shall be entered full details of the estimated receipts and expenditure under that head in the budget estimate.

13. The entries shall be in full detail of names and particulars, except in regard to collections for which separate registers are prescribed.

As regards tax collections made by sircars, only the daily "Total arrears" and "Total current" need be posted in the Tax Darogah's cash book. These figures can be obtained from each sircar from his daily register of collections, Form I, Appendix A, or, if with a view to simplify the preparation of the chalan mentioned in Rule 17, it is found convenient to bring together all the sircars' collections before posting them into the Tax Darogah's cash book, this may be done by the adoption of a daily abstract in the following form:—

14. The Vice-Chairman or Secretary shall, at such frequent intervals as may seem desirable, examine the Cashier's or Tax Darogah's cash book, so as to satisfy himself that all money received has really been remitted to the Treasury or Bank without delay, and that the Cashier or Tax Darogah does not retain in hand sums of money in excess of the security which he may have given, and that he always remits to the treasury the whole and not part of the day's receipts: and he shall initial the cash book in token of having made this examination.

TRANSACTIONS WITH BANK OR TREASURY.

15. Unless the Local Government shall otherwise direct, all sums received on account of the Municipal Fund shall be paid into a Government Treasury or into any Bank or branch Bank used as a Government Treasury in or near to the Municipality.

16. All moneys received on account of the Municipality shall be remitted intact to the Bank or Treasury as often as can be conveniently managed, and shall on no account be appropriated towards expenditure.

17. All moneys paid into the treasury to the credit of the Municipal Fund, whether by servants of the Municipality or others, shall be accompanied by a chalan in the appended Form No. III.

This chalan shall be in triplicate, having the words "Original," "Duplicate" and "Triplicate" printed or written in red on the first, second and third parts respectively. The first part shall be retained by the treasury office, the second part shall be sent to the office of the Municipality whenever the pass-book is returned (Rule 19), and the third part shall be delivered to the person paying in the money.

18. Whenever a remittance to the Bank or Treasury is made by the Cashier or Tax Darogah, he shall enter the details of the remittance on the payment side of his cash book (Form No. II). In the column "Details of chalan" he will enter the different heads of revenue [corresponding with the heads in the abstract register of receipts (Form No. VII)], and in the column "Amount of each head" he will enter the amounts to be credited to each of those heads.

He will then fill in Form No. III, the chalan to accompany the remittance. In the foil of the form will be entered merely the name of the Municipality on account of which the money is sent, and details of the notes and coin of which the remittance is composed. On the counterfoil will be shown the details of the remittance according to the heads of account to which the amounts are to be credited, *i.e.* a copy of the entries on the payment side of the Cashier's or Tax Darogah's cash book.

NOTE.—The collections for the current year on account of the rate upon the annual value of holdings, or of the tax upon occupiers of holdings, and of the water, lighting, and latrine rates, are to be shown separately from the collections on account of previous years.

19. With the remittances shall be sent the pass book of the Municipality. Upon receipt of the money by the Treasury or Bank, both sides of the pass book shall be written up to date by the Treasury Accountant, the entries shall be initialled by the Treasury Officer or Bank official, and the book returned at once to the Municipal Office.

20. The pass book will be supplied gratis by the Treasury. It is not a Municipal account book, but is simply a copy of the account kept in the Treasury of the money paid in and taken out by the Municipality, and must therefore always be written up *only by the Government Treasury Department or Bank*, by whom the original account is kept.

21. No entries or marks shall, under any circumstances, be made in the pass-book by any one connected with or working in the Municipal Office. At the close of each month the balance in the pass-book shall be struck, the amount written in words, and signed by the Treasury Officer or Bank.

PAYMENT ORDERS AND PAYMENT OF CLAIMS.

22. Claims against a Municipality shall ordinarily be discharged by cheques drawn upon the Municipal banker—that is, in the majority of cases, on the Treasury.

23. The Commissioners may authorize the advance to the Vice-Chairman, Accountant, or Cashier of the Municipality of a specified sum of money as an imprest to meet petty expenditure: Provided that without the sanction of the Commissioner of the Division, the amount shall not exceed Rs. 100.

Payments exceeding Rs. 20 shall not ordinarily be made from the imprest.

24. The imprest shall be recouped as often as is necessary in the manner prescribed in rules 74 to 76 below.

25. Every bill or other claim for payment shall be presented in the first instance to the Accountant, who will check and examine it, and, if it be found correct and in order, will initial it in token of correctness and submit it for orders to the Chairman or Vice-Chairman. If payment of the bill so presented is to be made, a payment order shall be endorsed on the document, that is to say, on the bill presented by the person who prefers the claim. The payment order shall run as follows:—"Pay (Rs.) Rs. only," the amount being written in words as well as in figures, and the order shall be signed by the Chairman or Vice-Chairman, if the amount to be paid does not exceed Rs. 500. If both the Chairman and Vice-Chairman be absent, or be unable to sign, no order for payment shall be made on the bill. Orders for the payment of a sum of money in excess of Rs 500 shall be signed both by the Chairman and Vice-Chairman, or by the Chairman or Vice-Chairman and another Commissioner. [See also Rule 70].

26 If the bill is to be paid out of the imprest, the Vice-Chairman shall, before signing the payment order, see the bill stamped with the words "Paid in cash" in conspicuous type, and shall then make it over to the Accountant or Cashier for payment. If the bill is to be paid by cheque, it shall be made over to the Accountant or Cashier, and shall be stamped "Paid by cheque No. " in conspicuous type. In the latter case the amount shall be entered, as soon as the cheque is signed, in the appropriate column of the cash book of the Municipality (Form No. VI).

27. Every payment made, either in cash or by cheque, shall be covered by a receipt, stamped if necessary, signed by the person to whom the money is due, and to whom it has actually been paid. A receipt signed by another person or by a Municipal employé is invalid.

28. The salary bill of the Municipal establishment shall be drawn in Form No. IV.

Certified that all service books have been fully written up to date

Date *Vice-Chairman.*

(*N.B.*—Employés unable to write should make their mark and should be paid in the presence of the Vice-Chairman.)

29. Every Municipal employé shall give a receipt in the appropriate column of the form for the sum paid to him Each Municipal employé who receives a sum exceeding Rs. 20 shall affix a receipt stamp before signing. The cost of such receipt stamp must be borne by the person who receives the money, and not by the Municipality.

30. One bill, whether for establishment or other charges, shall ordinarily only contain details of charges to be taken against one of the budget heads. If, however, it happens that a bill be presented which contains charges against more than one head, the Accountant shall enface in red ink on the bill itself, above the payment order, the details of the apportionment of the charges. These details shall be also shown in the cash book (Form No. VI) in the column "Head of account in abstract register."

31. All bills and vouchers that have been paid shall be numbered consecutively for the year in order of payment, shall be stamped "paid" or "cancelled," and shall be pasted in a guard book.

Sub-vouchers for payments made out of the imprest shall be filed separately, and shall be attached to the voucher for recoupment, a memorandum referring to this voucher being placed in the guard book.

CHEQUES.

32. Cheques drawn on a Government Treasury or Sub-Treasury shall be in Form No. V annexed. Cheque books, containing 100 cheques each, will be provided by the officers in charge of the Treasury or Bank. Each book should bear a number which should be repeated upon each cheque contained in it, together with the consecutive number of the cheque form, and the drawing officer should notify to the treasury upon which he draws the number of the cheque book which he from time to time brings into use. Outside the book there should be instructions to keep it under lock and key in the personal custody of the drawing officer, who, when relieved, should take a receipt for the correct number of cheques made over to the relieving officer, a specimen of whose signature should be forwarded to the treasury concerned.

33. On receipt of a cheque book from the Treasury or Bank, the officer to whom the duty of signing cheques is allotted shall count the cheques, and shall record on the back of the cheque book that "This cheque book contains forms." The cheque book shall remain in the custody of the officer who usually *signs* the cheques.

34. The cheque book in use may be made over to the Accountant or Cashier whenever required, but it shall be returned before the office is closed for the day. The officer in whose custody it is to remain shall satisfy himself periodically that all unused cheques are in the book, and that none have been surreptitiously extracted.

35. No cheque shall ordinarily be signed unless required for immediate delivery to the person to whom the money is to be paid. The practice of retaining signed cheques in the office should not be permitted, except under very exceptional circumstances, which should be recorded.

36. Every cheque shall be drawn in English in favour of the person to whom the money is actually to be paid, and no cheque shall be drawn in favour of one person for payment to a third party. The sole exceptions permitted to this rule are in the case of a cheque issued—(*a*) for a sum of money distributable as pay or wages among a number (*c*) of Municipal employés, (*b*) in recoupment of the imprest, and for a sum of money due to a person residing outside the district in which the Treasury is situated with which the Municipality banks. In such cases the cheque shall be drawn in favour of the Chairman, Vice-Chairman, or Secretary, who will in case (*a*) endorse the cheque to a named individual by whom the actual distribution is to be carried out, and in case (*c*) cash the cheque himself and forward the sum by half-notes and stamps in registered covers, or by money-orders to the payee.

37. The amount of every cheque drawn shall be written in words as well as in figures, both on the cheque itself and on the counterfoil, and the counterfoil shall be initialled by the person who signs the cheque.

38. All cheques drawn for a sum in excess of Rs. 20 shall bear a receipt stamp of the value of one anna, and this receipt stamp shall be affixed before the cheque is signed. The cost of the stamp is payable by the Municipality which issues the cheque, and not by the person in whose favour the cheque is drawn.

39. Cheques shall be signed either by the Chairman or Vice-Chairman. They may also be signed by the Secretary if the Municipal Commissioners so direct; but in that case a copy of the resolution empowering the Secretary to sign cheques shall be sent to the Accountant-General, Bengal, and also to the Treasury or Bank where the account is kept.

40. If a municipality situated in a sub-division and banking at a sub-treasury requires money to be paid at the District Treasury, a cheque may be drawn for the amount upon the sub-treasury, with a request that an order may be issued for the payment of the amount from the District Treasury, or *vice versâ*.

CANCELLATION OF CHEQUES.

41. When a signed cheque is cancelled, it shall be enfaced or stamped "cancelled" by the Chairman, and shall be destroyed by the Government auditor as soon as the accounts for the month in which the cheque was drawn have been audited.

The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil, and also across the passing order which has been enfaced upon the voucher.

CORRECTION OF THE CASH BOOK AND ABSTRACT REGISTER WHEN CHEQUES ARE CANCELLED.

42. If the cheque is cancelled before the cash transactions of the month in which it was issued have been totalled, the entry in the cash book and also in the abstract register shall be struck out in red ink under the initials of the Vice-Chairman.

But if they have been totalled, then the correct balance of the cash book shall be brought out by entering the amount of the cancelled cheque in red ink on the receipt side of the cash book as an addition to the balance, with a note explaining the facts of the case. The entry shall be initialled by the Vice-Chairman.

Provided the accounts for the *year* in which the cheque was issued have not been closed, the necessary correction shall also be made in the abstract register by deducting the amount by means of the adjustment register from the head to which the cheque was originally charged. If, however, the accounts for that year have been closed, no entry shall be made in the abstract register. But the cash book balance shall be corrected as above prescribed.

43. Cheques are current for three months only. After the expiration of that period, payment will be refused at the Treasury, and the person in whose favour the cheque was drawn will therefore have to bring it back to be re-dated. No fresh cheque should be issued: the lapsed cheque shall simply be re-dated and the alteration initialled by the Chairman or official whose duty it would be to sign the cheque. A note of the fact of re-dating shall be entered in the cash book against the original transaction and upon the counterfoil of the cheque itself. The alteration will in no way affect the accounts, and no further entries shall be made.

CASH BOOK

44. The cash book of the Municipality shall be kept in English in Form No. VI by the Municipal Accountant. It shall be a substantially bound volume, containing a sufficient number of pages to contain at least one year's transactions. It shall be carefully paged before being brought into use.

45. The receipt or debtor side of the cash book shall be posted regularly from the duplicates [rule 17] of challans of moneys paid into the treasury or bank on account of the Municipality.

46. The payment side of the cash book shall be posted from the details of the vouchers and of the cheques drawn. The amount of each cheque shall be entered as soon as the cheque is signed (*see* Rule 35)

47. The cash book shall be balanced at the close of every month, and signed by the Chairman, Vice-Chairman, or Secretary in token of the correctness of every entry made therein. The balance brought out shall be stated both in words and in figures and shall be agreed with the balance shown in the pass book of the Municipality thus:—

NOTE.—When a cheque has been cancelled, and the correct balance of the cash book has been brought out as required by Rule 42, the cancelled cheque will of course not be entered in the list of cheques drawn but not cashed

ABSTRACT REGISTERS OF RECEIPTS AND EXPENDITURE.

48. All the entries on the receipt side of the cash book (Form No. VI) shall be posted by the Accountant, *one by one*, direct from the cash book into the abstract register of receipts (Form No. VII), and all the entries on the payment side of the cash book shall be posted, *one by one*, into the abstract register of expenditure (Form No. VIII).

When transactions under any head are very numerous, it will be best to open two or more columns with the same heading. This will save space in the register.

49. The abstract registers shall be kept in English, and shall be posted as often as may be convenient, but in no case later than ten days after the close of the month to which the account relates.

50. The cash transactions in the abstract registers shall be totalled every month, and the grand totals of the different heads of receipts and expenditure must necessarily be equal to, and shall be compared by the Vice-Chairman or Secretary with, the totals of receipts and payments in the cash book (Form No. VI). He shall initial the abstract registers in token of having made this comparison.

If more than one page of an abstract register is used for the transactions of a month, the grand totals shall be brought out.

The adjustments represent the totals appearing in the register of adjustments described below.

ADJUSTMENTS.

51. For the record of transactions other than cash, a register of adjustments shall be opened in Form No. IX.

FORM IX.

Number of voucher.	Date.	PARTICULARS.	RECEIPT HEADS.						Total.	PAYMENT HEADS							Total.	REMARKS.
		"Add" entries

52. The chief adjustments are—

(1) Rectification of errors in classification.
(2) The adjustment of a bill against an advance.
(3) The charge to head of expenditure by credit to deposits of a sum due on a contractor's bill, which sum is retained as a security deposit.

These transactions shall be entered, item by item, in the register of adjustments, whence the totals pass into the abstract registers of receipts and expenditure.

53. The methods of entry in the register of adjustments is as follows:—

In case (1) the adjustment shall be made by entering the amount in the space for "Adjustments by addition" in the column for the head to which the amount is to be added, and again in red ink in the space for "Adjustments by deduction" in the column for the head from which the amount is to be deducted. Both entries will be made on the receipt side if the amount is to be transferred from one head of receipt to another, and both will be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

In case (2) the adjustment shall be made by entering the amount in the space for "Adjustments by addition" in the column of the expenditure side for the head to which charges on account of the particular expenditure incurred are to be taken, and on the receipt side in the space for "Adjustments by addition" under the head "Advances recovered." A corresponding entry must of course be made on the receipt or credit side of the advance ledger, Form No. XVIII, of the person by whom the expenditure was incurred, and to whom the amount adjusted was originally advanced.

In case (3) the adjustment shall be made by entering the amount on the expenditure side in the space for "Adjustments by addition" in the column for the head to which the balance of the charges of the bill from which the deduction has been made has been taken, and on the receipt side in the spaces for "Adjustments by addition" under "Deposits received."

54. Adjustments made by deduction in the abstract registers shall always be written in red ink. Income refunded shall be charged under "Miscellaneous" (except in the case of conservancy refunds for which a special head is provided). Expenditure refunded shall be entered on the receipt side of the cash book in red ink as an addition to the municipal balance, and if refunded during the current year of account shall be deducted from the heads originally charged.

Quarterly and Annual Account.

55. At the close of every month the totals under the various heads of account recorded in the abstract registers (Forms Nos. VII and VIII) shall be entered in English by the Accountant in the separate registers (Forms Nos. X and XI) against the corresponding heads under the appropriate month.

These two registers form the quarterly statement required under section 71 of the Act to be prepared immediately after the close of each quarter.

57. A copy of this account shall be sent not later than the 30th April following to the Magistrate of the district in which the Municipality is situated.

58. To enable the Magistrate to make the prescribed comparison between the estimates and the actual receipts and expenditure of the Municipality, the amounts by which the actual figures fall short of or exceed the estimated figures shall be shown in two separate columns provided for the purpose within the body of Form No. XII, and also in the schedule of expenditure to be annexed to the statement.

TAX UPON OCCUPIERS OF HOLDINGS OR RATE UPON THE ANNUAL VALUE OF HOLDINGS, LATRINE RATE, LIGHTING RATE, AND WATER RATE.

59. The procedure in connection with the above rates will be found in Appendix A of these rules, which provides either for collection from door to door, or for collection at the municipal office.

One or other of these systems should be adopted with such modifications as may be found necessary, and as are approved by the Examiner of Local Accounts.

TAX ON CARRIAGES, HORSES AND OTHER ANIMALS.

60. The register prescribed in section 139 of the Act for the exhibition of the amount of taxes realized on account of carriages, horses, and other animals shall be maintained in Form No. XIII annexed.

61. *As soon as a license fee or tax has been paid, and not before*, the license shall be prepared in Form No. XIV annexed; and when the necessary particulars have been posted in the register (Form No. XIII annexed), both register and license shall be placed before the Chairman, Vice-Chairman, Secretary, or other licensing officer. The licensing officer shall sign the license and initial the register in the proper column.

LICENSES.

62. License forms shall be bound in counterfoil books. Each book shall contain 100 forms, and no book shall be brought into use until *all* the license forms and counterfoils have been consecutively numbered. The numbers shall, if possible, be printed.

Only one book shall be given out by the Vice-Chairman or Secretary at a time, and until the book thus issued has been used up, no new book shall be given out.

On no account shall loose, unnumbered licenses be kept in the office.

FEES ON THE REGISTRATION OF CARTS.

63. In lieu of licenses, tin tickets shall be issued to owners of carts which have been registered. These tin tickets shall be of a different colour for each period of issue. They shall be of a size sufficiently large to be easily distinguishable, and they shall bear consecutive numbers.

As soon as the registration fee and the price of the tin ticket have been paid by the owner of the cart, the necessary particulars shall be entered in a register in Form No. XV, and the ticket shall be affixed to the cart by a Municipal servant.

MISCELLANEOUS RECEIPTS.

65. For money received by a Municipality on account of the tax upon occupiers of holdings, or rate upon the annual value of holdings, latrine rate, lighting rate, and water rate, a form of receipt has been prescribed in Appendix A (Form G). For money received on account of tax on carriages, horses, and other animals, the license issued will be a sufficient receipt and for cart registration the ticket will suffice.

For all other money received by the Municipality under the rules in this part, the Vice-Chairman or Secretary shall give a receipt in Form No. XVII. The total amount received shall be written in words, both on the receipt itself and on the counterfoil: the latter need only be initialled by the officer who signs the receipt.

The forms shall be bound in books containing 100 forms each, and they shall be numbered before the book is brought into use.

ADVANCES.

66. All moneys advanced to contractors or to the Chairman, Vice-Chairman, Municipal Commissioners, or other individuals under whose personal superintendence a work is being executed, all sums paid without proper vouchers, the amount of the imprest, and any other advance that may be made shall, in the first instance, be charged to the head "Advances" and entered in the advance ledger (Form No. XVIII). A separate account shall be opened in this ledger for each person to whom an advance has been given, and this account shall be credited with the amount of any repayments that may be made.

67. In the case of advances made to contractors or others for the execution of works, the account shall be credited with the actual value of the work done upon receipt of detailed bills and proper vouchers for the expenditure incurred out of the advance. These adjustments shall be carried through the adjustment register (*see* Rules 51 to 53). Before the order for adjustment is made, the bills and vouchers put forward in support of the expenditure shall be passed by the Chairman or Vice-Chairman, or both, in the same manner as other bills are passed. The passing order shall run thus:—"Passed for Rupees . Adjust by credit to advance account of , and debit to ."

68. The different accounts in the advance ledger shall be balanced quarterly and signed by the Vice-Chairman or Secretary. The officer who signs the accounts shall at the same time satisfy himself that steps are being taken to recover or adjust advances which have been outstanding for more than three months. At the close of every quarter a list in Form XVIII (A) shall be prepared of outstanding advances.

IMPREST ACCOUNT.

72. Whenever the Municipal Commissioners shall decide that an imprest is to be granted to the Vice-Chairman, Secretary, or other officer for the payment of petty charges, the following procedure shall be adopted.

On first receiving or taking charge of the permanent advance, the holder shall sign and file an acknowledgment in these terms:—"I acknowledge to have in my possession a permanent advance of Rupees (Rs.), which sum is due from me to the Municipality, and I am personally accountable for the amount."

A similar acknowledgment shall also be given by the holder on the first working day of each year.

The permanent advance, when first drawn, shall be charged in the cash book to the head "Advances," and shall be debited to the holder's account in the advance ledger.

There will be no further entries in the ledger account until the advance is finally repaid. If the amount originally fixed for the permanent advance is subsequently increased or decreased by the Municipal Commissioners, the original advance shall be repaid and a fresh advance drawn.

73. The Chairman or other holder shall make payments from his permanent advance from time to time as may be required, and for each payment he shall obtain and hold a bill receipted by the payee, or, in the case of petty office expenses, a written detailed statement of the sums spent.

These bills or statements shall be numbered consecutively, enfaced or stamped "Paid in cash," and entered in the expenditure columns of the permanent advance account (Form No. XX), the classification of the charges being carefully entered in the columns provided for the purpose.

74. The permanent advance may be recouped whenever necessary, and it must always be recouped on the last working day of the month.

The procedure of recoupment is as follows:—

The Chairman or other officer holding the advance shall compare the sub-vouchers with the entries in the permanent advance account: he shall deface them by stamping them "cancelled,"

so that they cannot be used again. He shall total and initial the column "Amount of sub-voucher" in the permanent advance account, and also the amounts in the classification columns, the cross total of which should agree with the total of the column "Amount of sub-voucher," and shall rule a red ink line across the page.

75. The voucher for recoupment shall then be drawn out in Form No. XXI, and it shall be enfaced with the usual payment order, see Rule 25. The Chairman shall draw out a cheque in his own favour for the amount, and initial the entries in the recoupment columns.

MISCELLANEOUS SUBSCRIPTION REGISTER.

83. It sometimes happens that a Municipality undertakes the collection of voluntary subscriptions to be devoted to a specific purpose, such as the erection of a town hall or market. Subscriptions are frequently promised, but are not paid up at once, and unless a systematic plan exists for the record and collection of promised subscriptions, the Municipality is likely to incur serious loss.

The following system is therefore prescribed. The subscription book or books to be sent round with the appeal for subscriptions shall be in Form No. XXXIII. The books shall be numbered, and a list of them shall be kept which shall be initialled by the Vice-Chairman.

RECEIPTS ON ACCOUNT OF MUNICIPAL POUNDS, FERRIES.

RENT OF MUNICIPAL BUILDINGS, LANDS, &C.

85. Separate registers shall be opened to show the details of each source from which periodical Municipal revenue is derived, for which there is a fixed monthly, quarterly, half-yearly, or annual demand.

86. Printed and substantially bound registers of receipts on account of pounds, ferries, &c., the demand for which is fixed beforehand, shall be opened each year in Form No. XXXV, in which specimen entries have been made for guidance.

A sufficient number of pages shall be set apart for the index, which shall show—

Serial number.	Name of pound or ferry.	Name of lessee.	Page of register.

87. On the agreement with the lessee being signed and the security deposit paid, the Accountant shall enter the serial number, name of pound, &c., in the index of the register, and shall fill up entries 1 to 9 at the heading of the page assigned to it in the volume, and shall post the amount deposited as security in the deposit ledger.

88. He shall then lay the agreement, the register, the deposit ledger, and the pass book before the Chairman, who shall—

(*a*) initial the entry in the index to the register.
(*b*) carefully compare entries 1 to 9 in the register with the agreement.
(*c*) see by reference to the pass book that the deposit has actually been paid.
(*d*) initial the entry in the deposit register, and also the memorandum of security deposit received, at the foot of the register, and sign the certificate below entry No. 9 at the head of the register.

89. The Accountant shall write up monthly the entries of progressive demands, payments, and outstandings in these registers, and on the 7th, or nearest working day of each month, shall lay before the Chairman the pound and ferry registers, the abstract register of receipts, and the pass book, and the Chairman shall then take up the registers and examine the account of each pound or ferry for the previous month as follows :—

(*a*) He shall check the receipt by reference to the entries in the pass book.
(*b*) Check the entries in the register with the entries in the abstract register of receipt in the column "Rent of pounds or ferries farmed out."
(*c*) He shall see that the progressive demand, progressive receipts and outstandings have been correctly written up, and place his initials in column 8.
(*d*) Satisfy himself, by reference to the index, if necessary, that no pound or ferry account is missing from the register.

90. The Chairman shall then proceed to deal with arrears and outstandings, and when action is taken by letter of demand or by remission or otherwise, he shall call for the register and record the action taken in column 9 and place his initials in column 10.

91. The security deposit, which usually amounts to one-fourth of the annual rent, will ordinarily be taken in satisfaction of the demand for the last three months of the year, and shall be transferred by adjustment from "deposits" to "pounds" and entered in the pound register on the last day of the year.

92. If any part of the deposit has been taken as a fine for non-fulfilment of contract, the balance may be taken in part satisfaction of the demand during the last three months of the year; and if on the 31st March the deposit or balance of deposit will more than cover the demand, the balance will be refunded in cash to the lessee. But in no case may any sum be removed from deposit and transferred to another head except under the orders of the Chairman, who shall at the time initial both the deposit ledger and the memorandum of the security deposit at the foot of the register.

SANCTION REGISTER.

95. Under section 78 of Act III of 1884, the Municipal Act, the Commissioners are required to sanction at a meeting, by a general or special resolution, the expenditure of any or every sum provided in the estimate for the year.

In most Municipalities it is the practice to sanction in one resolution the expenditure of the whole of the sum provided in the estimate. In this case no separate sanction register will be necessary, but in Municipalities where portions of the expenditure provided in the estimate are sanctioned from time to time, it will be advisable to open a register to record these sanctions. Form No. XXXVIII is recommended as suitable for the purpose. A separate space or page should be allotted to each head of charge.

NOTICE TO OWNERS OF CARRIAGES, HORSES, AND OTHER ANIMALS (*suggested*).

96. Under section 133 of the Act, owners of carriages, horses, and other animals liable to the tax are required to forward to the Commissioners statements in writing containing descriptions of the carriages, horses, and other animals for which they are bound to take out licenses. To facilitate this procedure, it is recommended that a supply of printed statements in Form No. XXXIX annexed should be obtained and distributed to the owners of vehicles which are taxable. These forms might with advantage be circulated by post to the owners of the different carriages, horses, &c., for which taxes were paid during the preceding half year.

MISCELLANEOUS BILL REGISTER (*suggested*).

97. When the number of miscellaneous bills, for the record of which forms have not been prescribed or suggested in these rules, is large, it is recommended that Form No. XL should be utilized. The Vice-Chairman or Secretary should initial the register when he signs the bills, previous to their being issued, and again when the amounts are realized.

Record of service.

101. A service-book in Form No. XLIII, printed in English and the vernacular, shall be supplied at his own cost to every employé holding a substantive appointment on the permanent establishment of a municipality. It shall be kept in custody of the Chairman or Vice-Chairman, whose signature, as well as that of the employé on the first page, shall be attested every five years.

The service-book is a contemporary record of the employé's official life, including leave of every description, every period of suspension from employment, and every other interruption of service, with full details of its duration. Every entry relating thereto shall be written across the page, and attested by the Chairman, or Vice-Chairman, or the Secretary.

102. The Chairman or Vice-Chairman is primarily responsible that every necessary entry is made, especially in regard to leave or suspension, but it is also the duty of each employé to remind the Chairman, Vice-Chairman, or Secretary when any entry is necessary, and to see that his own service-book is properly written up and attested. It should be carefully explained to each employé that, unless he does so, there may be a difficulty hereafter in verifying his service when his claim to pension shall come to be investigated and considered. Service books shall be introduced and kept up, whether rules for the grant of pensions and gratuities have been framed or not.

103. At the time of preparing the pay bill for March in each year, a detailed statement of the permanent establishment existing on the 1st April should be prepared in Form XLIV and transmitted to the Accountant-General direct not later than the 15th April. In preparing the statement the following instructions should be carefully observed :—

(*a*) The name, designation, and pay of every officer, clerk, or menial servant holding a permanent appointment, whether on duty, or absent on leave, or under suspension, should be distinctly shown.

(*b*) The date of birth, of appointment to present post, and of promotion to present pay of each person should be entered in the appropriate columns of the statement; the date of birth by Christian era should be given, and if the exact date is not known, the approximate date or year should be stated.

(*c*) The name of any person acting in an appointment, as well as the acting allowance paid to him should be shown in the column "Name of Incumbent" beneath the name of the absentee for whom he is officiating.

(*d*) If the acting incumbent holds a permanent appointment upon another establishment, the fact should be stated.

(*e*) A detailed statement in Form XLV should be given at foot of the original return Form XLIV showing new names of officers which are not found in the return of the previous year, and when these new names include those of persons who have entered the service of the municipality for the first time, their age and health certificates should be attached to the statement. Columns are also provided in Form XLV for information required in regard to the names of officers which appeared in Form XLIV of the previous year, but are now omitted, as also regarding officers who have been on leave, other than privilege leave, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension.

(*f*) If any person on the establishment is a Government pensioner, or is not the servant of the municipality solely, the fact should be noted in the statement. If he be an officer transferred from the pensionable service of Government, for whose pension contribution is paid, a note should be entered against his name to the effect "Contribution paid to Government for pension."

When completed in accordance with the preceding instructions, the statement should be carefully checked with the service-books, as it will be the authority by which hereafter pension claims will be tested by the Accountant-General.

Application for Pension or Gratuity where rules for the grant of the same have been framed and sanctioned.

104. When an officer applies for an invalid pension or gratuity, he should be referred, if his age be less than 60 years, to the Medical Officer in charge of the civil station of the district for medical examination. After he has been declared by the Medical Officer to be unfit for further service, he must not be retained in active service, pending a decision on his application for pension. Service after the date of the medical certificate does not count for pension.

105. After the medical certificate of incapacity for further service has been received, an application for pension or gratuity in Form XLVI should be drawn up, and the applicant's

service detailed in page 2 of the form verified from office records, and the result of the verification noted in the column provided for the purpose.

106. In the case of pensions or gratuities other than invalid, the applicant's services should be verified, and the form of application filled up in the same way as in the case of invalid pension, when application for pension or gratuity is made by the applicant.

107. The Chairman should certify on the application, whether the character, conducts and past services of the applicant are such as to entitle him to the favourable consideration of the municipality. If the application is for pension on the superior scale, he must enter all periods of leave, suspension, &c., which are not reckoned as service. He must also record his opinion whether the service claimed has been established, and should be admitted or not.

108. The application in Form XLVI, with the applicant's service-book, his last-pay certificate, the medical certificate of incapacity for further service (if the application is for an invalid pension), and the documents relied upon for the verification of the service claimed, will then be forwarded to the Accountant-General, who will return the papers with a certificate as to whether the service claimed has been duly proved, and whether the pension applied for is admissible under the rules.

109. The application with the Accountant-General's certificate and other papers will next be laid before the Municipal Commissioners in meeting for sanction.

110. After the close of each quarter, the Chairman should submit to Government, through the Accountant-General, a statement in Form XLVII of the pensions and gratuities sanctioned during the quarter. Where this statement is blank, a simple intimation to that effect will suffice.

Payment of Pensions and Gratuities granted under sanctioned Rules.

111. When the payment of a pension or gratuity shall have been sanctioned by the municipality, the amount, if it be gratuity, may be paid in a single sum; but if it be pension, it shall ordinarily be paid monthly to the pensioner in person at the office of the municipality on an authority issued in Form XLVIII.

112. On the issue of the authority in Form XLVIII for the payment of pension, it should be entered in a register in Form XLIX. On appearance of a pensioner claiming pension, his personal marks should be checked, and his signature to the receipt for pension compared with that given in the register and the payment noted on the back of the order in Form XLVIII, which must be presented every time payment is claimed.

113. A pensioner, who is unable to appear in consequence of bodily illness or infirmity may receive his pension upon the production of a life certificate signed by some well-known and trustworthy person approved by the Chairman. In such cases the disbusing officer, who is personally responsible for any payments wrongly made, must take all possible precautions to prevent imposition, and must, before the first payment of each year, require proof not only of the existence of the pensioner, but also of his inability to attend in person to receive payment.

114 If a pensioner or a person entitled to gratuity dies, payment of any arrears actually due may be made to his heirs, provided that they apply within six months after his death. Even if the pension or gratuity has not been sanctioned before the death of the officer, the payment may be made under special sanction of Municipal Commissioners in meeting. If an officer dies before actually retiring, or being discharged, his heirs have no claim to anything.

NOTE.—Pension can be drawn for the day of the pensioner's death; the hour at which death takes place has no effect on the claim

115. If a pension remains undrawn for more than six months, it ceases to be payable, and if the pensioner afterwards appears, the Chairman before resuming payment is to satisfy himself that the claimant is the identical pensioner, and that he could not draw his pension owing to circumstances to be fully explained.

APPENDIX A.

Procedure to be adopted by Municipalities in Bengal for the collection of taxes upon occupiers of holdings, rates upon the annual value of holdings, latrine rates, lighting rates and water rates.

GENERAL OUTLINE OF THE TAXATION ACCOUNTS.

1. The municipality is divided into taxation circles, and these are sub-divided into mohallas, streets, roads, &c., according to convenience.

A complete and separate set of registers is maintained for each circle, and from the circle registers the results are compiled for the whole municipality.

Circle Accounts.—The Demand Registers show the demand to be made against each rate-payer. The totals are brought on to Abstracts. Subsequent remissions in respect of the next demand are entered in the Remission Registers, whence the details pass into the Demand Registers, and the totals into the Abstracts in correction of the demand previously shown therein. Additions to the demand are similarly treated through the Enhancement Registers.

Bills made out are registered and are satisfied by payment or remission in whole or in part, payments being posted into the Bill Registers from the sircar's daily collection accounts, and remissions from the Remission Registers.

Compilation of the municipal accounts.—The total municipal demand is compiled from the circle abstracts into an abstract for the whole municipality, and passes into the tax-darogah's daily register for the quarter concerned. There will be as many of these tax-darogah's daily registers in use as there are quarters in respect of which there are bills outstanding. See rule 47.

Against each quarter's demand are written up daily (*a*) the payments in respect of that demand taken from the several sircars' collection accounts; (*b*) the remissions from the Remission Registers; and (*c*) the outstandings.

Lastly, the daily registers are abstracted and a monthly progress statement is worked out for each sircar, so that the outstandings for each quarter can be checked and compared with the undelivered receipts in the hands of the collecting agency, and all arrears can be promptly dealt with either by enforcing payment or remitting the amounts.

N.B.—It will be observed that the Remission Registers, the sircars' daily registers, and the monthly progress statements provide for transactions relating to the current and previous year only. Except under very special and unusual circumstances, taxation should never be allowed to fall into arrears extending over more than one complete year, and municipalities which deal promptly with taxation seldom have more than two quarters' arrears or three at most.

Rules 51 to 56 below prescribe the procedure to be adopted by the Municipal Commissioners in watching the taxation accounts, in reporting upon arrears, and in clearing the registers.

DIVISION OF THE MUNICIPAL AREA INTO CIRCLES.

2. The municipality shall be divided into collecting circles by a calculation based on the area of ground to be traversed and the number of bills to be delivered. Each circle shall be numbered, and to each circle shall be appointed a sircar. The collecting circles should be as compact as possible, and so arranged as to distribute the work of tax collecting evenly among the sircars. No collecting circle shall contain more houses than can be visited by one sircar during the working days of a month.

3. The circles having been determined, and the assessment list, or the valuation and rating list prescribed by section 112 of the Act having been published, the registers of the municipal rates and taxes shall be opened.

4. Whenever a municipality levies a house-rate upon owners, and also a rate or rates upon occupiers for water, latrines or lighting, a double set of registers shall be opened, *i.e.*, one set for owners and the other for occupiers.

5. The procedure of opening and maintaining both of these sets of registers is alike. For the sake of brevity therefore the procedure as regards owner's house-rate only is described in the following rules. But the rules apply equally to the house tax and to rates leviable from occupiers.

6. Similarly, to avoid duplication the specimen forms annexed have been drawn out and headed as for owner's house-rate only, but with slight and obvious verbal modifications they are equally adapted to the house tax, and to the water, latrine, and lighting rates which are leviable from occupiers, and the necessary additional columns must of course be introduced when more than one tax or rate is levied from occupiers.

7. The following is a list of the forms and registers which shall be kept :—

Demand Registers by circles.
Demand Abstracts by circles.
Demand abstract for the whole municipality.
Bill forms.
Bill Registers by circles.
Sircar's Collection Registers by circles.
Tax-darogah's Daily Registers by quarters.
Abstracts of Tax-darogah's Daily Registers, by quarters.
Progress Statements by circles.
Position Register. [This may also, if convenient, be kept by circles.]
Remission Registers by circles.
Enhancement Registers by circles.

THE DEMAND REGISTERS.

The Demand Registers shall be in Form A.

FORM A.

A separate volume shall be assigned to each collecting circle, and a sub-division of the volume to each mohalla, road or street as may be most convenient: a sufficient space being left below each sub-division for subsequent entries of new holdings.

N. B.—The same sub-divisions in the same order shall be followed in posting the Bill, the Remission and the Enhancement Registers.

9 Columns 1 to 5 shall be filled up from the rating list; and a space of 2½ or 3 inches shall be left between each name in order to provide room for posting revisions.

10. As petitions against the rating list come in [see rules 19 and 20 below], their numbers and date shall be noted in column 13, "Remarks," in order to keep the entries to be made in columns 6 and 7 open to the latest convenient date.

11 Columns 6 and 7 shall be filled up as follows:—

First.—In respect of those names against which there is no reference to petitions in column 13, by entering the same amounts as are shown in columns 4 and 5 respectively.

Secondly—In respect of those names against which the receipt of a petition has been noted, by entering the amounts shown in the orders passed by the Commissioners of Appeal, or, if no orders have been passed in time, the amount shown in columns 4 and 5 respectively.

12. Columns 6 and 7 shall be totalled by sub-divisions. The Vice-Chairman, the Secretary, or a Commissioner appointed for the purpose, shall then carefully compare the entries in columns 1 to 7 with the rating list, and with the orders of the Commissioners of Appeal, and shall sign his name below each sub-divisional total in token of having made this comparison. Each sub-divisional total shown in column 7 shall then be posted into the quarterly demand abstract of the circle in Form B, which shall be prepared on the opening pages of each Demand Register.

13. Columns 8 to 11 shall be filled up from columns 3, 25, and 26 of the Remission Register, or from columns 2, 8, and 9 of the Enhancement Register, as the case may be.

14. The Vice-Chairman shall take care that the Demand Registers are free from erasures, and no alteration shall be made in them except under the initials of the Vice-Chairman or other officer empowered to sign for him.

ABSTRACT OF DEMAND FOR EACH CIRCLE.

15. The abstract shall be prepared in the opening pages of each Demand Register It shall be in Form B

22. Remissions are of two kinds, viz —

(*a*) Those in respect of bills made out, whether actually served or not.

(*b*) Those in respect of the demand next to be made.

Two separate sets of columns are therefore provided, viz., columns 9 to 24 for bills drawn, and columns 25 and 26 for future rate. The remissions shown in columns 9 to 24 shall be posted into the Bill Registers in detail, and the daily total of these remissions shall be posted into the tax-darogah's Daily Registers, Form J, for the circles and quarters concerned.

The amounts in columns 25 and 26 shall be posted in detail into the Demand Register, Form A.

The quarterly total of column 28 shall be posted into the Circle Demand Abstract, Form B.

23. Whenever a remission is granted in respect of a bill made out, the counterfoil of the bill and also its red receipt shall be placed, together with the Remission Register, before the Vice-Chairman.

If the demand has been entirely remitted, both the counterfoil of the bill and the red receipt shall be stamped "Cancelled" in large type, and the fact of cancellation attested by the initials of the Vice-Chairman.

If the demand has been reduced, the necessary correction shall be made in the counterfoil of the bill and in the red receipt, and attested by the initials of the Vice-Chairman.

Enhancement Register.

24. All new assessments made after the publication of the list under section 112, and all enhancements of the original assessments, shall be posted in the Enhancement Register, Form F, under the initials of the Vice-Chairman or Secretary.

28. An estimate shall be made of the number of forms likely to be required for a year's consumption, and arrangements shall be made with the Superintendent of Government Printing at Calcutta to supply the bill forms printed in English, or in the vernacular, or both, the complete year's supply being consecutively numbered, and stitched in books of convenient size (say each containing 100 forms).

The full year's supply need not of course be obtained at once, but by means of two or more indents, so as to ensure the year's supply agreeing very closely with the actual requirements.

29. The surplus forms, which will be very few in number if proper care be taken in making the estimate and indents, shall be destroyed by the Vice-Chairman at the end of each year.

30. On receipt of the forms from the press, they shall be counted under the supervision of the Vice-Chairman or Secretary. On the fly-leaf or cover of each book shall be noted the number of forms it contains attested by the initials of the person who counted them.

31. The Vice-Chairman shall keep the bill forms in his personal custody and under lock and key. He shall draw up written instructions prescribing in minute detail the procedure to be adopted in registering the receipt and issue of the forms, in supervising the issue of forms to the bill writers, and in proving that they deliver back every bill form which they have been entrusted to fill up, and in proving the issue of the completed bills to the sirears.

32. The Vice-Chairman shall be especially and primarily responsible for preventing the preparation of fraudulent bills, as well as for closely and constantly watching and enforcing the prompt realisation or obtaining the speedy remission of all bills which bear his signature.

33. The bill forms shall be filled up from the Demand Registers, and the Vice-Chairman shall issue written instructions regarding the comparison of the bills with the Demand Register before they are brought to be signed.

34. The bills shall be signed or stamped with a *fac simile* signature by the Chairman, Vice-Chairman, Secretary, or the Commissioner for the ward to which the bills belong, and the signing officer shall satisfy himself that the comparison of the bills with the Demand Register has been carefully made.

35 If a *fac simile* stamp be used, it shall always be kept in the personal custody of the officer whose signature it represents, and shall never be used except in his presence and actually in his sight.

BILL REGISTER.

36. The signed bills shall be entered in the Bill Registers, Form H. The form requires no explanation, but it should be noted that in the case of bills paid in full a tick mark may be entered instead of the amount in columns 6, 12, 18 and 24.

37. As stated in rule 8, the sub-divisions of each Bill Register will be identical with those of the corresponding Demand Register.

38. Each sub-division shall be totalled every quarter under the initials of the Vice-Chairman or Secretary, and shall be compared and agreed with the figure in the Circle Demand Abstract, Form B, which shall be signed by the Vice-Chairman in token of agreement.

SERVICE OF BILLS.

39. The bills having been made over to the collecting sircars in accordance with the procedure prescribed by the Vice-Chairman under rule 31, each sircar shall commence the service of the bills on the first day of the quarter.

40. If the tax be paid upon presentation of the bill, the sircar shall sign the red receipt, shall hand the bill together with the receipt to the tax-payer, and shall note the date of payment in the counterfoil of the bill, and he shall also enter the transaction in his Daily Register of collections, Form I.

41. He shall either take the register with him on his rounds and enter therein each payment as he collects it, or if, owing to the size of the register, or to there being more than one

kind of tax, this plan is found inconvenient, he shall take with him a note-book in the following form :—

Name	No. of bill.	Whether for last or current year.	For what quarter	House.			Latrine.			Water.		
1	2	3	4	5			6			7		
				Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.

This note-book may conveniently be of foolscap size divided lengthways, the left-hand page being assigned for columns 1 and 2, and the right-hand page for columns 3 to 7.

42. If the tax be not paid upon presentation of the bill, the sircar shall separate the bill from the receipt and serve the bill in the manner prescribed in section 356 of the Act. He shall at the same time, whenever possible, inform the assessee on what date he will again demand payment.

43. The sircar shall return to the Municipal Office either every day, or, if so permitted by the Vice-Chairman, every alternate day, and shall deliver to the tax-darogha all the money he has collected, together with his daily register duly written up in Form I, and the bill-books relating thereto.

44. The tax-darogah shall then check the sircar's account by comparing the amounts shown in the register with the bill-book counterfoils from which the red receipts are missing.

He shall then total the register and see that it corresponds with the money delivered to him by the sircar. If all is in order, he shall initial the register in token of having received the money.

45. If the sircar takes his daily register with him on his rounds, he shall be provided with two copies, which he shall use alternately, and he shall leave one copy in the office to enable the tax-darogah to post his books.

46. The entries in the Sircars' Daily Registers shall then be posted into the Bill Registers, and the tax-darogah shall post the total amount received from each sircar into his cash-book as provided in Part I of the Account Rules.

47. The tax-darogah shall then post his Daily Registers of Collections, Remissions, and Outstandings in Form J.

N. B.—There will be one of these registers in use for each quarter, the demand for which has not been wholly cleared

49. When the total for the month has been struck, an abstract shall be prepared in Form K, showing the condition of the taxation account in respect of the quarter to which the particular daily register relates, viz —

50. The abstracts for every quarter in respect of which there are outstandings having been prepared, their totals shall be posted into monthly progress statements, which shall be prepared separately for each circle, so as to show clearly how each sircar is working the circle entrusted to him. The circle progress statement shall be in Form L.

Balance outstanding for each quarter									

51. The progress statements for each circle shall be verified by the Vice-Chairman or Secretary and the Accountant, and shall be laid before the Commissioners each month at their ordinary monthly meeting held under section 38 of the Act.

52. It will be unnecessary to compile the circle progress statements into a combined statement for the whole municipality every month, but it shall be done at least twice a year, and as often as the Commissioners may require it.

53. The progress statement of each circle shall be carefully scrutinised by the Commissioners at their monthly meeting Whenever any progress statement shows outstandings extending over three complete quarters, the Commissioners shall cause a detailed list to be prepared of the bills outstanding for more than a complete half-year.

54. This list shall be prepared, circle by circle, from the Bill Registers by a clerk unconnected with the taxation department, if possible, and shall be verified by comparison with the undelivered receipts by the Secretary or other officer nominated to the duty. If the circle totals do not agree with those shown in the progress statements, a Committee shall be appointed to audit the taxation accounts and to reconcile the difference. If this difference be not reconciled within fifteen days, the Municipal Commissioners shall submit to the Magistrate a report stating the amount of the difference, the causes to which it is attributed, and the steps taken to reconcile it.

55. The Commissioners shall proceed to deal with the outstandings either by collecting or remitting the amounts. Every year, in the month of June, the Commissioners shall submit a taxation report through the Magistrate to the Commissioner of the Division in the form of a combined progress statement for the whole municipality, and if there are outstandings extending further back than the first quarter of the previous year, full explanation shall be given as to why these taxes have neither been collected nor remitted, and the Commissioner of the Division shall forward these explanations to Government with his remarks.

56. The outstandings mentioned in Rule 55 will be dealt with as a separate arrear account and worked entirely from the lists. *i.e.*, in the month of June, in preparing this list of old outstandings from the Bill Registers, the letter A in blue pencil shall be entered in the Bill Registers against each bill transferred to the arrear list, and the total amount transferred shall be noted in the foot of the circle progress statement concerned.

All subsequent realisations or remissions of the bills so transferred shall be entered in the list only, and not in the Bill Registers or Remission Registers, which provide for the current and last year's transactions only. The sircars shall set apart separate pages in their collection register or note-book for the entry of these arrears collections. The general registers will thus be wholly cleared, and shall not be used for the record of what have become practically dead accounts.

SECOND SERVICE OF BILLS, NOTICES OF DEMAND AND DISTRESS WARRANTS.

57. On the first day of the second month of the quarter, the sircar shall again take round the undelivered receipts, together with notices of demand, which shall in the interval have been attached to the receipts by the tax-darogah. If the demand is then not paid, the notices of demand shall be left with the assessees, and the undelivered receipts shall be returned to the tax-darogah for the preparation of distress warrants with a note of the date on which the notices of demand were served. When fifteen days shall have elapsed after the delivery of a notice of demand, the sircar shall proceed with a warrant of distress, and if the demand as well as the fee prescribed by law for the warrant expenses be not then satisfied, he shall make an attachment of the defaulter's property, preparing an inventory of all goods and chattels so attached, and proclaiming a notice of sale by beat of drum.

BILLS PAID AT OFFICE.

58. In the event of any unpaid bill, of which the counterfoil and red receipt are in the custody of the tax-darogah being brought to the Municipal Office and there satisfied, the

ax-darogah shall deal with the transaction precisely as the collecting sircar does in ordinary course, entering the amount in the Sircar's Daily Register, and noting the fact that the bill has been paid at office in the remark column as provided in the form.

Collection of Taxes at the Municipal Office.

59. An alternative procedure is suggested, the distinctive feature of which consists in the refusal to permit the sircars to collect any money. Their duty will be strictly limited to serving the bills and notices of demand upon the assessees in the manner prescribed in the preceding rules. But each bill will contain a caution against the payment of any money to the server of the bill, and a direction to the rate payer to proceed to the Municipal Office and pay the amount of the bill there.

60. At the end of each week the serving peons will bring back the bill-books and receipts to the Municipal Office with a certificate that every bill missing from the book has been properly served upon the assessee.

61. The tax-darogah, assisted by a sufficient number of clerks, should remain in the Municipal Office at a counter during certain fixed hours of each day, and upon presentation of a bill by a tax-payer he should receive the amount and hand to the tax-payer the corresponding red receipt.

62. The amount so received should be entered in a Daily Receipt Register, Form I, one such register being used for each kind of rate or tax. A separate register or set of registers should of course be supplied to each receiving clerk.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 6th February, 1891, and is hereby promulgated for general information :—

ACT No. II OF 1891.

An Act to amend the Indian Christian Marriage Act, 1872.

WHEREAS it is expedient to amend the Indian Christian Marriage Act, 1872; It is hereby enacted as follows :— XV of 1872.

1. (*1*) For section 6 of the Indian Christian Marriage Act, 1872, the following shall be substituted, namely :— XV of 1872. Substitution of new section for section 6, Act XV, 1872.

"6. The Local Government, so far as regards the territories under its administration, and the Governor General in Council, so far as regards any Native State, may, by notification in the local official Gazette or in the Gazette of India, as the case may be, grant licenses to Ministers of Religion to solemnize marriages within such territories and State, respectively, and may, by a like notification, revoke such licenses." Grant and revocation of licenses to solemnize marriages.

(*2*) A license to solemnize marriages granted to a Minister of Religion under Act XXV of 1864 (*to provide further for the solemnization of marriages in India of persons professing the Christian Religion*) shall be deemed, if in force on the day on which the Indian Marriage Act, 1865, came into force, to have been, while that Act was in force, a license granted under that Act, and, if in force on the day on which the Indian Christian Marriage Act, 1872, came into force, to have been, since that Act came into force, a license granted under that Act. V of 1865.

(*3*) A license to solemnize marriages granted to a Minister of Religion under Act XXV of 1864 (*to provide further for the solemnization of marriages in India of persons professing the Christian Religion*), the Indian Marriage Act, 1865, or the Indian Christian Marriage Act, 1872, shall, if in force immediately before the commencement of this Act, be deemed to have been granted under the Indian Christian Marriage Act, 1872, as amended by sub-section (*1*) of this section.

(*4*) Act XV of 1884 (*for the validation of certain licenses to solemnize Marriages granted to Ministers of Religion under Act XXV of 1864*) is hereby repealed.

2. To the proviso to section 10 of the said Act the following shall be added, namely :— Addition to proviso to section 10, Act XV, 1872.

"or

"(*3*) a Clergyman of the Church of Scotland solemnizing a marriage according to the rules, rites, ceremonies and customs of the Church of Scotland."

3. In section 11 of the said Act, after the words "other than a church" the words "where worship is generally held according to the forms of the Church of England" shall be added, and between the word "no" and the word "church" in the expression "unless there is no church" the word "such" shall be inserted. Amendment of section 11, Act XV, 1872.

4. (*1*) For section 62 of the said Act the following shall be substituted, namely :— Substitution of new section for section 62, Act XV, 1872.

"62. (*1*) Every person licensed under section 9 shall keep in English, or in the vernacular language in ordinary use in the district or State in which the marriage was solemnized, and in such form Keeping of register-book and deposit of extracts therefrom with Registrar General.

as the Local Government by which he was licensed may from time to time prescribe, a register-book of all marriages solemnized under this Part in his presence, and shall deposit in the office of the Registrar General of Births, Deaths and Marriages for the territories under the administration of the said Local Government, in such form and at such intervals as that Government may prescribe, true and duly authenticated extracts from his register-book of all entries made therein since the last of those intervals.

"(2) Where the person keeping the register-book was licensed as regards a Native State by the Governor General in Council, references in sub-section (1) to the Local Government therein mentioned shall be read as references to the Local Government to whose Registrar General of Births, Deaths and Marriages certified copies of entries in registers of births and deaths are for the time being required to be sent under section 24, sub-section (2), of the Births, Deaths and Marriages Registration Act, 1886."

VI of 1886.

(2) Clause (c) of section 30 of the Births, Deaths and Marriages Registration Act, 1886, is hereby repealed.

Substitution of new section for section 66, Act XV, 1872.

5. For section 66 of the said Act the following shall be substituted, namely:—

False oath, declaration, notice or certificate for procuring marriage.

"66. Whoever, for the purpose of procuring a marriage or license of marriage, intentionally,—

(a) where an oath or declaration is required by this Act, or by any rule or custom of a Church according to the rites and ceremonies of which a marriage is intended to be solemnized, such Church being the Church of England or of Scotland or of Rome, makes a false oath or declaration, or,

(b) where a notice or certificate is required by this Act, signs a false notice or certificate,

shall be deemed to have committed the offence punishable under section 193 of the Indian Penal Code with imprisonment of either description for a term which may extend to three years and, at the discretion of the Court, with fine."

XLV of 1860.

Substitution of new section for section 68, Act XV, 1872.

6. For section 68 of the said Act the following shall be substituted, namely:—

Solemnizing marriage without due authority.

"68. Whoever, not being authorized by section 5 of this Act to solemnize marriages, solemnizes or professes to solemnize, in the absence of a Marriage Registrar of the district in which the ceremony takes place, a marriage between persons one or both of whom is or are a Christian or Christians, shall be punished with imprisonment which may extend to ten years, or (in lieu of a sentence of imprisonment for seven years or upwards) with transportation for a term of not less than seven years, and not exceeding ten years,

or, if the offender is an European or American, with penal servitude according to the provisions of Act XXIV of 1855 (*to substitute penal servitude for the punishment of transportation in respect of European and American convicts, and to amend the law relating to the removal of such convicts*),

and shall also be liable to fine."

Addition to section 69, Act XV, 1872.

7. To section 69 of the said Act the following shall be added, namely:—

"Nor does this section apply to marriages solemnized by a Clergyman of the Church of Scotland according to the rules, rites, ceremonies and customs of the Church of Scotland."

Amendment of sections 71 and 72, Act XV, 1872.

8. (1) For clause (2) of section 71 of the said Act the following shall be substituted, namely:—

"(2) after the expiration of two months after the copy of the notice has been entered as required by section 40 in respect of any marriage, solemnizes such marriage;".

(2) In section 72 of the said Act, for the words "three months" the words "two months" shall be substituted.

Addition to section 74, Act XV, 1872.

9. To section 74 of the said Act the following shall be added, namely:—

"Whoever, being licensed to grant certificates of marriage under Part VI of this Act, without just cause refuses, or wilfully neglects or omits, to perform any of the duties imposed upon him by that Part shall be punished with fine which may extend to one hundred rupees."

Amendment of section 86, Act XV, 1872.

10. Section 86 of the said Act shall be read as if the words "situate within or bordering on" instead of the words "situate within the local limits of" had been enacted in that section when the Act was passed.

PART VI.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor General of India for the purpose of making Laws and Regulations on the 6th February, 1891 :—

No. 7 of 1891.

A Bill to amend the Law of Evidence with respect to Bankers' Books.

WHEREAS it is expedient to amend the Law of Evidence with respect to Bankers' Books ; It is hereby enacted as follows :—

Title, extent and commencement.

1. (*1*) This Act may be called the Bankers' Books Evidence Act, 1891.

(*2*) It extends to the whole of British India ; and

(*3*) It shall come into force at once.

Definitions.

2. In this Act, unless there is something repugnant in the subject or context,—

(*1*) "company" means a company registered under any of the enactments relating to companies from time to time in force in British India, or formed in pursuance of an Act of Parliament or by Royal Charter or Letters Patent :

(*2*) "bank" and "banker" mean any company carrying on the business of bankers and include a Government Savings Bank :

(*3*) "bankers' books" includes ledgers, day-books, cash-books, account-books and all other books used in the ordinary business of a bank :

(*4*) "legal proceeding" means any civil or criminal proceeding or inquiry in which evidence is or may be given, and includes an arbitration ;

(*5*) "Court" means the person or persons before whom a legal proceeding is held or taken : and

(*6*) "Judge" means a Judge of a High Court.

Mode of proof of entries in bankers' books.

3. Subject to the provisions of this Act, a copy of any entry in a banker's book shall in all legal proceedings be received as *primâ facie* evidence of such entry and of the matters, transactions and accounts therein recorded.

Proof of book being a banker's book.

4. (*1*) A copy of an entry in a banker's book shall not be received in evidence under this Act unless it be first proved that the book was at the time of the making of the entry one of the ordinary books of the bank and that the entry was made in the usual and ordinary course of business and that the book is in the custody or control of the bank.

(*2*) Such proof may be given by an officer of the bank and may be given orally or by an affidavit sworn before any commissioner or person authorized to take affidavits.

Verification of copy.

5. (*1*) A copy of an entry in a banker's book shall not be received in evidence under this Act, unless it be further proved that the copy has been examined with the original entry and is correct.

(*2*) Such proof shall be given by some person who has examined the copy with the original entry, and may be given either orally or by an affidavit sworn before any commissioner or person authorised to take affidavits.

Case in which officer of bank not compellable to produce books.

6. An officer of a bank shall not in any legal proceedings to which the bank is not a party be compellable to produce any banker's book the contents of which can be proved under this Act, or to appear as a witness to prove the matters, transactions and accounts therein recorded, unless by order of a Judge made for special cause.

Inspection of books by order of Court or Judge.

7. (*1*) On the application of any party to a legal proceeding the Court or a Judge may order that such party be at liberty to inspect and take copies of any entries in a banker's book for any of the purposes of such proceeding.

(*2*) An order under this section may be made either with or without summoning the bank or any other party, and shall be served on the bank three clear days before the same is to be obeyed, unless the Court or Judge otherwise directs.

Costs.

8. (*1*) The costs of any application to the Court or a Judge under or for the purposes of this Act and the costs of anything done or to be done under an order of the Court or a Judge made under or for the purposes of this Act shall be in the discretion of the Court or Judge, who may order the same or any part thereof to be paid to any party by the bank where the same have been occasioned by any fault or delay on the part of the bank.

(*2*) Any such order against a bank may be enforced as if the bank was a party to the proceeding.

(*3*) An order under this section awarding costs to a party may, on the application of the party to any Court of Civil Judicature designated in the order, be executed by such Court as if the order were a decree for money passed by itself:

Provided that nothing in this sub-section shall be construed to derogate from any power which the Court or Judge making the order may possess for the enforcement of its or his directions with respect to the payment of costs.

STATEMENT OF OBJECTS AND REASONS.

THE object of this Bill is to apply to British India the provisions of the English Bankers' Books Evidence Act, 1879, under which copies of entries in bankers' books are made receivable in evidence under certain conditions.

The 6th February, 1891.

ANDREW R. SCOBLE.

S. HARVEY JAMES,
Secretary to the Government of India.

Dangerous banks off Phelans point—Ping Yang inlet approach.

The following Notice to Mariners, issued by the British Admiralty (No. 710 of 1890), is republished :—

Information has been received that a recent survey by Commander P. McGiffin of the Chinese Imperial Navy shows a dangerous bank lying about 2 miles in a north-west direction from Phelans point, in the southern approach to Ping Yang inlet by Febigers channel :—

This bank (*McGiffin bank*) extends about 3½ miles in a north-east and south-west direction, with a breadth of about 1½ miles, and has a least depth of 3 feet on its north-east extreme and 10 feet on its south-west extreme, with a depth of about 12 feet between. The 3-feet spot lies with Phelans point bearing S.S.E., distant about 2½ miles ; and the 10-feet spot with that point bearing E. by S., distant about 2 miles. Between McGiffin bank and Phelans point, also to the south-westward, there are apparently no dangers.

Approximate position of 3-feet spot on Admiralty Charts, lat. 38° 25′ N., long. 124° 41′ E.

Also, that a bank, with a least depth of 3 feet, is shown in the approach to Febiger channel from the westward, lying with the west extreme of Choda island bearing N.E. by N., distant about 5 miles. About one mile eastward of the bank there is a depth of 3 fathoms, and one mile westward 10 fathoms.

Approximate position, lat. 38° 30′ N., long. 124° 38′E.

BANKA STRAIT APPROACH.

Non-existence of Ocean Mail shoal

THE British Admiralty has given notice (No. 723 of 1890) that a close examination of the locality near the reported position of Ocean Mail shoal, in the approach to Banka strait from the southward, has been made in H. N. M. surveying vessel *Blommendal*; and that no indication of shoal water was found, the least depth in the vicinity being 7 fathoms.

Consequent on this examination, Ocean Mail shoal has been removed from the Admiralty Charts.

Beacon on Vandeloos point.

It is hereby notified that a beacon has been erected at the extreme end of Vandeloos point. It is visible from a ship's deck at a distance of 12 miles. It is dome-shaped, with a large ball at the top, the *whole being painted white.*

To clear the 8-foot patch of rock, which bears S. ¾ E., distance 1 mile from the beacon, two leading posts have been erected (each 40 ft. high), with tripods built at the top. These two marks brought in one bearing W. by N. clear the above named danger, the post nearest to the beach being painted *white* and the inner one *red.*

Anchorage.—Two leading posts have been erected to the N. W. corner of the bay and about a ¼ mile to the eastward of the rest-house. These two posts brought in one bearing will lead to the anchorage, where a red buoy is moored about ¼ mile from the shore. These posts are 40 ft. high and visible 12 miles. There is a tripod erected at the top of each of these, the nearest one to the beach being painted *white* and the further one *red.*

CHINA.

Gap Rock and surrounding dangers.

All bearings magnetic. Scale, 1 cable or 200 yards.

The dangers in the vicinity of the Gap Rock consist of three submerged reefs marked on plan* *A*, *B*, and *C*: of these, *A* is the only one likely to prove dangerous to shipping.

A is situated due west from the flagstaff on the highest point of the island, distant ¾ of a cable, and ¼ a cable from the nearest point of the shore. It consists of three heads, and has 9 ft. least water upon it.

B is situated N. 18 W. from the flagstaff, $\frac{8}{10}$ of a cable distant, and about 30 yards from the nearest point of the island; it has 3 ft. of water upon it.

C is situated N. E. by N. ½ N. from the flagstaff, distant $\frac{9}{10}$ of a cable, and about 50 yards from the shore. It consists of two heads, the inner being awash and the outer having 7 ft. upon it. These appear to be all the dangers in the neighbourhood.

Note.—These positions, though sufficiently correct for all practical purposes, are not, strictly speaking, accurate, as the state of the weather prevented any instruments being landed. The shape of the island is taken partly from observation and partly from a sketch by the Engineer in charge of the works.

Yojibei and Manaita beacons, Shimonoseki Straits.

Notice is hereby given that Yojibei and Manaita beacons in Shimonoseki straits have been converted into lighted beacons, and that the lights will be exhibited on and after the 15th instant.

The beacons are built of stone, circular, in horizontal section and surmounted by small lanterns.

Manaita beacon is painted in black and white horizontal bands, and will show a fixed white light visible through an arc of 270° between the bearings of N. 88° 35′ E. and N. 1° 25′ W.

Yojibei beacon is painted red, and will show a fixed red light visible through an arc of 270° between the bearings of S. 20° 58′ E. and N. 69° 2′ E.

The bearings are true, and as observed from the beacons.

The elevations of the lights above the level of high water spring tides willbe 19 ft. and in clear weather they will be seen from a distance of 3 nautical miles.

Note.—The lights will be kept burning day and night by self-feeding arrangement without the attendance of a keeper. Should the lights go out by accident, there may be some delay in re-lighting them.

GOVERNMENT OF BENGAL—PUBLIC WORKS DEPARTMENT.

Irrigation.

Dated Calcutta, the 5th February 1891.

RESOLUTION.

READ—

The Embankment Reports for 1889-90.

The expenditure from Provincial funds on Bengal embankments during 1889-90 and the previous year was as follows:—

	1889-90.	1888-89.
	Rs.	Rs.
In Orissa	2,01,623	1,98,896
Other than Orissa—		
Government embankments	4,20,837	4,54,509
Tuccavi embankments under contract ...	1,51,667	1,29,796
Total	7,74,127	7,83,201

2. The embankments in Orissa are maintained by Government under Act XXXII of 1855. To all other embankments in the province the provisions of the Bengal Embankment Act [Act II (B.C.) of 1882] are applicable. The Government embankments proper are enumerated in Schedule D of the Embankment Act. This Schedule includes those embankments the maintenance of which is incumbent on Government under the provisions of the Permanent Settlement, those of the old Burdwan Estate which were taken-over in 1804, and some additional lengths which have from time to time been added to the Schedule. Tuccavi embankments under contract are the property of the zemindars, but are maintained by Government under an agreement extending over a fixed term of years. In the accompanying statement the lengths of embankments (whether the property of Government or of private persons), for the up-keep of which provision is made in the Provincial budget, are shown. In addition, many other tuccavi embankments not under contract are kept in repair by Executive Engineers. The expenditure on these is not, however, included in the budget. The sums required for the repairs are advanced by Government and subsequently recovered from the owners by the district officers.

3. By the addition of the Chowmook Embankment, about 6 miles long in the Midnapore district, which has been brought into Schedule D, the length of Government embankments has increased from 1,127 to 1,133 miles. The cost of maintenance, however, exclusive of charges for Establishment and Tools and Plant, was Rs. 2,92,541 against Rs. 2,98,623: the average mileage rate of repairs has therefore fallen from Rs. 264·95 in 1888-89 to Rs. 258·13 in 1889-90. The expenditure on maintenance is chiefly incurred in making good the damage caused to the embankments by excessive floods; and though, generally speaking, the highest flood levels recorded in 1889 on the embanked rivers were unusually low, and little damage was done, large sums were spent in meeting charges both for earthwork and land incurred in constructing retired lines at points which had been breached or threatened by the very high floods of 1888. On the Bhagirathi river, however, in the Moorshedabad district, the floods experienced in 1889 exceeded the highest previously recorded, notwithstanding that the level of the Ganges, of which the Bhagirathi is a spill-outlet, was comparatively low. By the widening of one of its intakes or mouths, a larger discharge is now admitted into the Bhagirathi than can be carried between the embankments lower down, and serious breaches occurred during the year. The average mileage rate of maintenance in 1889-90 was higher on the Moorshedabad than that on any other Government embankment, being Rs. 442 against Rs. 356 in the previous year. A survey of the intakes of the Bhagirathi has now been carried out, and the question as to the best means of dealing with the discharge is being considered.

4. Of 479 miles of tuccavi embankments under contract, those of the river Gunduk measure 237 miles, while the remaining 242 miles are in the Midnapore district. The floods in the Gunduk during the rainy season of 1889 were unusually high, some of the gauge-readings being higher than any previously recorded. Little damage, however, occurred to the lengths of the Gunduk embankment in the Mozufferpore and Sarun districts, which were respectively maintained in good order at rates of Rs. 196 and Rs. 145 per mile. The attack of the river was mainly directed, as in the previous year, against the Chumparun bank, and here the actual cost (exclusive of charges for establishment and tools and plant) of maintaining 65 miles of embankment was Rs. 40,393, a mileage rate of no less than Rs. 621. As Rs. 37,340 was spent on "river protective works," it appears that this excessive outlay was mainly incurred in the endeavour to hold the line of the embankment at the points endangered. Three breaches are, notwithstanding, reported to have occurred, necessitating the construction of retired lines, which are being carried out in 1890-91. The comparatively small results achieved at great cost point to the necessity for a more guarded use of spur work in the future; and the Chief Engineer has already issued instructions to this effect. The tuccavi embankments in the Midnapore district were maintained at an average actual cost of Rs. 141 per mile as against Rs. 144 in the previous year. The annual amount payable by the zemindars for all tuccavi embankments under contract is Rs. 1,02,315, against which the expenditure during the year, including all charges, was Rs. 1,51,667.

5. The expenditure on tuccavi embankments not under contract was Rs. 22,205 against Rs. 23,156 in 1888-89.

6. During the year the continued attention of the Chief Engineer has been directed to the deterioration (noticed in the Resolution of last year) of the natural drainage channels in the embanked districts. In the case of two tracts which are especially liable to inundation from this cause, the portion of the Hooghly district lying between the Damuda and Rupnarain rivers, and the Contai sub-division of Midnapore, definite treatment, involving the removal of certain lengths of embankment, has been proposed. This remedy, whatever its ultimate results, cannot be carried out without payment of compensation and some loss of land revenue. The question of cost is being considered in the Revenue Department of this Government.

By order of the Lieutenant-Governor of Bengal,

J. M. McNEILE, *Col.*, R.E.,

Secretary to the Government of Bengal.

[ACCOMPANIMENT TO BENGAL GOVERNMENT RESOLUTION No. 242*I*, DATED 5TH FEBRUARY 1891.]

Abstract of the results of Meteorological Observations taken at the Alipore Observatory in the month of January 1891.

	Inches.	Date.	Hour.
The mean pressure of the month	30·017		
The average pressure of January from 24 years' registers ...	30·014		
The highest pressure in the month	30·176	2nd	10
The lowest pressure in the month	29·858	31st	16
The range of pressure	0·318		
	Hours.		
The total number of hours of bright sunshine during the month	277·7		
The maximum possible number of hours of sunshine ...	337·3		
	°		
The mean temperature of the month	65·4		
The average temperature of January from 24 years' registers	67·7		
The highest temperature in the month	81·6	19th.	
The lowest temperature in the month	50·7	5th.	
The range of temperature during the month	30·9		
The mean daily range of temperature	22·6		
The greatest range of temperature in one day	27·6	19th.	
	Per cent.		
The mean humidity of the month	73		
The average humidity of January from 24 years' registers ...	71		
	Inches.		
The mean vapour tension of the month	0·445		
The average vapour tension of January from 9 years' registers	0·467		
The mean cloud proportion of the month	0·44		
The average cloud proportion of January from 14 years' registers	1·38		
The total rainfall of the month	Nil		
The total rainfall indicated by a Beckley's self-registering rain-gauge (mouth of the gauge about 52 feet above the ground)	Nil		
The average fall of January from 48 years' registers ...	0·43		
The greatest fall in 24 hours	Nil		
	Days.		
The number of rainy days in the month	Nil		
The average number of rainy days in January from 24 years' registers	2		
	°		
The mean maximum equilibrium temperature of solar radiation during the month	130·7		
The mean difference of sun and air temperatures	53·6		
The greatest sun temperature	134·6	9th.	
The greatest excess of sun over air temperature	58·9	24th.	
The mean temperature of the nocturnal radiation thermometer on woollen cloth	46·5		
The mean depression of the nocturnal radiation thermometer below the minimum air temperature at 4 feet above the ground	8·5		
The greatest depression of the nocturnal radiation thermometer below the minimum air temperature	10 5	15th.	
	Miles		
The mean movement of the wind per day	46·2		
The greatest movement of the wind in one day	116·0	27th.	
The greatest movement of the wind in one hour	15·0	29th, 11 to no n.	

The number of hours with winds from each of the 8 points—

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of past years (at the Park Street Observatory). The barometer is about 8 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 2·5° lower; and finally, the thermometer which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

SUMMARY OF THE RAINFALL AND METEOROLOGICAL OBSERVATIONS TAKEN IN BENGAL, AND OF THE METEOROLOGICAL OBSERVATIONS TAKEN IN ASSAM, DURING THE MONTH OF JANUARY 1891.

THE chief features in the meteorology of January have been—

1. The variations of pressure during the month have been larger than usual at this season of the year, but the mean pressure has not varied much from the normal. For the first ten days the mean pressure was about normal or slightly below it, but for the last three weeks of the month it was in slight but distinct excess, the excess usually ranging from about one to three-hundredths of an inch. For the whole month the mean pressure has been in excess of the normal at the majority of stations, but the variations are not usually larger than a hundredth of an inch. In Assam there has been a defect of about two hundredths of an inch.

2. Temperature was in slight defect at the beginning of the month, but from about the 3rd to the 24th the mean temperature was from about 1° to 2° or 3° in excess of the normal, though for the last week the general temperature was nearly normal or slightly below it. For the whole month, therefore, in Bengal the mean temperature has been about a degree in excess, while in Assam temperature has also been in excess, but only by about half a degree.

3. Humidity has been in distinct excess at almost all stations in Bengal and Assam, the excess amounts varying up to eleven per cent. at Berhampore.

4. Cloud proportion has been in distinct defect at almost all stations in Bengal, but it has been in excess in Assam, the excess being comparatively large at Sibsagar.

5. The number of barometric depressions originating in or coming from Northern India has been small, and those which have passed through Bengal in January have been only two in number, and of these only one has been of any considerable importance. One small depression advanced over Bengal from the 8th to the 10th instant, but gave no rain, though a wave of high temperature accompanied it. The second depression passed over Behar and Bengal on the 23rd and 24th, and gave fairly general, and in some cases heavy, rain in all districts except East Bengal and Orissa.

6. The rainfall in Chutia Nagpur and Behar has been from twice to nearly three times as large as usual in January. In North Bengal it has been nearly equal to the normal, and in South-West Bengal equal to about half the usual amount. Orissa and East Bengal have been practically rainless.

The weather conditions for January therefore call for few explanatory remarks. At the commencement of the month the conditions were fairly normal for the season in Bengal and Assam, and they continued so up till about the 8th. For some days previous to the 8th, however, a barometric depression had existed over North-Western India, which gradually travelled in a south-easterly direction, becoming more feeble and diffused in its advance. It commenced to spread over Behar on the 8th, and over Bengal generally on the 9th, and in passing through Bengal it caused an alteration in the wind system, and on the latter day winds became southerly and south-westerly at many stations. Skies also clouded over considerably, and the southerly winds brought up much moisture, rendering the air very damp, though no rain fell. The rise in temperature accompanying the depression was large, and on the morning of the 10th the temperatures reported were generally about 5° in excess of the normal. A rapid rise of pressure and reduction of temperature accompanied the disappearance of the depression on the 11th and 12th, and from this date up to the 23rd the meteorological changes in Bengal were comparatively unimportant. A rapid fall of pressure had, however, commenced on the 21st over North-Western India, which continued on the 22nd, on which day a feeble depression existed over part of the Punjab. The effects of this were at first felt very slightly at the stations in the plains, though a gale of wind and a heavy snow storm were reported from the hill stations. The depression continued to deepen on the 23rd, on which day it covered the east of the Punjab, North-West Provinces, and Central Provinces, the centre being near Sutna. The depression was a very influential one and accompanied by a cyclonic circulation of winds, and on the 23rd winds at some of the Behar stations showed that they formed part of the advancing storm, while pressure also commenced to fall, and a few showers were reported in parts of South Behar. The depression continued its easterly or south-easterly advance on the 24th, and on this day covered a large part of Bengal, but at the same time it commenced to fill up and disperse. With the advance of the depression, general, and in many cases heavy, rain fell in all districts except East Bengal, Orissa, and the southern parts of South West Bengal. A very rapid rise of temperature also occurred in connection with the advancing storm, while skies became heavily clouded, and these conditions continued for a day or two, until the 26th, when normal cold weather conditions again set in until the conclusion of the month. In the last few days of the month, indeed, a wave of cold air, produced probably by the snow on the hills, advanced over Bengal, and on the last day or two some very low temperatures were recorded.

Pressure.—At the close of December, and for the first few days in January, pressure was slightly above the normal. For the week ending January 10th, the mean pressure was in defect by three to four-hundredths of an inch, but from the 10th to the 31st it was in usually slight excess, except during the period during which the barometric depression was passing over the province from the 23rd to the 25th. For the month distinctly defective mean pressures are recorded in Assam, and the defect extends to a few stations in North and East Bengal, but the defect is usually not larger than one or two-hundredths of an inch. On the other hand, the stations over the remainder of Bengal and Behar usually show an excess of about a hundredth of an inch.

Temperature.—For the greater part of the month the mean temperature has been in slight excess of the normal, but the excess has not usually been larger than about 1° to 2°, while there was an almost corresponding defect in the first few days of the month and in the last week. North and East Bengal show an excess of from one to two degrees in the mean temperature of the month, while the excess in all the other districts of Bengal and in Assam is from half to one degree. Towards the close of the month some decidedly low minimum temperatures were registered. Thus in North Behar a temperature of 40° was recorded at Motihari on the 22nd. In South Behar a temperature of 42·9 was registered at Buxar also on the 22nd, and in Chutia Nagpur one of 42·4° at Ranchee on the 3rd of January.

The actual oscillations and variations of temperature from the normal for the month are clearly seen in the following table, where the variations from the normal of the average maximum, minimum, and mean temperatures at nine typical stations in different districts of the province are given :—

Rainfall.—An average rainfall of from one to nearly one and-a-half inches has occurred in Behar and Chutia Nagpur, and these districts have therefore received falls very considerably in excess of the normal, for the general normal fall in these districts is from half to two-thirds of an inch. In North Bengal there has been an average fall of 0·38 inch, or about four-fifths of the normal amount, and in South-West Bengal a fall of 0·24 inch, which is only equal to half the normal amount. East Bengal and Orissa have been almost absolutely rainless. In Chutia Nagpur, Behar, and North Bengal the falls have been fairly equally distributed in the various districts, but in South-West Bengal, while the Beerbhom, Bancoorah, Burdwan, and Moorshedabad districts have received fairly good falls, the districts of Midnapur, 24-Pergunnahs, Howrah, Hooghly, Nuddea, Jessore and Khulna have received practically no rain.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the month of January 1891 :—

Explanation.—*Summary.*—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the The humidity of the atmosphere is expressed at percentages, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The num ... the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the ... stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

Explanation—..... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 9th February* 1891.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING SATURDAY, THE 7TH OF FEBRUARY 1891.

AT the commencement of the week weather was fairly normal for the season, though temperature was about one or two degrees higher than usual, and on the 1st there had been a rather rapid fall of pressure which had become about a tenth of an inch below the normal, but a steady north-westerly and northerly wind current was generally blowing. On this day, however, a rather deep barometric depression made its appearance in North-Western India, and on the 2nd an exceptionally deep storm covered the north-west of the Punjab, the centre being near Rawal Pindi. Near the centre of the storm the depression of the barometer exceeded half an inch, and the storm gave strong cyclonic winds and gales over the whole of North-West India, and was accompanied by rain in the plains and snow in the hills. Apparently in connection with this storm pressure began to fall slightly in West Behar on the 2nd, though over the other parts of Bengal pressure was rising. Winds also in the west of Behar began to show the influence of the storm, and temperature rose by about 2° and became from one to five degrees above the normal. The large storm must apparently have broken up against the Himalayas, for on the morning of the 3rd a very feeble subsidiary depression only existed over parts of the North-West Provinces and Behar, which was surrounded by a distinct cyclonic circulation of winds In Bengal pressure had only fallen slowly with the advance of the depression, and even in Behar the fall was only about a twentieth of an inch, but pressure had become generally about a sixth of an inch below the normal. A rather rapid increase of temperature, amounting in some cases to four and five degrees, took place in Bengal in connection with the advancing depression, but it was not sufficiently influential in Bengal to do more than give two or three light showers in the Chumparun district of North Behar. The major part of the storm, however, in breaking up in the Himalayas apparently gave a heavy snowfall, for Murree reported a snowstorm, and no less than three and-a-half inches of rain or snow water were collected in the 24 hours ending 8 A M. of the 3rd, so that perhaps three feet of snow may have fallen. On the morning of the 4th the feeble depression had travelled into North Bengal and was moving towards Assam, for at such stations as Dhubri and Sibsagar pressure was quarter of an inch below the normal Winds again in Bengal showed the influence of the depression, and temperature also again rose, the increase in some cases equalling from 5° to 7°, but on this day no rain at all was reported, though the sky was moderately clouded in the north-eastern districts. On the 5th, the depression had quite disappeared from Bengal, and there had been a rise of pressure of more than a tenth of an inch. Normal westerly and north-westerly winds set in, humidity generally fell very rapidly, the sky cleared, and weather again became settled. The greatest changes perhaps took place in the temperature, and a cold wave of air, probably produced by the heavy fall of snow in the Himalayas, commenced to flow over Bengal, which caused an extremely rapid reduction of temperature on this and the following days. The fall in the mean temperature reported on the morning of the 5th generally varied from about 2° up to 9° at such stations as Mozufferpur, Hazaribagh, Nya Doomka, and Rampur Beauleah. On the 6th a further fall ranging from 4° to 6° took place, and temperature on this day became considerably below the normal; but again on the morning of the 7th a further fall of temperature averaging from 3° to 6° took place, and the mean temperature at such stations as Calcutta, Burdwan, Jessore, Ranchee, Gya, Patna, and Buxar became 10° below the normal of the day. On the 6th and 7th pressure, on the other hand, increased rather rapidly, and on the latter day it had become considerably above the normal, the excess averaging about a twentieth of an inch.

Pressure—Was for the greater part of the week distinctly, and on some days largely, below the normal, and on the last two days above it, but by smaller amounts. For the whole week, therefore, the mean pressure has been below the normal by rather large amounts, the defects ranging from a twentieth of an inch in the southern districts to a tenth of an inch at same stations in North Bengal.

Temperature—Was rather largely in excess of the normal for the first four days of the week, and in defect, but by even larger amounts, during the last three days For the whole week the mean tempe ature has been in defect by amounts of rather less than half a degree in all districts except North Bengal, where there has been an excess of 1·4°. Towards the close of the week some exceptionally low minimum temperatures were recorded. Thus Motihari on the 7th registered 39°, Hazaribagh on the 6th 39 9°, Arrah on the 7th 40·4°. In the southern districts Krishnagur on the 7th registered 42·3°, Burdwan 45·2°, and Calcutta 46·3°. In all cases there are remarkably low temperatures, though not the lowest known. In the case of Calcutta a lower temperature than this was recorded on the 29th of December 1878, when a minimum temperature of 45° was registered.

The distribution of temperature during the week, and its variation from the normal, are clearly seen in the table below, where the average maximum, minimum, and mean tempera-

ture at nine typical stations in different districts of the province are compared with the normal values for the same period :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

Weekly statistics of births and deaths in twenty-seven of the principal towns of Bengal for the week ending with Saturday, the 24th January 1891.

Births.

The total births registered during the week ending with Saturday, the 24th January 1891, in twenty-seven principal towns of Bengal, correspond to an annual rate of 24·3 per 1,000 of the aggregate population of those towns, which is 1,061,574. This rate is 2· higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years with which comparison is instituted, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90.	1891.

General remarks on the fluctuation of principal staples carried over the East Indian Railway during 4 weeks and 4 days ended 31st December 1890.

INCREASES.

Horses, ponies and mules.—Chiefly in Government mules sent from Howrah to Rowalpindi, and in horses from the Sonepore Fair despatched from Bankipore to Howrah.

Cattle.—This increase was in Government cattle despatched from Dinapore to Howrah for the Lushai Expedition: some camels were also sent from Moghalsarai to Howrah.

Coal and coke.—The improvement was both in the upward and downward despatches for the Public and Foreign Railways. The increase for Foreign Railways was chiefly in despatches for the Bombay-Baroda and Central India Railway to Agra and Cawnpore The increase in the downward traffic was due to large shipments having been made to coast ports.

Jute, raw.—Chiefly in receipts from the Eastern Bengal State Railway *vid* Nahati and Sahebgunge.

Rice (husked and unhusked).—Chiefly in despatches from Burdwan, Raneegunge, and other rice-despatching stations on the Howrah district to Calcutta for local consumption and export to coast ports; and from the loop-line stations and the Assam-Behar State Railway *vid* Sahebgunge, both upwards and downwards.

Other rain and spring crops.—The increase was chiefly in cheap food-grains from stations on the Bombay-Baroda and Central India Railway to stations on the Tundla district and to the Oudh and Rohilkhand Railway.

Hides of cattle.—Chiefly in despatches from Digha Ghât and Cawnpore to Howrah for export to Europe.

Lac.—Chiefly in despatches from the Asansol-Gaikora Section of the Bengal-Nagpore Railway *vid* Asansol, and from Mirzapore to Howrah.

Salt.—The increase in this commodity was partly in despatches of imported salt from Howrah to the Tirhoot and the Bengal and North-Western Railways; also in Sambhar salt *vid* Hathras and Aligarh to stations on the Oudh and Rohilkhand Railway.

Seeds.—The improvement was chiefly in linseed and poppy seed from several stations on the Tirhoot State Railway to Howrah for export. There was a heavy decrease in mustard seed from the Sahebgunge district to Howrah and in indigo seed from Delhi to Cawnpore.

Sugar (refined and unrefined).—Chiefly in despatches of sugar from Howrah to stations up-country and from Tarighât and Buxar to stations on the Bombay-Baroda and Central India and the Great Indian Peninsula Railways There was also a heavy increase in the short lead despatches of jaggry from the North-Western Railway *vid* Ghaziabad and Delhi to stations on the Bombay-Baroda and Central India Railway.

Bones.—Chiefly from Digha Ghât, stations on the Gya line, and the Oudh and Rohilkhand Railway *vid* Moghalsarai to Bally and Chitpore

Potatoes.—Chiefly from Patna, Dinapore and *vid* Moghalsarai to Howrah.

DECREASES.

Cotton.—This is a continuation of the falling off as reported last month and was chiefly in despatches from Cawnpore and stations above to Howrah and Bombay.

Piece-goods, European.—Chiefly in despatches from Howrah to North-West Provinces and Delhi.

Indigo.—From Tirhoot, Bhagulpore and Purneah to Howrah owing to a poor outturn.

Other fibres, raw.—The falling off was chiefly in hemp from Allahabad and Moghalsarai to Howrah, Bhadreswar and Chitpore and in sabbay grass from Bariarpore to Bhadreswar Ghât

Wheat.—Chiefly in despatches from stations on the Sahebgunge district, and from the Oudh and Rohilkhand Railway *vid* Moghalsarai to Howrah, due to old stocks having been exhausted.

Gram and pulses.—The decrease was chiefly in despatches of *khasaree, gollie* and *masoor* from stations on the Sahebgunge and Dinapore districts, and of *arhar* dall from Cawnpore to Howrah.

Government stores.—Chiefly in despatches of ordnance stores from Calcutta to Rawalpindi, Quetta, Ferozepore and Fatehgarh, and from Allahabad Fort to Agra, Delhi and other stations.

Oils.—Despatches from Howrah fell off considerably to Patna, to stations on the Allahabad and Tundla districts, and past the junctions on those districts.

Railway material, foreign.—Due to large quantities of permanent-way material having been sent in 1890 from Howrah to Umballa for the Delhi-Umballa-Kalka Railway.

(3) Every Commissioner, Deputy Commissioner and Assistant Commissioner of the Department of Paper Currency.

(4) The Mint Masters, Calcutta and Bombay.

(5) The Collectors of Customs at Calcutta and Chittagong.

(6) The Judges of the Courts of Small Causes at Calcutta and Sealdah.

(7) The Secretary and Treasurer of each of the Presidency Banks, and every Agent in charge of a branch of any of the said Banks.

(8) The Secretary, Manager, or other principal officer of the several offices and agencies in India of each of the following Banks :—

Agra Bank, Limited; Alliance Bank of Simla, Limited; Chartered Mercantile Bank of India, London and China; Chartered Bank of India, Australia, and China; Comptoir National d'Escompte de Paris; Delhi and London Bank, Limited; Hong-Kong and Shanghai Banking Corporation; National Bank of India, Limited; New Oriental Bank Corporation, Limited.

(9) The Chairman, Vice-Chairman and Secretary of—
the Commissioners for the Port of Calcutta, the Trustees of the Port of Bombay, the Trustees of the Harbour of Madras, the Trustees of the Port of Karachi, and the Commissioners for the Port of Rangoon; and

(10) The Chairman, Vice-Chairman and Secretary of the Municipal Corporation of Calcutta; the Municipal Commissioner and the Deputy Municipal Commissioner for the City of Bombay and the Secretary of the Municipal Corporation of the City of Bombay; and the President, Vice-Presidents and Secretary of the Municipal Commissioners for the City of Madras.

2. And in exercise of the powers conferred by clauses (4) and (10) of section 28 of the same Act, the Governor-General in Council is pleased to prescribe the following rules :—

Counterfeit or fraudulently reduced silver coin.

(1) When any silver coin purporting to be coined and issued under the authority of the Government of India is tendered to any officer authorised, by paragraph 1 of this Notification or by any order of a Local Government, to act under section 16 of the Indian Coinage Act, 1870, and the officer has reason to believe it to be counterfeit, or to have been reduced in weight otherwise than by reasonable wearing, he shall cut or break such coin, and, under section 17 of the said Act, return the pieces to the person tendering the coin.

Silver coin called in by proclamation.

(2) When any silver coin purporting to be coined and issued before 1st September 1835, under the authority of the Government of India, is tendered to any such officer, he shall cut or break such coin, and, at the option of the person tendering the coin, return to him the pieces, or retain them and give credit for them at the rate of one rupee per tola (that is, 180 grains Troy weight).

Rupee or half-rupee reduced by reasonable wearing.

(3) When any rupee or half-rupee purporting to be coined and issued under the authority of the Government of India on or after the 1st September 1835 is tendered to any such officer who has reason to believe it to have lost by reasonable wearing more than two per cent. in weight, he shall receive such rupee or half-rupee at its full nominal value, but shall immediately cut or break it.

Quarter or eighth rupee reduced by reasonable wearing.

(4) A quarter-rupee or an eighth of a rupee issued by the Government of India should, when tendered to such an officer, be accepted under section 13 of the Act as legal tender for a fraction of a rupee, even though it may have lost by reasonable wearing more than two per cent. in weight; such a coin should not be withdrawn from circulation, unless by reason of the obliteration of the device upon it, or for any other reason, it appears to be unfit for circulation, in which case it shall not be cut or broken, but shall be dealt with under rule (8) or rule (9) as the case may be.

Extract from Act No. XXIII of 1870 – *India.*

13. The said rupee and half-rupee shall be a legal tender in payment or on account:

Rupees and half-rupees a legal tender.

Provided that the coin has not lost more than two per cent. in weight:

Provided also that it has not been clipped or filed, or defaced or diminished, otherwise than by use.

The quarter-rupee and eighth of a rupee shall be legal tender only for the fractions of a rupee, subject to the second proviso contained in this section.

Four-anna and two-anna pieces.

Defaced silver coin.

(5) Silver coin issued by the Government of India, which has been defaced otherwise than by shroff marks, should not, when tendered to such an officer, be cut or broken, but should be returned to the tenderer.

(6) Silver coin issued by the Government of India which has been defaced or diminished only by shroff marks should, when tendered to such an officer, be received at its full nominal value; it should not be cut or broken, but should be withdrawn from circulation and disposed of under rule (8) or rule (9), as the case may be.

Shroff marked silver coin.

(7) In cutting or breaking any coin, officers should avoid completely dividing it, as it is often convenient to identify the parts of a particular coin. Such identification becomes practically impossible if the pieces are wholly separated. Care should, however, be taken that the destruction is complete.

Method of cutting and breaking.

(8) Silver coin received by Government officers under these rules and withdrawn from circulation shall, whether or not it has been cut or broken under these rules, be sent by the first convenient opportunity to the Master of the Mint at Bombay or Calcutta, or to any principal treasury appointed by the Accountant-General or Comptroller to receive such coin for remittance to the Mint. Such coin will be credited in the officer's cash balance as "uncurrent coin" at the actual value at which it has been received, and on transfer to the Mint will be credited at the rates prescribed in these rules, any loss incurred in re-coinage being taken as a charge of the Mint.

Cut, broken or withdrawn coin how disposed of by Government officers.

(9) Silver coin received by an officer other than a Government Officer under these rules and withdrawn from circulation should, whether or not it has been cut or broken under these rules, be sent to the nearest Government treasury, where it will be paid for at the rates respectively prescribed in these rules, and thereafter it will be dealt with in the manner prescribed in rule (8).

Cut, broken or withdrawn coin how disposed of by other than Government officers.

PUBLIC WORKS DEPARTMENT,—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION No. 43.

Dated the 10th February 1891.

THE subjoined annual accounts and reports of the Road Cess Committees of the districts of Hazaribagh, Lohardugga, Manbhoom, and Singbhoom for the year 1889-90, together with the remarks thereon of the Commissioner of the Chota Nagpore Division, are published for general information.

W. B. BESTIC,
Under-Secy. to the Govt. of Bengal.

No. 49D.R., dated Hazaribagh, the 17th June 1890.

From—COLONEL C. H. GARRETT, Chairman, District Road Cess Committee, Hazaribagh,

To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit the following report on the operations of the District Road Funds of this district during the cess year ending 31st March 1890, together with the detailed accounts of income and expenditure for that period.

2. Two meetings of the District Committee were held during the year under review, in both of which a quorum was obtained, and the attendance of the members was fairly satisfactory. * * * * * *

3. The following is a summary of the business transacted by the Committee during the year under report:—

(1).—Preparation of the budget estimate for 1890-91.

(2).—Passing of annual accounts and report for 1889-90.

(3).—Re-election of Vice-Chairman.

(4).—Distribution of village road grants for 1889-90.

(5).—Appointment of a Sub-Committee of Audit under section 174 of the Act.

4. The accounts were, as usual, audited monthly by a Sub-Committee appointed under section 174 of the Cess Act.

5. *Branch Committee.*—There is only one Branch Committee in this district at Giridih, which held four meetings during the year, and in which the average attendance of members was 4·2.

6. The road cess in the district was, as in the previous year, levied at the maximum rate prescribed by law.

7. The demand on account of cess on lands and mines during the year was Rs. 46,170 against Rs. 46,476 in the previous year. The decrease of Rs. 306 was the result of the annual valuation of mines under section 79 of the Act.

8. The total amount recoverable during the year, including the arrears, Rs. 9,602, outstanding at close of the previous year, was Rs. 55,772. Of this amount, Rs. 54,483 (including Rs. 1,447 paid in advance in previous years) were collected, the balance outstanding at close of the year being Rs. 1,289. A further sum of Rs. 1,556 was collected as advance for future years. The percentage of collections on current demand is 97·1.

9. Most of the arrears due at the close of the year, viz., Rs. 1,223, were due from revenue-paying estates, in which the last kist fell due on the 28th March, or three days before the close of the year.

10. *Original Works.*—The only original works taken up during the year under review were the construction of two third class inspection bungalows (one at Goomia on the Bishenghur and Goomia road, and the other at Semeria on the old Ranchi road), and the gravelling of eight miles of the Ramghur and Golah road. Owing to the very limited funds at the disposal of the Committee, no other work could be undertaken.

11. *Repairs.*—The two first class roads, viz., the road from Chowparon to Chuttra and the Hazaribagh Station roads, aggregating about 43 miles, and the gravelled portions of other roads, about 48 miles, have been maintained and are in good condition.

12. Seventeen fair-weather roads, about 315 miles, have been kept up in fair condition and are fit for cart traffic.

13. The steep gradients of unbridged rivers, ghâts, and cuttings have been improved and eased.

14. *Village Roads.*—The allotment sanctioned for improvement of village communications during the year was Rs. 12,744. Out of this amount Rs. 11,432-5 were expended, namely, Rs. 6,069-10-8 in Head-quarters sub-division and Rs. 5,362-10-4 in the Giridih sub-division. The roads in the Head-quarters sub-division were under the Supervision of the District Engineer, and those in the Giridih sub-division were under the supervision of the Branch Committee.

15. Thirteen village roads, aggregating about 300 miles, have been repaired and made passable for cart traffic.

16. *Arboriculture.*—No new trees were planted during the year. The existing trees, about 14,150 in number, have been maintained and are generally in a flourishing state. The method of protecting young trees by trenched fences, as suggested by the Director of Land Records and Agriculture, has proved efficacious and are being gradually adopted.

17. *Nursery Gardens.*—There is only one nursery garden in the Road Cess Office compound containing mango, jack, jamun, nim, kurunj and date plants.

18. *Staging-bungalows and Serais.*—The only staging-bungalow at Ramghur yielded a receipt of Rs. 216-4 during the year, and its maintenance cost Rs. 170-14-11.

19. Since the opening of the Railway to Purulia, the Ramghur dâk bungalow is hardly used, by reason of which the monthly average income has since been reduced to Rs. 8 per month. As the Committee has to pay Rs. 9 per month towards the wages of the khansama and sweeper, it is desirable that the dâk bungalow should be converted into an inspection bungalow.

20. There is a cart serai at Bogodhar on the Grand Trunk road. It yielded Rs. 84. No payments were made during the year for its maintenance.

21. Both the staging-bungalow and the serai are of little or no advantage to the Committee, the income from both being below the cost of maintenance.

H. C. MITTER,
Vice-Chairman.

No. 62D.R., dated Ranchi, the 31st May 1890.

From—COLONEL E. G. LILLINGSTON, Deputy Commissioner and Chairman, District Road Cess Committee, Lohardugga,

To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit herewith in duplicate the annual accounts and report on the working of the Road Cess Act IX (B.C.) of 1880 for the year 1889-90 terminating on the 31st March 1890.

* * * * * *

3. * * * * The attendance of both official and non-official members of the District Road Cess Committee during the year under report was unsatisfactory, for out of five officials and six non-officials, one official and two non-officials did not attend six consecutive meetings: out of the two non-officials who did not attend six consecutive meetings, one resigned.

As it was always found difficult to form a quorum for want of sufficient members, three members have been appointed during the year under report, one in the place of the member resigned and two others. Almost all the members who attended were the gentlemen attached to the Court. They have generally no experience of the interior of the district. Regarding the Palamow Branch Road Cess Committee * * * there were in all eight meetings held during the year, in three of which there was no quorum.

4. A summary of the business transacted at the meetings of the District Road Cess Committee is given below—

(*a*) Passing the budget estimates.
(*b*) Fixing the rate of road cess to be levied during the year.
(*c*) Passing the annual accounts for 1888-89.
(*d*) Passing detailed estimates submitted by the District Engineer for the repairs of different roads during 1889-90.
(*e*) Appointing contractors for the construction and repairs of different roads for 1889-90.
(*f*) Disposing of other miscellaneous business.

5. Babu Dabendro Lal Bose held the office of Vice-Chairman from May to December 1889 as a temporary measure, and the Joint-Magistrate Mr. L. P. Shirres from January to middle of March 1890, there being no Vice-Chairman during April 1890 and for a few days of March 1890: the office of the Vice-Chairman was under my direct supervision. The cheques were signed by the Executive Engineer in place of the Vice-Chairman as *ex-officio* member of the Committee.

6. The demand on account of cess on lands and mines during the year, including arrears of last year, amounted to Rs. 52,567. Of this Rs. 584 was collected as advance during the previous year, and Rs. 37,882 has been collected within the year under report, thus leaving a balance outstanding on the 31st March 1890 of Rs. 14,101. In addition to the above, a sum of Rs. 544 was collected in advance on account of the ensuing year 1890-91.

The cause of this heavy balance is that the Maharajah of Chota Nagpore failed to pay the cesses due from him on account of March 1890 kist within the year on account of his not being able to collect the rent and cesses from his jagirdars and elaquadars owing to the recent Kol disturbance; also to the fact that no action was taken for the realization of the arrears of Rs. 3,325 due from the elaquadars and jagirdars of the Palamow sub-division owing to constant changes of the Sub-divisional Officers of Palamow.

7. The cess was levied at the maximum rate during the year under report.

8. The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Vice-Chairman and one English-knowing member of the Committee.

9. *Original Works.*—The large savings under this head were chiefly caused by the postponement of the reconstruction of a bridge on the 46th mile of Ranchi and Lohardugga road, which was not taken in hand this year, as there was a proposal for constructing a *bandh* or tank in lieu of the bridge, and the question could not be decided till towards the close of February last, when it was too late to complete the work within the year. It was, however, subsequently settled that the bridge should be built and not the *bandh*. The amount allotted for the gravelling of the approaches to the bridge and the diversion also could not be expended owing to the earthwork completed during the rains not having properly settled. Allotments have, however, been made in the budget estimate of 1890-91 for the completion of the above works.

Out of the total provision made in the budget estimate of 1889-90 on account of original works, only three bridges on the Ranchi and Lohardugga road, which had been under construction during the previous year, were properly finished in the year under report.

All the earthwork in the diversion constructed for the purpose of selecting better sites for these bridges was also completed.

Survey.—Survey was made of the road from Lohardugga towards Chuttra, Ranchi-Palkote road, road from Bundu towards Jhalda, road from Orenga Stream to Daltongunge and two village roads, and plans were prepared of them. Some drawings for the preparation of projects for original works in Ranchi-Lohardugga road, Ranchi-Chandil road, and Ranchi-Gola road were made.

Arboriculture.—Some 500 new seedlings of mango, jack, karanj, and mohua were planted along the Ranchi-Lohardugga road and protected by bamboo gabions. Plants along both sides of roads aggregating 70 miles in length were kept in order. New gabions were supplied to nearly half of the plants. Some fresh seedlings had to be planted to replace those which died.

Inspection huts.—The inspection hut at Lateyhar or Orenga Stream, Daltongunge road, which belonged to the Police Department, and was for sale, was purchased by the Committee. Three more huts were built previously through the Police Department by an advance made to that Department on account of them.

Repairs.—Lalpore-Hazaribagh Road.—Metalling was renewed in about one-fourth mile of the road, and gravel put over the metalling in the entire length.

Ranchi-Booti Road.—Gravel was renewed at places and the road was maintained in good order.

Ranchi-Lohardugga Road.—This is the most important of the roads under the Road Cess Committee, and has much cart traffic which has considerably increased this year, due evidently to the opening of the Purulia Section of the Bengal-Nagpore Railway. The road requires metalling throughout its length. It is beyond the means of the Road Cess Committee to meet the cost for metalling and to keep the road in proper repairs. An application has been submitted to the Commissioner, requesting either that a Government grant be made for the road, or that it may be taken over as a provincial civil road. During the year under review about 7 miles of the road were gravelled. This gravelling has been completed on the road up to 21st mile commencing from Ranchi, and at places in the remainder of the road where it passes through low lands and the soil is clay, earthwork in patch repairs was executed and several bridges were repaired.

Anandi towards Gola Road.—All the culverts in the road which had been, more or less damaged were thoroughly repaired and the road maintained in good order.

Lohardugga towards Chuttra Road.—One bridge, 12 feet span, with sâl timber roadway, was entirely re-constructed. Several bridges were repaired and the road kept passable by petty repairs.

Ranchi-Chandil Road.—A bridge over Nailgurrah nulla, having a span measuring 20 feet, with rubble masonry abutments and *bullah* roadway, was completed: several temporary bridges were renewed or repaired, and the road was maintained passable for traffic.

Ranchi-Palma Road.
Ranchi-Pithoria Road.
Ranchi-Palkote Road.
Khunti-Kamdera Road.
Palma-Lohardugga Road.

These roads were maintained in fair order; several temporary bridges reconstructed.

Lohardugga towards Sumbulpore Road.—About 7 miles of the road were reconstructed this year in place of mere track hardly passable for traffic. Several temporary bridges were constructed and the road kept up in good order.

Bundu towards Jhalda Road.—Petty repairs were undertaken.

Kuru to Orenga Stream Road.—Reconstruction of a bridge 45 feet long, with rubble masonry abutments and timber roadway, was nearly completed. Petty repairs were undertaken.

Orenga Stream to Daltongunge Road.—A pucca bridge, 15 feet in length, was reconstructed in the 8th mile; several temporary bridges were renewed, and the road was maintained in fair order.

Daltongunge to Moharajgunge Road.—About 5 miles of the road were thoroughly reconstructed; several temporary bridges were made and petty repairs executed.

Daltongunge-Gurwa Road.—The road was kept in fair order.

Gurwa to Majwan Road.—About half the length of the road, which had been a mere track, was reconstructed with temporary bridges.

Majwan-Jupla Road.—About 8 miles of the road were thoroughly renewed this year; many temporary bridges were constructed.

Gurwa-Untari Road.—Only petty repairs were undertaken.

Daltongunge towards Sherghotty.—Only petty repairs were undertaken.

Leslygunge-Pankey Road.—Only petty repairs were undertaken.

Daltongunge-Patan Road.—About 3 miles of the road reconstructed this year.

Petty roads in Sudder-sub-division.—They were maintained in good order.

Village Roads.—In the head-quarters sub-division about 45 miles of road were constructed; some 30 miles taken in hand last year, but partially constructed, were completed, and about 100 miles kept in repairs. In the Palamow sub-division only about 3 miles of roads were gravelled, and in about 10 miles petty repairs were executed. The Branch Committee could not spend a great portion of the grant for village works, and this has lapsed. The grant for village road was not even allotted to different works. This is owing to the frequent changes of the sub-divisional officers in the sub-division during the year.

Staging bungalows.—A spacious bungalow belonging to the Police Department was received in exchange of the inspection bungalow at Daltongunge; thorough repairs had to be undertaken to it; one bungalow was under thorough repairs. All the other bungalows and huts were maintained in fair order and petty repairs done to them.

As the district was under revaluation, and a large amount had to be taken out of the usual grants for repairs (which even are not adequate for proper maintenance of the roads), to meet the cost of the establishment entertained for the purpose, in some cases roads could not be kept up in such good order as in other years.

Accounts.—The monthly accounts of the Road Fund and of the District Engineer's Office were examined by the Vice-Chairman and two other English-knowing members of the Committee who were appointed for the purpose.

The Local Auditor and Examiner inspected this and the District Engineer's Office on the 18th December 1888, and the result was very satisfactory, as mentioned in my last year's report. The Examiner of Local Fund Accounts inspected the office of the Chairman during last December 1889

The establishments entertained under the Road Cess Act are—

(*a*) Establishment for collection of revenue.
(*b*) Committee's office establishment.
(*c*) Engineering establishment.

The establishment for collection of revenue at head-quarters consists of one head-clerk and accountant, one assistant clerk, one mohurir, and one peon. These officers also do the work connected with the Committee's office, for which there is no separate establishment. The establishment under the Sub-divisional Officer of Palamow consists of one clerk and one peon.

* * * * *

The roads, bridges, and culverts mentioned in the budget estimate for 1890-91 are the works proposed to be taken in hand during the year 1890-91.

The works have all been executed by contract during the year under report, and the small sums advanced to the contractors have been adjusted, except in a few cases.

From—E. N. BAKER, ESQ., C.S., Deputy Commissioner, Manbhoom,
To—The Commissioner of the Chota Nagpore Division.

I HAVE the honour to submit a brief annual report of the operations of the Cess Act IX (B.C.) of 1880, and of the working of the District Road Committee of Manbhoom during the year 1889-90.

2. *Working of Cess Act IX (B.C.) of* 1880.—Statement B shows the demands, collections, and arrears of Road and Public Work Cesses, and interest on lands, mines, quarries and jungles, for the year 1889-90.

The outstanding balance for 1888-89 was Rs. 27,465 (including Rs. 2 on account of fractional parts as noted in the column of remarks of the statement), and the demand for the year under report was Rs. 87,492 against Rs. 43,897 and Rs. 87,762 respectively for the two preceding years, as set forth below :—

				Rs.
Arrears of cess on lands for 1887-88 ...	...	...		41,051
Do. on mines and quarries ...	...	...		1,392
Do. on jungles	...	...		1,454
	Total	...		43,897

			Rs.
Demands for cess on lands for 1888-89	...	...	80,044
Do. on mines and quarries ...	...	...	5,329
Do. on jungles	...	...	2,389
	Total	...	87,762

There was a decrease of Rs. 270 in the demand owing to the reduced assessments on some mines, quarries, and jungles. The collection of the year was Rs. 1,05,962 against Rs. 1,04,073 in the previous year, showing an increase of Rs. 1,889. The balance at the end of the year was Rs. 8,760 against Rs. 27,465 of the previous year. The percentage of collections on net demand is 92·175. The net balance that remained unrealized at the end of the year was Rs. 8,760, of which Rs. 2,444 have since been realized, and steps are being taken to realize the remainder. As usual, during the year under report the cesses were not paid regularly in many cases. There is a general tendency to postpone payment until certificates are enforced. As in previous years, the practice of giving intimation to the owners of mines, quarries, and jungles by means of post-cards was continued and has worked satisfactorily.

3. *Working of the Committee.*—During the year under report the Committee met 11 times for the transaction of its business, and in all the meetings a sufficient number of members was present to form a quorum. * * * *

The following is a summary of the business transacted by the Committee during the year :—

(1) Passing monthly accounts of the District Road Fund audited by a Standing Sub-Committee.

(2) Passing annual accounts and report for the cess year 1888-89.

(3) Passing the revised budget estimate of receipts and expenditure for the cess year 1889-90.

(4) Passing the budget estimate of receipts and expenditure for the cess year 1890-91, and discussion on the District Engineer's application for an increase of pay together with the Chairman's note on the same.

4. *Working of the Branch Committee at Govindpore.*—Babu Mohendra Nath Mukerjee, Sub-divisional Officer of Govindpore, was Chairman of the Branch Committee till the 13th June 1889, when he was succeeded by Mr. W. H. Mackenzie, and Rev. A. Campbell acted as Vice-Chairman till April 1889, when he left the sub-division. No Vice-Chairman has since been appointed yet, but Babu Damoodur Chowbay, one of the members, acts for the Vice-Chairman. The Committee held its sittings once only during the year under report in July 1889 for selecting contractors for the extension of the different road works, &c.

5. *Working establishment.*—There has been no change in the executive establishment of the Committee during the year under report, and no officer was absent from his duties on leave.

* * * * * *

6. *Works done during the year.*—Appendix B gives the abstract of all works done during the year, and the expenditure on this head.

(*a*)—SUDDER SUB-DIVISION.

Original works.—The amount provided in the budget under this head during the year under report was Rs. 4,668, of which Rs. 1,500 represent the amount contributed towards the completion of the Jubilee Town Hall, and Rs. 3,168 were allotted for the completion of the road from Burrabazar towards Bolorampore Railway Station. Both these works have been finished. The funds of the Committee do not admit of the construction of new roads except Railway feeders, which have already been provided to a fairly sufficient extent. The uncertainty whether the projected new Railway from Calcutta to the North-West would not pass throughout the district has rendered it necessary to proceed slowly.

Repair works.—The works under this head chiefly consisted of the annual maintenance of the several district roads, and, except in minor details, do not vary much in their nature from similar works in the preceding years.

The Purulia-Chybassa road, the Purulia-Bankoora road, the Rughunathpore-Bankoora road, the Rughunathpore-Ranigunge road, the Charrah branch road, and the first and second sections of the Jhapra-Govindpore road, were maintained in fair order, and petty improvements made by gravelling in some places. Of the Purulia Station roads, a portion of the main bazar road was thoroughly improved by metalling its whole width; and as traffic

has considerably increased, it is contemplated to improve some of the other roads in the same manner. In the portion of the Rughunathpore-Hazaribagh road (old Benares road) between Chandankiari and the Ijree river, which was hitherto in an unfinished state, a very useful improvement was effected by making it fit for country carts. The Damdah-Burrabazar road has lost much of its importance by the opening of the Bengal-Nagpore Railway; but the approaches to the Nengshai river, which lie beyond its junction with the Bolorampore-Burrabazar road, were improved by easing down the gradients.

The Burrabazar-Koilapal road has been much improved during the year under report. It has now been run up to village Koilapal, within half a mile of the boundary between Manbhoom and Bankoora, where it abruptly ends. There is a gap of about 15 miles (from the border of this district to the present terminus of the road from Midnapore in the direction of Koilapal), of which three miles are in Bankoora and 12 miles in Midnapore. The future importance of this road depends chiefly on the line taken by the new Railway, but in any case it seems desirable that the gap in question should be filled up.

The Purulia-Chass road has fallen in importance since the construction of the Public Works Department road from Goolbera to Chass, a valuable Railway feeder. The portion of this road from the Ijree river to Chass, which is of importance as forming part of the Rughunathpore-Hazaribagh road, was, however, improved by earthwork. It has been decided to keep up the remaining portion of the road as a village road.

The other district roads in which petty improvements and repairs were executed are the Ledhoorka-Kashipore-Gourandi and Hura-Manbazar roads.

The bridges and culverts in all the above roads, and the inspection bungalows in them, were duly repaired and kept up in good condition.

Village roads.—Besides the annual petty repairs to the several existing village roads, the following improvements deserve notice:—

(1) The Burrabazar-Manbazar road, which was completed as far as Sindree in the previous year, was extended to Chawkan, about two miles further on towards Manbazar.

(2) The Jeypore-Begoonkodur road, which was taken up during 1888-89, was made tolerably fit for country carts.

(3) The Jhaldah-Torang road was extended to the bank of the Subornorekha river, which here is the boundary between Manbhoom and Lohardugga, and some bad bits were improved by gravelling. The whole length (12 miles) is now in a fair condition.

Cart serais.—The existing serais in the several roads were repaired and kept up in good order. A shed with a tiled roof has been constructed in the Chass serai, and stones collected for metalling the compound of the Jeypore serai. No improvements were made in the serais along the Emundi-Charrah, Purulia-Burrakur and Rughunathpore-Raniganga roads, on account of their reduced importance since the opening of the Bengal-Nagpore Railway.

Arboriculture.—Not much was done under this head. Some young trees were planted in some of the Purulia Station roads, and the old ones were generally taken care of by watering them and repairing their gabions. The District Road Fund does not allow of increased outlay under this head.

(*b*)—GOVINDPORE SUB-DIVISION.

There was no original work in the sub-division. The works were wholly restricted to repairs to and improvements of the existing roads.

Repair works.—The most important work in the sub-division under this head is the improvement effected in the Govindpore-Giridi road. This road is important not only as a local trade route, but as a line of communication between the sub-divisional head-quarters of the two neighbouring districts. The road was extended to the border during the previous year. This portion was improved by earthwork and some bad bits were gravelled. The third and fourth sections of the Jhapra-Govindpore road were maintained and some bad bits were improved by gravelling. In the Govindpore Station roads, besides ordinary petty repairs, a very useful improvement was effected by protecting the outlet drain of the lake by stone-pitching. The only remaining work done in the sub-division under this head is the maintenance of the Nirsha-Jamtara road, which is fit for cart traffic only up to Pandra.

The bridges and culverts in the above roads were all repaired and kept up in good condition. The Govindpore and Rajgunge bungalows were also kept up in good condition and some useful furniture purchased for them.

Village roads.—The most important work under this head in the sub-division was the thorough improvement of the Govindpore-Jherriya road by gravelling almost its whole length. A good quantity of earthwork was done and minor improvements made in the Rajgunge-Nowagar road. The portion of the old Ranchi road between Dhanbad, on the 8th mile of the Govindpore-Jherriya road, and the Damoodah was taken up and some of the worst bits made somehow passable for country carts.

Cart serais.—The serais along the Grand Trunk road were repaired and maintained in good condition.

Vice-Chairman.

Audit certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the Office of the District Engineer, are duly kept up, and that they have been posted for the year 1889-90, and they have been duly scrutinized by the Sub-committee.

Also that the Treasury Officer's abstract of the Account of the Committee for the year has been duly received and checked with the cash and pass-books, and found to agree therewith, except in respect of the amount of impreśt in the hands of the Accountant which has been duly noted in the cash-book.

That the vouchers for the payments of the year have been cancelled; that none but duly sanctioned expenditure have been incurred, and that in the case of original works the register of monthly expenditure shows clearly the amount of sanctioned estimates, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

NANDU LAL GHOSE,
RAM DOYAL MOZUMDAR, } Members of S. S. C.

H. W. HILL,
Vice-Chairman.

* Road Cess Office,—(1) Cash-book; (2) Cash-abstract book; (3) Register of monthly receipts and expenditure; (4) Account of deposits; (5) Account of advances.

District Engineer's Office:—I Accounts, viz. (1) Files of contract certificates; (2) Files of bills for purchases or purchase lists; (3) Files of day-books; (4) Files of establishments bills; (5) Files of acquittance-rolls; II Books, viz. (2) Register of bills passed; (3) Register of works and repairs; (4) Register of tools and plant; (6) Account of advances; (7) Account of deposits.

Explanatory Note.

1. The excess expenditure of Rs. 120-12-3 under head "*Percentage cost of establishment*" is on account of the payment made during the year for the previous year.

2. The excess expenditure in some of the items of "*repair works*" is apparent, but not actual, as the budget provision shown is for the year under report, whereas the expenditure includes payment for works provided for in the previous year.

3. The excess expenditure of Rs. 508-2-5 under head "*Establishment and contingencies of office of collection*" is on account of cost of service of notices, &c., unrecoverable under sections 72, 78 and 80 of the Cess Act IX (B.C) of 1880.

Vice-Chairman.

ANNUAL REPORT ON ROAD-CESS OPERATIONS FOR THE YEAR 1889-90.

Midnapore road.—A second class road from Chybassa to Koupon Nala near Bend, a distance of 73 miles. In addition to surface repairs done in the beginning of the cold season, portions of the roads which get almost impassable for cart traffic owing to the very clayey nature of the soil have been gravelled, the aggregate length of the gravelled portion being about 5 miles. Portions of the roads from Ghatsilla to Bend were very low and have been raised. There were a number of big stones in the roadway in many places, and these have been removed. The platformed culverts received only petty repairs. There are a number of unbridged nalas in this road; for want of funds the bridges cannot be taken up. Ferries belonging to private persons ply at the crossing of these nalas during the floods in the rainy season.

Nursinggurh Bhairagora road—Which is a 5th class road, branches off from Nursinggurh, a village on the 56th mile of the Midnapore road, and extends up to Bhairagora. It is 21 miles in length. The surface of the road has received petty repairs. There was jungle in the roadway for a great length of the road, and this has been cleared. Drain cutting has been done in places.

Chybassa to Suburnrekha river, Burrakur Road—Is a third class road. It extends from Chybassa to Suburnrekha river, crossing a distance of 30½ miles. The unmetalled portions received chilchal repairs. Earthwork was executed in widening portions of road and in repairing rain damages. Portions of the kutcha road where it becomes very miry during the rains have been gravelled, the total length gravelled being over 1½ miles.

The bridges and culverts have been maintained. In the portion from 22nd to 31st miles there are three unbridged nalas, and as there is no ferry in the crossing, traffic is stopped during floods. There are two big nalas, Roro and Sunjoy, and at the crossing of the latter only a ferry plies during the rains. Since the opening of the Bengal-Nagpore Railway wheel traffic on the road has decreased to a certain extent, and as a main line of communication the road ceases to be an important one.

ORIGINAL WORKS.

Suburnarekha Ghat Improvement.—The earthwork portion of this work has been finished.

Rock-cutting at the top of the hill was taken up in the year [illegible] the work has been finished. Though, owing to the oper[illegible]

not of great importance now, for convenience of local traffic it is to be finished according to the original plan. The work is moreover on the verge of its completion.

Chybassa-Khursowan Road.—A fourth class road from Chybassa to Khursowan, a distance of 17 miles, five miles of which lie within the Khursowan Political Estate, and 12 miles are maintained from the Road Cess Fund. The surface of the road and the culverts have received petty repairs. Portions of road that become miry during the rains have been gravelled, the aggregate length of which is about half a mile. The Amda station of the Bengal-Nagpore Railway being two miles on the north-east of the point where the road is cut by the Railway, it is proposed to make a diversion of the road leading to the Station, so that this line may act as a feeder road.

Chuckradhurpur to Koksinga-Gurjan road.—This is a fourth class road, 51 miles in length, of which first 18 miles being more important has been maintained. Only chilohul surface repairs have been done.

Chybassa to Joyntigurh road.—Is a second class road, 35 miles long. Earthwork in repairing rain damages and petty surface repairs were done. In a few places gravelling has been done, the total length being over half a mile. The numerous wooden culverts are all rotten, and arrangement has been made for their repairs.

Of the village road, that from Chybassa to Kutbari has received surface repairs; gravelling has also been done in places.

Road Cess Office Building.—The works in this have been finished in this year.

Arboriculture.—Only petty repairs to gabions of some plants have been made.

* *Thalk bungalow.*—The cost of the works executed in the bungalow after measurement was found to exceed the budget allotment by a small sum which, being within 5 per cent., was paid.

† *Gamaria bungalow.*—Payments were made from the imprest, and when the final bill for the work was made out the payment already made from the imprest was not deducted in it and hence the excess payment. The excess sum paid is now being realised and credited into the treasury in favour of District Road Fund.

‡ This includes the proportionate half cost recovered from the Chairman, Chybassa Municipality.

U. J. Manook,
Vice-Chairman, District Road Cess Committee, Singbhoom.

R. H. Renny,
Chairman, District Road Cess Committee, Singbhoom.

No. 234L.F., dated Ranchi, the 17th October 1890.

From—W. H. Grimley, Esq., c.s., Commissioner of Chota Nagpore,
To—The Secretary to the Government of Bengal, Public Works Department.

I have the honour to submit the accounts and reports of the several District Road, Committees of this Division for the year ending 31st March 1890, together with the following observations and brief review.

2. The Road Committees of Lohardugga, Manbhoom and Singbhoom have in respect of certain items exceeded the allotments made in the budget estimates for the year of report. The Road Committee of Lohardugga have also made certain alterations in the budget provisions without obtaining my sanction to them. I have pointed out to the Committees that in order to meet the requirements of the law they should, at a meeting specially convened under section 121 of the Cess Act, apply to me for an amendment of their respective budget estimate under section 157. In paragraph 20 of the report from Hazaribagh the cast serai at Bagodar is stated to have yielded Rs. 84 during the year, while in the statement showing the details of income the receipt from it is shown to be Rs. 111. The difference of Rs 27 represents advance payments by the lessee for 1890-91. In the details of expenditure under heading Administration of the Road Committee of Lohardugga the term "portion of pay of Babu Nunda Lal Chatterjee, present Accountant" has been erroneously used for "allowance of the cess head clerk, Babu Nunda Lall Chatterjee, for doing the duties of accountant." In the accounts from Manbhoom the charges on account of contingencies of the office of the District Engineer have been shown under heading "Administration" instead of under heading "Public Works Establishment and Contingencies." The error has been pointed out to the Road Committee, and they will in future show these charges under the proper heading. In several cases in this district the nomenclature of the roads as entered in the schedule of public works has not been strictly followed in the preparation of the accounts. The irregularity has also been pointed out to the Committee.

3. The following statement shows the number of members in each Committee and the percentage of their average attendance at meetings:—

Committee.	Number of members.	Number of meetings held.	Percentage of average attendance to whole Committee.
Hazaribagh	22	2	50
Lohardugga	12	7	33·3
Manbhoom	14	11	28·5
Singbhoom	10	5	54

At each meeting of the Committees a sufficient number of members was present to form a quorum.

4. The cess was levied in all the districts during the year at the maximum rate allowed by law.

5. The following table shows the opening balances, receipts, charges and closing balances of the several Committees during the year:—

	Hazaribagh.	Lohardugga.	Manbhoom	Singbhoom.	Total.
Opening balances	25,647	28,957	22,387	7,767	81,758
Receipts	72,878	50,008	54,053	18,074	1,95,013
Total ...	98,525	78,965	76,440	25,841	2,79,771
Charges	69,391	64,101	52,979	19 371	2,05,842
Closing balances	29,134	14,864	23,461	6,470	73,929

In each district the balance at credit of the Road Fund at the close of the year exceeded the limit of one quarter's kist prescribed in paragraph 9 of the Government Resolution No. 422 R.C. of the 18th December 1885. In Hazaribagh, in which the balance stands highest, the last kist for the payment of the cess, amounting to Rs. 26,000, falls due on the 28th March each year, and consequently a large balance always remains unexpended when the year closes. The Committees of other districts have not submitted any explanation in respect of the high closing balances. Their attention has been drawn to the orders of Government quoted above, and they have been directed to utilize more fully in future the funds at their disposal so as not to leave larger closing balances than the limit prescribed.

6. The following table shows the amounts spent on works by the several Committees during the past and the preceding years:—

Committee.	Amount spent in 1888-89.			Amount spent in 1889-90.		
	Original.	Repairs.	Total.	Original.	Repairs.	Total.
	Rs.	Rs.	Rs.	Rs.	Rs.	Rs.
Hazaribagh	4,000	32,261	36,261	3,985	40,345	44 330
Lohardugga	10,585	37,453	48.038	2,760	33,107	35,873
Manbhoom	6,265	30,466	36.731	7,683	30,080	37.763
Singbhoom	1,316	7,705	9,021	3,841	11,051	14,892
Total ...	22,166	1,07,885	1,30,051	18,275	1,14,583	1,32,858

In Lohardugga a much smaller amount was spent on works in the past than in the preceding year. In Hazaribagh the original works taken up during the year consisted of two third class inspection bungalows and the gravelling of eight miles of the Ramgurh-Gola road. In Lohardugga three bridges on the Ranchi-Lohardugga road, which had been under construction during the previous year, were completed during the year under report, and all the earthwork in the diversion constructed for the purpose of selecting better sites for these bridges were also completed. In Manbhoom the Bolorampore-Barabazar road was finished during the past year. The public town hall at Purulia, towards the construction of which the Road Committee of the district contributed Rs. 1,500, was also finished during the year. In Singbhoom all the earthwork portion and over half the rock-cuting portion of the Subornarekha ghât improvement work were done during the year. The road cess and municipal combined office building at Chybassa was also finished during the year. The repair works in all the districts consisted mainly of maintenance of roads.

7. Generally speaking attention appears to have been paid to arboriculture by the several Road committees as far as their funds permitted. In Hazaribagh, the existing trees on roadsides, about 14,150 in number, were maintained during the year. In Lohardugga some 500 new seedlings of mangoe, jack, karanj and mohua were planted during the year along the Ranchi-Lohardugga road. These were all protected by bamboo gabions. Besides plants along both sides of roads aggregating 70 miles in length were kept in order in this district. In Manbhoom some young trees were planted in some of the Purulia Station roads, and the old ones were generally taken care of. In Singbhoom only petty repairs to gabions of some plants were made during the past year.

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 13th February, 1891, and is hereby promulgated for general information:—

ACT NO. III OF 1891.

An Act to amend the Indian Evidence Act, 1872, and the Code of Criminal Procedure, 1882.

WHEREAS it is expedient to amend the Indian Evidence Act, 1872, and the Code of Criminal Procedure, 1882; It is hereby enacted as follows:— of 1872. X of 1882.

Indian Evidence Act, 1872.

1. (*1*) For the *Explanation* to section 14 of the Indian Evidence Act, 1872, the following shall be substituted, namely:— I of 1872. Amendment of section 14, Act I, 1872.

"*Explanation 1.*—A fact relevant as showing the existence of a relevant state of mind must show that the state of mind exists, not generally, but in reference to the particular matter in question.

"*Explanation 2.*—But where, upon the trial of a person accused of an offence, the previous commission by the accused of an offence is relevant within the meaning of this section, the previous conviction of such person shall also be a relevant fact."

(*2*) For *Illustration* (*b*) to the same section the following shall be substituted, namely:—

"(*b*) *A* is accused of fraudulently delivering to another person a counterfeit coin which, at the time when he delivered it, he knew to be counterfeit.

The fact that, at the time of its delivery, *A* was possessed of a number of other pieces of counterfeit coin is relevant.

The fact that *A* had been previously convicted of delivering to another person as genuine a counterfeit coin knowing it to be counterfeit is relevant."

2. In section 15 of the said Act, after the word "intentional," there shall be inserted the words "or done with a particular knowledge or intention,". Amendment of section 15, Act I, 1872.

3. To section 26 of the said Act the following shall be added, namely:— Addition to section 26, Act I, 1872.

"*Explanation.*—In this section 'Magistrate' does not include the head of a village discharging magisterial functions in the Presidency of Fort St. George or in Burma or elsewhere, unless such headman is a Magistrate exercising the powers of a Magistrate under the Code of Criminal Procedure, 1882. X of 1882.

4. In section 30 of the said Act, immediately before the *Illustrations* the following shall be inserted, namely:— Addition of *Explanation* to section 30, Act I, 1872.

"*Explanation.*—'Offence,' as used in this section, includes the abetment of, or attempt to commit, the offence."

5. (*1*) To section 43 of the said Act the following *Illustrations* shall be added, namely:— Addition to section 43, Act I, 1872.

"(*e*) *A* is charged with theft and with having been previously convicted of theft. The previous conviction is relevant as a fact in issue.

(*f*) *A* is tried for the murder of *B*. The fact that *B* prosecuted *A* for libel and that *A* was convicted and sentenced is relevant under section 8 as showing the motive for the fact in issue."

6. For section 54 of the said Act the following shall be substituted, namely:— Substitution of new section for section 54, Act I, 1872.

"54. In criminal proceedings the fact that the accused person has a bad character is irrelevant, unless evidence has been given that he has a good character, in which case it becomes relevant. Previous bad character not relevant, except in reply.

"*Explanation* 1.—This section does not apply to cases in which the bad character of any person is itself a fact in issue.

"*Explanation* 2.—A previous conviction is relevant as evidence of bad character."

Amendment of *explanation* to section 55, Act I, 1872.

7. In the *Explanation* to section 55, after the word "but" there shall be inserted the words and figures "except as provided in section 54".

Amendment of, and addition to, section 86, Act I, 1872.

8. In section 86 of the said Act, for the words "resident in" the words "in or for" shall be substituted, and to the same section the following shall be added, namely:—

"An officer who, with respect to any territory or place not forming part of Her Majesty's dominions, is a Political Agent therefor, as defined in section 3 of the Foreign Jurisdiction and Extradition Act, 1879, and section 190 of the Code of Criminal Procedure, 1882, shall, for the purposes of this section, be deemed to be a representative of the Government of India in and for the country comprising that territory or place."

XXI of 1879.
X of 1882.

Code of Criminal Procedure, 1882.

Amendment of section 310, Act X, 1882.

9. To section 310 of the Code of Criminal Procedure, 1882, the following shall be added, namely:—

X of 1882.

"Notwithstanding anything in this section, evidence of the previous conviction may be given at the trial for the subsequent offence, if the fact of the previous conviction is relevant under the provisions of the Indian Evidence Act, 1872."

S. HARVEY JAMES,
Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 13th February, 1891, and is hereby promulgated for general information:—

ACT NO. IV OF 1891.

An Act to amend the Code of Criminal Procedure, 1882.

X of 1882.

WHEREAS it is expedient to amend the Code of Criminal Procedure, 1882; It is hereby enacted as follows:—

Repeal of section 250, Act X, 1882.

1. Section 250 of the said Code is hereby repealed.

Enactment of new section in place of repealed section 250, Act X, 1882.

2. To the said Code the following shall be added, namely:—

Frivolous or vexatious accusations.

"560. (*1*) If, in any case instituted by complaint as defined in this Code, or upon information given to a police-officer or to a Magistrate, a person is accused before a Magistrate of any offence triable by a Magistrate, and the Magistrate by whom the case is tried discharges or acquits the accused and is satisfied that the accusation against him was frivolous or vexatious, the Magistrate may, in his discretion, by his order of discharge or acquittal, direct the person upon whose complaint or information the accusation was made to pay to the accused, or to each of the accused where there are more than one, such compensation, not exceeding fifty rupees, as the Magistrate thinks fit:

Provided that, before making any such direction, the Magistrate shall—

(*a*) record and consider any objection which the complainant or informant may urge against the making of the direction, and,

(*b*) if the Magistrate directs any compensation to be paid, state in writing, in his order of discharge or acquittal, his reasons for awarding the compensation.

(*2*) Compensation of which a Magistrate has ordered payment under sub-section (*1*) shall be recoverable as if it were a fine:

Provided that, if it cannot be recovered, the imprisonment to be awarded shall be simple, and for such term, not exceeding thirty days, as the Magistrate directs.

(*3*) A complainant or informant who has been ordered under sub-section (*1*) by a Magistrate of the second or third class to pay compensation to an accused person may appeal from the order, in so far as the order relates to the payment of the compensation, as if such complainant or informant had been convicted on a trial held by such Magistrate.

(*4*) Where an order for payment of compensation to an accused person is made in a case which is subject to appeal under sub-section (*3*), the compensation shall not be paid to him before the period allowed for the presentation of the appeal has elapsed, or, if an appeal is presented, before the appeal has been decided.

(*5*) At the time of awarding compensation in any subsequent civil suit relating to the same matter, the Court shall take into account any compensation paid or recovered under this section."

Repeal of part of section 552, Act X, 1882.

3. The words "or complained against" in the second paragraph of section 552 of the said Code are hereby repealed.

S. HARVEY JAMES,
Secretary to the Government of India.

Dangerous banks off Phelans point—Ping Yang inlet approach.

THE following Notice to Mariners, issued by the British Admiralty (No. 710 of 1890), is republished :—

Information has been received that a recent survey by Commander P. McGiffin of the Chinese Imperial Navy shows a dangerous bank lying about 2 miles in a north-west direction from Phelans point, in the southern approach to Ping Yang inlet by Febigers channel :—

This bank (*McGiffin bank*) extends about 3½ miles in a north-east and south-west direction, with a breadth of about 1¼ miles, and has a least depth of 3 feet on its north-east extreme and 10 feet on its south-west extreme, with a depth of about 12 feet between. The 3-feet spot lies with Phelans point bearing S.S.E., distant about 2½ miles ; and the 10-feet spot with that point bearing E. by S., distant about 2 miles. Between McGiffin bank and Phelans point, also to the south-westward, there are apparently no dangers.

Approximate position of 3-feet spot on Admiralty Charts, lat. 38° 25′ N., long. 124° 41′ E.

Also, that a bank, with a least depth of 3 feet, is shown in the approach to Febiger channel from the westward, lying with the west extreme of Choda island bearing N.E. by N., distant about 5 miles. About one mile eastward of the bank there is a depth of 3 fathoms, and one mile westward 10 fathoms.

Approximate position, lat. 38° 30′ N., long. 124° 38′E.

THE following Notice to Mariners, dated 30th December 1890, issued by the Colonial Government of Ceylon, is republished for general information.

CEYLON.

KALKUDA BAY.

Beacon on Vandeloos point.

IT is hereby notified that a beacon has been erected at the extreme end of Vandeloos point. It is visible from a ship's deck at a distance of 12 miles. It is dome-shaped, with a large ball at the top, the *whole being painted white.*

To clear the 8-foot patch of rock, which bears S. ¾ E., distance 1 mile from the beacon, two leading posts have been erected (each 40 ft. high), with tripods built at the top. These two marks brought in one bearing W. by N. clear the above named danger, the post nearest to the beach being painted *white* and the inner one *red.*

Anchorage.—Two leading posts have been erected to the N. W. corner of the bay and about a ¼ mile to the eastward of the rest-house. These two posts brought in one bearing will lead to the anchorage, where a red buoy is moored about ½ mile from the shore. These posts are 40 ft. high and visible 12 miles. There is a tripod erected at the top of each of these, the nearest one to the beach being painted *white* and the further one *red.*

CHINA.

Gap Rock and surrounding dangers.

All bearings magnetic. Scale, 1 cable or 200 yards.

The dangers in the vicinity of the Gap Rock consist of three submerged reefs marked on plan* *A*, *B*, and *C*: of these, *A* is the only one likely to prove dangerous to shipping.

A is situated due west from the flagstaff on the highest point of the island, distant ¾ of a cable, and ¼ a cable from the nearest point of the shore. It consists of three heads, and has 9 ft. least water upon it.

B is situated N. 18 W. from the flagstaff, $\frac{6}{10}$ of a cable distant, and about 30 yards from the nearest point of the island; it has 3 ft. of water upon it.

C is situated N. E. by N. ½ N. from the flagstaff, distant $\frac{9}{10}$ of a cable, and about 50 yards from the shore. It consists of two heads, the inner being awash and the outer having 7 ft. upon it. These appear to be all the dangers in the neighbourhood.

NOTE.—These positions, though sufficiently correct for all practical purposes, are not, strictly speaking, accurate, as the state of the weather prevented any instruments being landed. The shape of the island is taken partly from observation and partly from a sketch by the Engineer in charge of the works.

JAPAN.

Yojibei and Manaita beacons, Shimonoseki Straits.

Notice is hereby given that Yojibei and Manaita beacons in Shimonoseki straits have been converted into lighted beacons, and that the lights will be exhibited on and after the 15th instant.

The beacons are built of stone, circular, in horizontal section and surmounted by small lanterns.

Manaita beacon is painted in black and white horizontal bands, and will show a fixed white light visible through an arc of 270° between the bearings of N. 88° 35′ E. and N. 1° 25′ W.

Yojibei beacon is painted red, and will show a fixed red light visible through an arc of 270° between the bearings of S. 20° 58′ E. and N. 69° 2′ E.

The bearings are true, and as observed from the beacons.

The elevations of the lights above the level of high wate r spring tides wllbe 19 ft. and in clear weather they will be seen from a distance of 3 nautical miles.

NOTE.—The lights will be kept burning day and night by self-feeding arrangement without the attendance of a keeper. Should the lights go out by accident, there may be some delay in re-lighting them.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

⌓, dew ; o, overcast.

* Means of 6 days.

Explanation.—*Summary.*—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last

The Assmidity of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are taken numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

for the week ending Saturday, the 14th of February 1891.

ous years. The variations are *negative* when the mean for the week is less than the corresponding normal mean, and *positive* when greater.

denoting cloud amount represents the part of the sky covered, the whole sky being denoted by 10. Under the head District observations of rainfall the normal means ten years. The results of the district are the numerical average of the rainfall returns received in the district, *i.e.*, from total rainfall at the subdivisional

Explanation.—..... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are awaiting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 17th February* 1891.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING SATURDAY, THE 14TH OF FEBRUARY 1891.

At the close of the previous week a period of unusually pronounced cold weather conditions had set in over Bengal. A rather strong and steady north-westerly wind was blowing over the whole province, temperature was unusually low, the defects in the mean temperature at most stations ranging from 5° to 10°, and pressure was distinctly above the normal. This wave of cold winds had apparently been produced by a heavy fall of snow in the Himalayas, which had accompanied the breaking up of a rather severe storm in North-Western India. During the present week the most important meteorological changes which have take place have been to replace the abnormally low temperature by a period of distinct excess temperature, while the winds, instead of remaining of a steady north-westerly character, have become light in force and irregular in direction; thus giving conditions which usually occur at the close of the north-east monsoon or cold weather season. Throughout the whole week the mean temperature has risen day by day, by an average daily amount of one to three degrees, and at the close of the week temperatures were from 2° to 6° above the normal instead of from 5° to 10° below it as they were at the commencement. Fairly steady north-westerly winds continued to blow only for the 8th and 9th; on the 10th winds became northerly, and on the 11th at many stations they were north-easterly. On the 12th and 13th the winds become distinctly irregular in direction, and on the 14th the lightness and irregularity of the winds became more pronounced, while from the 12th the weather conditions were very slightly disturbed. During the whole of the first four days of the week there was a very decided increase of pressure, and on the 11th pressure was in excess by amounts usually ranging from a fifth to a sixth of an inch. From the 12th, however, a somewhat rapid fall of pressure set in, so that on the 14th pressure was generally in excess of the normal by only about a tenth of an inch. Weather continued fine, and there was absolutely no rain in any district up to the 11th, but with the setting in of the irregular winds, the skies clouded up to a considerable extent, and a few light and local rain showers were reported on the 12th and 13th in Chutia Nagpur in Orissa on the 13th and 14th, and on the 14th in some parts of South-West Bengal. These showers, however, were so few in number and so light, that they have been of no practical importance.

Pressure.—The mean pressure for the week has been largely in excess of the normal the excess at almost all stations equalling more than a tenth of an inch, while at some of the stations in South Behar the excess equals about a sixth of an inch.

Temperature.—As stated previously, temperature has been subject to a very considerable and steady increase during the week. The mean temperature, however, has not varied so very largely from the normal of the period. The mean temperature in North Bengal has been about two and-a-half degrees in excess of the normal, and in East Bengal in excess by half a degree, but all other districts have been in defect. The defect is from half to one degree in South-West Bengal and South Behar, and from one to two degrees in North Behar, Chutia Nagpur, and Orissa. For the whole province the variation of the mean temperature for the week has been a defect of nearly half a degree.

The distribution of temperature during the week and its variation from the normal are clearly seen in the table below, where the average maximum, minimum, and mean temperatures at nine typical stations in different districts of the province are compared with the normal values for the same period:—

Rainfall.—A few showers only have been received in Orissa, Chutia Nagpur and South-West Bengal, but the amounts do not average more than a few hundredths of an inch. Elsewhere the whole province has been rainless.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 14th of February 1891:—

MEMORANDUM.

Weekly statistics of births and deaths in twenty-seven of the principal towns of Bengal for the week ending with Saturday, the 31st January 1891.

BIRTHS.

THE total births registered during the week ending with Saturday, the 31st January 1891, in twenty-seven principal towns of Bengal, correspond to an annual rate of 24·5 per 1,000 of the aggregate population of those towns, which is 1,061,574. This rate is 3·1 higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years with which comparison is instituted, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90.	1891.
Ratio of births per 1,000 of the population per annum	21·3	22·3	20·6	20·9	21·7	21·4	24·5

The births registered in each of the last four weeks in each of the twenty-seven principal towns correspond to the following rates per 1,000 of the population :—

It will be seen that last week the highest birth-rate was returned from Serampore (45·1) and the lowest from Naraingunj (8 3). No births were registered during the week in Jessore town.

DEATHS.

The total deaths registered during the week under review correspond to an annual rate of 28· per 1,000 of the population. The rate of the week is 6·9 higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years with which comparison is instituted, *vide* the figures below :—

H. J. S. COTTON,
Secretary to the Govt. of Bengal.

Bye-laws.

1. "Road" in these rules means any road under the control of the District Board or any Local Board, and includes its slope, berm, and side-drains, and all land, the property of the said Board, attached to it.

2. Any person being in possession of, or having control over, any trees, bamboos, plants or hedges, obstructing, overhanging or overshadowing any road in such a manner as to render the said road unsafe or inconvenient for passengers, or overhanging or obstructing any public drain or sluice, or any drain which is connected with any public drain, and being required by a notice in writing signed by the Chairman or Vice-Chairman of the District Board to cut down, prune or tie such trees, bamboos, plants or hedges, shall neglect or omit to comply with the requisition within the period therein prescribed, shall be liable to a fine not exceeding Rs. 10 for each offence.

3. Any person tethering a horse, pony, mule, donkey, goat, sheep, pig or cattle on a road, or within reach of a road, or grazing or stalling any such animal on a road, shall be liable to a fine not exceeding Rs. 10.

4. Any person leaving a carriage or cart without a driver on a road, so as to cause inconvenience or danger to any person travelling on the road, shall be liable to a fine not exceeding Rs. 10.

5. Any person erecting a cattle-shed, cattle-trough, chabutra, hut, bandh, fence or other obstruction, or planting trees on a road without permission, shall be liable to a fine not exceeding Rs. 20.

6. Any person exposing articles for sale on a road, or stacking straw, indigo, bricks, wood, &c., or depositing rubbish, without the previous sanction of the Board, or in any other way obstructing a road, shall be liable to a fine not exceeding Rs. 10.

7. Any person excavating a hole on a road, or a hole, pit, tank, or well within 15 feet of the road, without the permission of the Chairman, shall be liable to a fine not exceeding Rs. 50.

8. Any person spreading clothes on the ground on a road, or putting anything else on the road so as to cause inconvenience to persons travelling, shall be liable to a fine not exceeding Rs. 5.

9. Any person making a channel, or conveying water by a channel across a public road except in such manner as may be prescribed by the Chairman, shall be liable to a fine not exceeding Rs. 10.

10. Any person who shall have been permitted by the Chairman to cut a channel across a road, and neglects to cover or re-fill the channel, so as to restore the road to its former condition, and any person who has the prescriptive right of keeping a channel open for carrying water and fails to keep it in proper order, thereby causing danger or inconvenience to the public, shall be liable to a fine not exceeding Rs. 10.

11. Any person obstructing a waterway adjoining a road, so as to injure or tend to injure such road, shall be liable to a fine not exceeding Rs. 10.

12. Any person cutting or damaging trees planted by or under charge of the District or Local Board, or doing any damage to any gabions or other defensive enclosure erected for the protection of the same, or damaging fences on any road, or scraping or uprooting grass on a road, shall be liable to a fine not exceeding Rs. 10.

13. Any person hereafter causing the rainfall off the roof to be discharged by means of a spout or other thing intended for the conveyance of water on a public road, without the permission of the Chairman, shall be liable to a fine not exceeding Rs. 5.

14. Any person owning or possessing a tree, house, wall or other erection, which has fallen, or part of which has fallen, on to a road, may be required by a notice from the Board to remove the tree, house, wall, erection, or such part of it as has fallen on to the road, and if he neglect to comply with such notice shall be liable to a fine not exceeding Rs. 20.

15. Any person steeping jute, hemp, hides, or other offensive matter in roadside drains, borrowpits, or excavations, shall be liable to a fine not exceeding Rs. 20.

16. Any person who cures hides within two hundred yards of any road shall be liable to a fine not exceeding Rs. 20.

17. Any person washing in, or fouling a tank, channel or well reserved for drinking purposes by the District or Local Board, shall be liable to a fine not exceeding Rs. 25.

18. Any person who, without the permission of the Chairman or Vice-Chairman of the District or Local Board, makes any excavation in, or cuts, or takes earth from, or ploughs any part of a road, shall be liable to a fine not exceeding Rs. 25.

19. Any person driving a bullock cart without springs on any part of a road except the likhs, so long as the latter exist and are in good order, shall be liable to a fine not exceeding Rs. 10.

20. Any person carrying bamboos or bullahs on a cart in such a manner as to scrape the road, or cause injury, annoyance or risk of injury to other travellers, shall be liable to a fine not exceeding Rs. 5.

21. Every elephant or camel proceeding on a road shall be provided with a bell; and any person owning, riding, driving or in charge of an elephant or camel on a road shall, if he is not so provided, be liable to a fine not exceeding Rs. 20.

22. The driver or person in charge of every elephant or camel on a road shall, on the approach of a carriage, cart, or horse remove the elephant or camel to such a distance from the road as to avoid all risk of accident, and if he fail to do this shall be liable to a fine not exceeding Rs. 20.

23. Any person driving an elephant over a bridge or culvert shall be liable to a fine not exceeding Rs. 50.

24. Any person riding or driving an elephant on a newly constructed road or in wet weather on any road so as to injure it, shall be liable to a fine not exceeding Rs. 50.

25. Any person committing a nuisance on a road shall be liable to a fine not exceeding Rs. 5.

26. Any person flying a kite on or over a road shall be liable to a fine not exceeding Rs. 5.

Dacca Collectorate, the 10th February 1891.

L. HARE, Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned revenue-free land, situate in the district of Pooree, declared an escheat to Government in their No. $\frac{2910}{1100}$ LR, dated 11th August 1890, will be put to sale at the Pooree Collectorate on 11th March 1891, corresponding with the 29th day of Falgoon, 1298 Umli. The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1*st.*—The revenue-free land to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale.

2*nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force : and purchasers to be bound to respect the rights of cultivators, if any.

3*rd.*—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th.*—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the land to be again put up to sale at the risk of the defaulting purchasers, after issue of advertisement as in the case of original sale :—

SIMONOSEKI STRAIT.

Lights on Manaita and Yodsibi beacons.

THE British Admiralty has given notice (No. 24 of 1891) that on 15th November 1890, lights would be exhibited on Manaita and Yodsibi (Yojibei) beacons, Simonoseki strait:—

1. Manaita beacon light is a *fixed white* light, visible through an arc of 270°, or from the bearing of S. 3° W., through north, to N. 87° W.; it is elevated 19 feet above high water, and should be seen in clear weather from a distance of 8 miles.

Manaita rocks beacon, built of stone, circular in shape, and painted black and white in horizontal bands, is surmounted by a small lantern.

Approximate position, lat. 33° 54′ 50″ N., long. 130° 53′ 50″ E.

2. Yodsibi beacon light is a *fixed red* light, visible through an arc of 270°, or from the bearing of N. 17° W., through east, to S. 73° W.; it is elevated 19 feet above high water, and should be seen in clear weather from a distance of 8 miles.

Yodsibi rock beacon, built of stone, circular in shape, and painted red, is surmounted by a small lantern.

Approximate position, lat. 33° 55′ 10″ N., long. 130° 55′ 35″ E.

NOTE.—The abovementioned lights are intended to burn day and night without the constant attendance of a keeper; should the lights be accidentally extinguished, there may be some delay in re-lighting them.

Triple flashing light on cape Santiago.

THE British Admiralty has given notice (No. 31 of 1891), that on the 15th December 1890 a light was exhibited from a light-house erected on the extreme of cape Santiago (about 65 yards northward of its south point), south-west coast of Luzon island, and northern shore of Verde island passage :—

Cape Santiago light is a *triple flashing white* light, the groups consisting of three consecutive flashes, separated by total eclipses, the duration of each flash is *four seconds*, the interval between the flashes is *two seconds*, and the interval between the groups of flashes is *twenty seconds*; it is visible through an arc of 232°, or from the bearing of S. 38° E., through north to west. The light is elevated 90 feet above the sea, and should be seen in clear weather from a distance of 16 miles.

The illuminating apparatus is catadioptric, or by reflectors and lenses of the fourth order.

The light-house, 51 feet high, consists of a brick tower in the shape of a truncated cone, surmounted by an iron turret and lantern painted white. The keeper's dwelling, also of brick, is situated northward of the tower.

Dangerous banks off Phelans point—Ping Yang inlet approach.

THE following Notice to Mariners, issued by the British Admiralty (No. 710 of 1890), is republished :—

Information has been received that a recent survey by Commander P. McGiffin of the Chinese Imperial Navy shows a dangerous bank lying about 2 miles in a north-west direction from Phelans point, in the southern approach to Ping Yang inlet by Febigers channel :—

This bank (*McGiffin bank*) extends about 3½ miles in a north-east and south-west direction, with a breadth of about 1½ miles, and has a least depth of 3 feet on its north-east extreme and 10 feet on its south-west extreme, with a depth of about 12 feet between. The 3-feet

spot lies with Phelans point bearing S.S.E., distant about 2¼ miles; and the 10-feet spot with that point bearing E. by S., distant about 2 miles. Between McGiffin bank and Phelans point, also to the south-westward, there are apparently no dangers.

Approximate position of 3-feet spot on Admiralty Charts, lat. 38° 25′ N., long. 124° 41′ E.

Also, that a bank, with a least depth of 3 feet, is shown in the approach to Febiger channel from the westward, lying with the west extreme of Choda island bearing N.E. by N., distant about 5 miles. About one mile eastward of the bank there is a depth of 3 fathoms, and one mile westward 10 fathoms.

Approximate position, lat. 38° 30′ N., long. 124° 68′E.

BANKA STRAIT APPROACH.

Non-existence of Ocean Mail shoal.

THE British Admiralty has given notice (No. 723 of 1890) that a close examination of the locality near the reported position of Ocean Mail shoal, in the approach to Banka strait from the southward, has been made in H. N. M. surveying vessel *Blommendal*; and that no indication of shoal water was found, the least depth in the vicinity being 7 fathoms.

Consequent on this examination, Ocean Mail shoal has been removed from the Admiralty Charts.

APPORTIONMENT OF TAXATION FOR THE MAINTENANCE OF THE METROPOLITAN FIRE-BRIGADE.

MUNICIPAL DEPARTMENT—MUNICIPAL.

Calcutta, the 18th February 1891.

RESOLUTION.

No. 282.

READ—

A letter from the Secretary to the Bengal Chamber of Commerce, dated 2nd December 1887, on the subject of the expenditure on the Metropolitan Fire-Brigade, and praying that steps may be taken to secure some relief to the jute industry, which at present is practically burdened with the whole cost of maintaining the Brigade.

A letter No. 77, dated 7th February 1890, from the Secretary to the Bengal Chamber of Commerce, on the same subject,

Letters from this Government, Nos M $\frac{1}{8}$ 3-5, dated 8th March 1890, to the Chairman of the Corporation of Calcutta, and to the Commissioners of the Burdwan and Presidency Divisions, forwarding a copy of the above correspondence, and requesting that the attention of the Municipal Commissioners concerned should be drawn to the provisions of the law under which they are empowered to contribute from Municipal funds for the maintenance of Fire-Brigade, and requesting that the result of their deliberations may be communicated to Government.

Letters from the Commissioner of the Burdwan Division, No. 311M and No. 323M, dated respectively the 20th and 30th June 1890, communicating the views of the Municipal Commissioners of Howrah on the subject.

A letter No 90J, dated 18th August 1890, from the Chairman of the Corporation of Calcutta, objecting to any proposal to burden Municipal funds with any portion of the expense of maintaining a Fire-Brigade.

A letter from the Commissioner of Police, Calcutta, No. 1466, dated 26th December 1890, forwarding an expression of his opinion on the points raised in the correspondence.

The budget estimate of receipts and expenditure of the Fire-Brigade for the year ending 31st March 1891.

THE receipts and expenditure of the Fire-Brigade according to the budget estimate of the current year may be summarised as follows:—

RECEIPTS.

	Rs.
Estimated balance, 31st March 1890	7,000
Contribution of 80 per cent. of fees levied on jute warehouses, &c., in Calcutta	21,120
Contribution levied in Cossipore-Chitpore	22,000
Contribution levied in Manicktollah	468
Contribution levied in Howrah	6,150
Fines under Jute Warehouse Act	100
Fees and fines under Petroleum Act	400
Total ...	57,438

EXPENDITURE.

	Rs.
Establishment and contingencies at Lall Bazar	30,352
Establishment and contingencies at Howrah	6,992
Establishment and contingencies at Bhowanipur, Watgunge, Palmer's Bridge, and Chitpore	10,546
	47,890
Probable balance, 31st March 1891	9,548
Total ...	57,438

2. It will be seen that virtually the whole cost of maintaining the Fire-Brigade is met from fees levied under the Jute Warehouse Act IV (B.C.) of 1883. It is not, indeed, the case that only jute and cotton warehouses are assessable under this law. The Brigade fund owes its origin to several disastrous fires which broke out in jute warehouses in 1871, and it was at one time contended that the whole burden of maintaining the Brigade should be borne by the jute industry; but this view was not accepted by the Legislature, and section 26 of Act V (B.C.) of 1879, which has since been reproduced in the present law as section 29 of Act IV (B.C.) of 1883, was specially enacted for the purpose of extending the law to other commodities. Under this section the Local Government may, on the recommendation of the Municipal Commissioners concerned, declare that the warehousing of any other fibre besides jute or cotton shall be subject to the provisions of the Act, and, as a matter of fact, the law has been extended to hemp and flax. These items are, however, of insignificant importance, and the license fees on warehouses in which these articles are stored are too small to afford any material relief. Under the orders of the Government of India, the net fees and fines realized in Calcutta under the Petroleum Act are, after payment of the expenses of working the Act, devoted to the support of the Fire-Brigade, but the receipts from this source are also very inconsiderable.

3. The present scale of fees for licensed warehouses in Calcutta is 10 per cent. on the assessed annual valuation of each warehouse, rising at even sums of Rs. 100 from Rs. 100 to the maximum of Rs. 2,000, but with a minimum charge of Rs. 50 per annum. In Howrah and the Suburban Municipalities a simple rate of 10 per cent. is imposed. Under section 5 of Act IV (B.C.) of 1883 these rates can be altered by the Local Government on the recommendation of the Commissioners at a special meeting, but not otherwise. Eighty per cent. of the fees are paid over to the Commissioner of Police for the maintenance of the Fire-Brigade, while 20 per cent. are set aside by the Municipalities concerned to provide for the proper inspection of the warehouses and for costs of collection.

4. The Bengal Chamber of Commerce have on more than one occasion brought to the notice of Government that the present arrangements are inequitable, and have urged that relief may be granted to the jute and cotton warehouses by throwing a portion of the cost of the Brigade on the general tax-payer. These representations have been forwarded by Government to the Municipalities concerned. It has been pointed out that the maintenance of a Fire-Brigade is an object in which all sections of the community are interested, and that, though the owners of premises which contain very inflammable goods are rightly required to contribute more largely to the support of the Brigade than ordinary householders, there seems to be no good reason why the amount contributed by the general tax-payer should not be determined with reference to the proportion of the whole work of the Fire-Brigade done in extinguishing fires within the Municipality. The attention of the Calcutta Commissioners

was invited to section 36 (1) of the Calcutta Municipal Consolidation Act II (B.C.) of 1888, and of the Commissioners of Howrah, Chitpore, Manicktolla, and South Suburban Municipalities to section 69 (8) of the Bengal Municipal Act III (B.C.) of 1884, under which the Commissioners are empowered to contribute from the Municipal fund for the maintenance of a Fire-Brigade, and the whole question of reducing the fees paid under the Jute Warehouse Act and contributing from Municipal funds to the cost of the Brigade was commended to the Commissioners for their careful consideration, with a request that the result of their deliberations might be reported to Government.

5. Upon these orders the Commissioners of the Chitpore, Manicktolla, and South Suburban Municipalities have not yet furnished any report. The Municipal Commissioners of Howrah have recorded a resolution that "the jute-pressing industry and owners of warehouses at present taxable under Act IV (B.C.) of 1883 are too heavily taxed for the maintenance of the Fire-Brigade, whereas docks, distilleries, baled cotton warehouses, roperies, timber yards, coal yards, traders in kerosine and other oils, and dealers in other inflammable materials, which are all represented in the Municipality, contribute nothing towards the Fire-Brigade." They therefore recommend that Government be asked to alter the Act so as to embrace these industries. They also point out that the Municipality pays the rent and taxes of a house for a Fire-Brigade station, and has made over 1¼ bighas as a site for a new fire station. It is explained that in their opinion no contribution should be paid by the general body of rate-payers towards the maintenance of the Fire-Brigade. The Commissioners of Calcutta also object to any portion of the cost being defrayed by the general rate-payer; they consider, on the contrary, that the Fire-Brigade should still be maintained by the jute industry, and adduce the following arguments in support of their opinion:—

(1) That 90 per cent. of the property destroyed by fire during the past four years (1886-89) belonged directly or indirectly to the jute and cotton interests.

(2) That the largest probable conflagration is that which determines the strength and cost of the Brigade, and that, inasmuch as the most serious fires are caused by jute or cotton, it is in fact this industry that raises the cost of the Brigade.

(3) That the Corporation supplies water for the extinction of fires, charging the Fire-Brigade only the actual cost of coal consumed in the pumping, and makes no charge for the labour and harassment which falls on the municipal officers at the pumping stations.

(4) That to require the Corporation to contribute to the support of an institution which it does not control would be a retrograde step, and contrary to the principles of local self-government.

6. The letter from the Chairman to the Corporation of Calcutta was forwarded by Government to the Commissioner of Police for an expression of his opinion. Mr. Lambert's reply, dated 26th December 1890, takes exception to the arguments put forward by the Municipal Commissioners. It is argued that of the fires which took place during the four years 1886—89, only 15 occurred in places licensed under the Jute Warehouse Act, against 123 fires in other places, and that the value of property destroyed by other fires almost equalled that destroyed by fires in licensed warehouses, the damage caused in jute fires being estimated at Rs. 8,70,810, against Rs. 7,64,265 in other fires. Mr. Lambert shows that the strength of the Brigade is in a great measure fixed with reference to the prevention of the spread of a conflagration, not from jute warehouses which are surrounded by high walls which confine the flames and minimise the danger of the fire spreading, but from bustees, wood yards, straw stacks, &c., where the risk of the conflagration extending to adjacent buildings is very great. The supply of water, he admits, is a benefit to the Brigade; but he observes that as a fact, out of the 138 fires which occurred during the four years, pipe water was used in 37 only. The Commissioner of Police also observes that a contribution from Municipal funds to the Fire-Brigade would not do greater violence to the principles of local self-government than the contributions now made by the Corporation to public hospitals or to the cost of surveying the town of Calcutta.

7. Mr. Lambert concludes his letter as follows:—

The jute industry was, it would appear, required in the first instance to contribute to the expense of maintaining an efficient Fire-Brigade, because jute warehouses and yards were

situated in the heart of the most populous parts of the city, and because loose jute was spread out and stacked in open yards often in close proximity to steam-engines. Open yards for the storage of jute were to be found in the wealthiest quarters of the town, and the danger arising from this condition of the trade laid upon that industry the burden of contributing to the support and eventually of solely supporting the Fire-Brigade. But this state of affairs has entirely changed during the past 18 years. The largest jute warehouses now lie outside the mercantile quarter of the city; loose jute is no longer stored in open yards; and jute-presses and warehouses are now substantial masonry buildings, well adapted to stop the spread of fire. At the present time there is infinitely less risk of the spreading of a fire in a jute warehouse than of a fire in a *busti* or the centres of the mercantile community in the native quarter of the town.

Previous to the year 1872, the expense of maintaining the Fire-Brigade fell solely on the Municipality; from 1872 to 1879 Insurance Companies, the jute industry, and the municipalities all contributed to the fund; from 1879 to 1883 the cost of the brigade was paid by the municipalities, which for this purpose received the fees on jute warehouses; from 1883 up to date the Fire-Brigade Fund has been maintained wholly from fees levied under the Jute Warehouse Act.

Thus, until the passing of the present Act, the municipalities were always to a certain degree responsible for the cost of the brigade; in the first instance they solely supported the brigade, and afterwards were required to contribute sufficient to cover any deficit that there might exist after the moneys realizable under the Act had been received. The Fire-Brigade affords protection to the property of the public, and it appears to me that the public should certainly be called upon to contribute to the support of the brigade. The necessity for licensing jute warehouses still remains, and it would not be advisable to relieve this industry of contributing largely to the Fire-Brigade Fund; nor does the Chamber of Commerce recommend such a measure. The brigade is a necessity to the jute industry and the general community alike. I am therefore of opinion that one moiety of the cost incurred in maintaining the Brigade should be contributed by the jute industry, and the other moiety by the Calcutta, Howrah, Chitpore and Cossipore, Manicktolla, and South Suburban Municipalities, in such proportions as the Government may think fit.

8. The Lieutenant-Governor has now given the papers, of which the substance has been recorded in this Resolution, his careful consideration, and, looking to the variety and conflicting character of the interests involved, as well as the importance of arriving at a decision which shall be accepted as fair and conciliatory by all concerned, deems it advisable to appoint a representative Committee for the discussion of the question in all its bearings. The statements which are furnished with the correspondence show that a very large fire occurred in 1888 in one of the Port Commissioners' warehouses, where gunny-bags were the chief articles consumed, and that the fires on ships and boats in port contribute materially to the work of the Brigade. It seems, therefore, that, notwithstanding the Port Commissioners keep up a fire-engine at their own expense, they might not improperly be called on to contribute for a portion of the cost of the Brigade's maintenance, and in order that their interests may be properly protected in any recommendation which the Committee may make, the Lieutenant-Governor considers that they should be represented at its sittings. The Chamber of Commerce and the Corporation of Calcutta will each of them be also asked to be good enough to nominate a representative. Mr. Lee, the Chairman of the Corporation of Calcutta, and Mr. Lambert, the Commissioner of Police, will be members of the Committee. The President of the Committee will be Sir Henry Harrison, whose long experience both as Commissioner of Police and Chairman of the Corporation specially qualify him for this position. The Committee appointed under these orders are requested to meet as soon as the members representing the Chamber of Commerce, the Calcutta Municipality, and Port Commissioners have been nominated, and to consider and prepare a scheme which shall reconcile, as far as possible, the conflicting views expressed in the correspondence, and to recommend for the approval of Government such apportionment of taxation for the maintenance of the metropolitan Fire-Brigade as may appear advisable. In making this recommendation, the liabilities and interests of the minor Municipalities concerned must not be lost sight of. The Lieutenant-Governor trusts that legislation will not be considered necessary, but if it is recommended, the Committee should indicate the direction which, in their opinion, it should take.

9. In the meantime the Fire-Brigade Budget for the year 1891-92 must be prepared by the Commissioner of Police in accordance with the existing practice and procedure.

By order of the Lieutenant-Governor of Bengal,

H. J. S. COTTON,

Secretary to the Government of Bengal.

REPORT ON THE STATE OF THE SALT MARKET FOR THE THIRD QUARTER OF 1890-91.

No. 108B, dated Calcutta, the 12th February 1891.

From—K. G. GUPTA, Esq., Secretary to the Board of Revenue, L.P.,
To—The Secretary to the Government of Bengal, Financial Department.

SALT.

HON'BLE SIR H. L. HARRISON, KT.

I AM directed by the Board of Revenue to submit the following report on the state of the salt market for the third quarter of 1890-91, comprising the months of October, November, and December 1890.

2. The quantity of salt of every description cleared during the quarter under report amounted to 24,74,138 maunds 11 seers 1 chittack, against 25,14,577 maunds 20 seers 8 chittacks in the previous quarter, and 24,38,503 maunds 14 seers 3 chittacks in the corresponding quarter of the previous year; and the net amount of duty levied thereon was Rs. 58,03,364-1, against Rs. 58,64,525-11 in the previous quarter, and Rs. 57,16,963-2 in the corresponding quarter of the previous year.

3. The quantity of excise salt sold in Orissa during the quarter under review and the quantity which remained in store at the close of the quarter are shown in table I:—

11. Table VI shows the market price per 100 maunds of Liverpool and other descriptions of salt at the close of each fortnight during the quarter as compared with those obtaining during the same period last year.

The fall in the price of salt during the current year is noteworthy. It is due to the high price in 1889 as the result of the action of the Salt Syndicate:—

* Means of 5 days. † Means of 6 days.

Explanation.—Summary.—The normal means of air pressure and temperature are the arithmetical average or means of the reading during the same period for the last [illegible]. The humidity of the atmosphere is expressed at percentage, saturated air being presented by 100. A clear sky is denoted by 0 and an overcast sky by 10. The numbers are the numerical means or average of the rainfall in that district determined from the returns sent in by the sub-divisional station for the period in question during the past [illegible] stations in the district sending in returns divided by the number of stations. A rainy day is one on which at least hundredth of an inch fell.

for the week ending Saturday, the 21st of February 1891.

Explanation.— ..... indicate that no rain has fallen. If the return for any day has not been received, the corresponding space is left blank. If any of the returns are wanting, the corresponding spaces in the total rainfall columns are left blank. With reference to the column of rainy days, the definition of a rainy day is when at least 0·1 inch of rain has fallen.

CALCUTTA, *the 24th February* 1891.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING SATURDAY, THE 21st OF FEBRUARY 1891.

At the close of the previous week light irregular winds had set in at many stations in Bengal, and the sky had clouded up and a few local showers had been reported. On the morning of the 15th a few unimportant local showers were again reported in Orissa and the neighbouring parts of South-West Bengal, but on this day conditions had generally become settled, the sky cleared, a steady north-westerly and westerly wind current was blowing over the whole province, and pressure was above the normal by amounts ranging up to a tenth of an inch, though temperature was also from one to three degrees above the normal. With the setting in of these settled conditions, pressure rose steadily for the next two days and became nearly a sixth of an inch in excess, while in the same period temperature fell by amounts ranging up to 5°, and it became distinctly below the normal. Winds, however, on the 17th and 18th fall off rapidly in strength and steadiness, and on the 19th a southerly wind had set in in the southern districts of Bengal, and there had been on the same day a rapid fall of pressure averaging 0·15 inch. It did not at first appear that this rapid fall was in any way connected with the formation of a depression over Northern India, but on the morning of the 20th a deep barometric depression appeared over Central Punjab which was attended by very steep surrounding baric gradients, and by a strong cyclonic circulation of winds The deep depression had advanced in a south-easterly direction by the morning of the 21st, when its centre was near Sirsa. Strong cyclonic winds continued to blow in connection with it, and at all stations in Bengal rather strong easterly and south-easterly winds were reported, forming part of the circulation. With the formation of the depression pressure continued generally to fall in Bengal, and on the 21st had become from three to four-hundredths of an inch below the normal. Temperature, on the other hand, continued to rise in Bengal in front of the depression by an average amount of one or two degrees on each of the last three days of the week, and the mean temperature became from three to seven degrees in excess Light, though by no means general, rain also set in over a considerable part of East Bengal on the 20th and 21st, while a few isolated showers generally accompanying thunderstorms were also reported from South-West Bengal and Orissa on the 21st, showing that the very disturbed conditions which existed over Northern India were beginning to make themselves felt in Bengal on these dates.

Pressure.—The variations of pressure during the week have been exceptionally large as indicated previously, but the mean pressure for the week has only been from about three to five-hundredths of an inch in excess of the normal, the excess being generally smallest in Behar, where at several stations it has been less than three-hundredths of an inch.

Temperature.—The temperature changes have also been large during the week, and it was generally falling slowly for the first three days and rising rather rapidly for the last four. Temperature has been from about half to one and-a-half degrees in excess of the normal in all districts except Chutia Nagpur where, on the other hand, there has been a defect of about half a degree.

The distribution of temperature during the week and its variation from the normal are clearly seen in the table below, where the average maximum, minimum, and mean temperatures at nine typical stations in different districts of the province are compared with the normal values for the same period:—

Rainfall.—The rainfall during the week has been of no practical importance The largest falls have been in East Bengal, but even here the average fall has only equalled 0·14 inch. Falls have also occurred in Orissa, South-West Bengal, and Chutia Nagpur, but in these districts the falls only average a few hundredths of an inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the province for the week ending Saturday, the 21st of February 1891 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard, Newman's No. 86, formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDUM.

Weekly statistics of births and deaths in twenty-seven of the principal towns of Bengal for the week ending with Saturday, the 7th February 1891.

BIRTHS.

THE total births registered during the week ending with Saturday, the 7th February 1891, in twenty-seven principal towns of Bengal, amounted to 476, and correspond to an annual rate of 23·3 per 1,000 of the aggregate population of those towns, which is 1,061,574. This rate is 1·6 higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years except 1890, *vide* the figures below :—

	1886.	1887.	1888.	1889.	1890.	Weekly average of five years, 1886-90.	1891.

It will be seen that last week the highest birth-rate was returned from Comillah (65·5) and the lowest from Bali (7·). No births were registered during the week in Chittagong and Purneah towns.

DEATHS.

The total deaths registered during the week under review amounted to 479, and correspond to an annual rate of 23·5 per 1,000 of the population. The rate of the week is 2·8 higher than the average rate of the corresponding week of the past five years, and is also higher than the rate of the corresponding week of any of the past five years except 1890, *vide* the figures below :—

TEXT-BOOKS FOR SCHOOLS IN ORISSA.

THE subjoined lists of text-books, authorised for use in middle and primary schools of which the vernacular is Uriya, are published for general information.

From the date of publication, middle schools of every class in Orissa, whether maintained or aided by Government or by District Boards, or competing for Government scholarships, are restricted to the use of the books included in the first list (A). Managers of schools will be at liberty to choose out of the list any books that they may prefer for use in the various classes of their schools, subject only to the following conditions:—

(*a*) The text-books that may be separately prescribed by the Department for the middle scholarship examination must be read in the first classes of middle schools for the year to which they refer.

(*b*) The separate orders prescribing special text-books in sanitary teaching for the different scholarship examinations are still in force.

With these exceptions, the selection of text-books from the authorised list, in every subject of every class, is henceforward left to the unrestricted choice of the managers of middle schools.

Primary schools are restricted henceforth to the use of the books included in the second list (B). Both lists will be subject to periodical revision.

A. CROFT,

Director of Public Instruction, Bengal.

CALCUTTA,
The 28th February 1891.

A. CROFT,
Director of Public Instruction, Bengal.

NOTIFICATION.

IN accordance with the Government of Bengal Notification of the 23rd July 1887, notice is hereby given that the next Half-yearly Examination of Compounders (male and female) will be held at 11 A.M. on Thursday, the 2nd April 1891, at the Campbell Medical School.

2. Every candidate must produce one of the following certificates:—

(*a*) From the Superintendent of a Vernacular Medical School that he has attended regularly for one year the compounder class of the school.

(*b*) From the legally-qualified medical manager of a chemist's and druggist's establishment, recognized by the Inspector-General of Civil Hospitals, Bengal, that he has been apprenticed for a period of three years in his establishment.

(*c*) From a Civil Surgeon that he has assisted in the dispensing of drugs at the sudder dispensary of a civil station for a period of five years.

3. Applicants must register their names and submit their certificates, together with a fee of Rs. 3, at least one week before the 2nd April 1891, at the office of the undersigned.

NOTE.—The students belonging to the compounder class of a vernacular medical school will be exempted from paying this fee on producing a certificate from the Superintendent that they have already paid the school entrance fee.

4. Should any candidate fail to pass the required examination, he will forfeit his fee.

N.B.—The attention of candidates is drawn to Rule 5, section (*b*) of the Government Notification of the 23rd July 1887, or paragraph 2(*b*) of this Notification, from which they will observe that the chemists' and druggists' establishments, from the legally-qualified medical managers of which they obtain the certificates, will have to be recognized by the Inspector-General of Civil Hospitals, Bengal, prior to the candidates applying to the Superintendent to register their names to appear at the examination.

Dacca Collectorate, the 10th February 1891.

L. HARE, Collector.

NOTICE is hereby given that the proprietary right of Government, as specified in the conditions of sale below, to the undermentioned revenue-free land, situate in the district of Pooree, declared an escheat to Government in their No. $\frac{9910}{11\text{th}}$ LR, dated 11th August 1890, will be put to sale at the Pooree Collectorate on 11th March 1891, corresponding with the 29th day of Falgoon, 1298 Umli. The purchasers will be subject to the following conditions of sale :—

Conditions of Sale.

1*st*.—The revenue-free land to be sold to the highest bidder above the upset price, which will be fixed by the Collector at the time of sale.

2*nd*.—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force : and purchasers to be bound to respect the rights of cultivators, if any.

3*rd*.—If the amount of purchase-money do not exceed Rs. 100, the whole amount to be paid down at once.

4*th*.—If the amount of purchase-money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If the balance be not paid by noon of the fifteenth day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale is to be cancelled (the sum deposited being forfeited to Government) and the land to be again put up to sale at the risk of the defaulting purchasers, after issue of advertisement as in the case of original sale :—

The Indian Law Reports.

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat, and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1889 the terms of subscription and sale will be as follows for current issues as well as for back numbers of the Reports from 1876:—

PART V.

Acts of the Governor General's Council assented to by the Governor General.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 27th February, 1891, and is hereby promulgated for general information:—

ACT NO. V OF 1891.

An Act to amend and supplement the Indian Ports Act, 1889.

WHEREAS it is expedient to amend and supplement the Indian Ports Act 1889; X of 1889. It is hereby enacted as follows:—

1. For clause (*a*) of section 6, sub-section (*1*), of the Indian Ports Act, 1889, the following shall be substituted, namely:— X of 1889.

Substitution of new clause for section 6 (*1*) (*a*), Act X of 1889.

"(*a*) for regulating the time and hours at and during which, the speed at which, and the manner and conditions in and on which, vessels generally, or vessels of any class defined in the rules, may enter, leave or be moved in any port subject to this Act;".

2. Any direction which, having been issued by a Local Government and published in an official Gazette, expressly purports, or may be reasonably held to have been intended, to be a rule under section 7, clause 8, of Act XXII of 1855, or under section 7, clause (*h*), of the Indian Ports Act, 1875, or under section 6, sub-section (*1*), clause (*h*), of the Indian Ports Act, 1889, or under any other law for the time being in force, with respect to the moving of vessels in any port which is at the commencement of this Act subject to the Indian Ports Act, 1889, shall, if the direction has not been cancelled by the Local Government by a notification in an official Gazette and could, after the commencement of this Act, be issued as a rule made under clause (*a*) of section 6, sub-section (*1*), of the Indian Ports Act, 1889, as amended by the foregoing section of this Act, be deemed to have been issued as a rule made under that clause. XII of 1875. X of 1889.

Saving of past rules respecting the moving of vessels in ports.

3. The expressions "port" and "vessel" in this Act have respectively the same meanings as in the Indian Ports Act, 1889. X of 1889.
